Competition , 2009-01-01 The Super Bowl Democrats vs Republicans Ford vs Chevy Bloods vs Crips Public vs private schools Sibling rivalries Competition permeates every aspect of our society and we place great confidence in its ability to allocate resources efficiently spur innovation and build personal character As others have argued competition is now a paradigm a conceptual framework that is often taken for granted but rarely challenged In this book experts examine competition from their own disciplinary perspectives From economics to philosophy biology to education and psychology to politics the origins and applications of this paradigm are placed in historical context its mechanics are analyzed and its costs

and benefits are assessed The questions addressed in this book are important and varied What is the historical genesis of the competition paradigm How is competition manifest in our culture in religion politics economics sports business and education and are its effects always beneficial What can we learn about the mechanics of competition from studying nature Are humans naturally competitive or is it a learned behavior How does competition affect our mental and physical well being Is competition the best strategy for allocating finite planetary resources to an expanding human population The book also engages a cooperative alternative and asks Is there an ethical tension between competition and cooperation Why have cooperative models been undervalued and marginalized Can cooperation increase innovation and efficiency This collection provides a broad insightful and productive examination of one of the dominant concepts of our time **Team of Teams**

Canada's Other Game Brian I. Daly,2013-09-09 The story of Canada s other game from its invention by a Canadian to its current struggle for popularity Basketball the only major world sport undeniably invented by a Canadian has ironically failed to win Canadians hearts more than a century after its creation James Naismith s brainchild is a popular recreational pastime

in his homeland but players with bigger dreams had better take their talents south of the border Canadian hoops has languished in the seemingly eternal shadow of hockey with its cannibalization of air time advertising dollars and corporate capital Faced with limited opportunities at home as many as 50 teenagers flock to U S prep schools and colleges every year to chase their dreams of college stardom and much less likely a shot at glory in the NBA Against all odds a skinny kid from Victoria named Steve Nash managed to reach the pinnacle of the sport with a whirling dervish style that earned him two MVP awards in the world s greatest league Today a new generation of Canadians stand poised to follow in Nash s path But will their success spark a renaissance back home This book chronicles basketball s struggle to overcome its history as a poor cousin in a hockey mad nation *Unrivaled* Jeff Goldberg,2015-03 For twelve years the women s basketball rivalry between UConn and Tennessee was the most iconic matchup in women s sports Even now twenty years since the annual series started the competition between these two storied programs still provokes heated argument and bitter resentment Led by Hall of Fame coaches Geno Auriemma and Pat Summitt UConn and Tennessee combined for nine national championships with the UConn Huskies winning five including four against the Tennessee Lady Vols In all UConn won thirteen of twenty two matchups during the rivalry and along the way the two coaches with distinctive and brash personalities and a shared determination to rule their sport clashed privately and publicly generating enough heat to make women s basketball relevant in the national sports landscape as never before On the court the two teams produced a series of memorable games from overtime thrillers to timeless classics that defined the sport Off the court the coaches encounters were often marked by their seemingly genuine dislike for each other until the conflict reached a breaking point in 2007 and Summitt stunned the basketball world by canceling the series for reasons neither side has ever revealed Now eight years after the last game *Unrivaled* uncovers the on court and behind the scenes story of this intensely personal rivalry between coaches players and the two most passionate fan bases women s sports has ever known *Prehistoric* Alex Wong,2023-10-24 The improbable story of the birth of modern day pro basketball in Toronto In just over 25 years the Toronto Raptors have evolved from an intrepid expansion team to an NBA champion But for all the triumphs of the past decade the beginning looked a bit different When the franchise began its first season in 1995 a pro basketball team in Toronto was viewed as an experiment There was no playbook to follow and very few people gave them a chance to succeed In *Prehistoric* irreverent Raptors voice and culture writer Alex Wong explores the franchise s fascinating and unconventional inception through 140 original interviews with those involved with the team s very beginning examining the process of how the team came up with their name and logo inspired by the blockbuster film *Jurassic Park* taking a behind the scenes look at the drafting of star point guard Damon Stoudamire telling the backstories of a group of misfits who formed the first year roster and providing an in depth look at the team s opening night victory at the SkyDome and the expansion franchise s signature win over Michael Jordan and a 72 win Chicago Bulls team The Raptors boldly and intentionally pursued a much different audience in a hockey first town The result

is a team who went through the necessary growing pains and eventually captured the heart of a city as told in this essential origin story through the lens of the people who were there to help lay the foundation for a thriving modern day basketball franchise in Toronto
