Near Eastern Studies Hans Goedicke, 1971-01-01 **An Exegetical Bibliography of the New Testament: Luke and Acts** Günter Wagner, 1983 **Religious Diversity in Ancient Israel and Judah** Francesca Stavrakopoulou, John Barton, 2010-04-15 This volume of essays draws together specialists in the field to explain illustrate and analyze this religious diversity in Ancient Israel **Making Pictures of War** Laura Battini, 2016-07-10 This book brings together the main discussions that took place at an international conference on the iconology of war in the ancient Near East a subject never addressed at an international meeting before **Ancient Israel in Sinai** James K. Hoffmeier, 2005-10-06 Hoffmeier finds evidence to support Biblical narratives for the years spent by the Israeli tribes in the wilderness explores alternative theories on the location of Mount Sinai Johannine Sabbath Conflicts as Juridical Controversy Martin Asiedu-Peprah, 2001 There is unanimity among Johannine scholars that one distinctive characteristic of the Fourth Gospel is the fact that the evangelist presents Jesus as caught in long drawn out juridical confrontations between himself and the Jews Martin Asiedu Peprah examines the two Sabbath conflict narratives in the Fourth Gospel from a narrative critical perspective and thus takes a fresh look at the Johannine juridical metaphor In doing so he attempts to pursue a three fold objective First he determines the precise nature of the juridical metaphor used in the two narratives and on the strength of it he undertakes a critical reading of the texts under study with the view to shedding new light on their meaning Then he examines the role of this specific juridical metaphor in the two narratives The question here is for what purpose and how is this specific juridical metaphor used within the narrative framework of the two narratives Finally he explores the historical setting of the two narratives and infers from it the social function the juridical metaphor would have played within the Johannine Sitz im Leben In the light of his results Martin Asiedu Peprah makes an attempt to examine very briefly the entire section of John 5 1 10 42 to see if the presence of the juridical controversy pattern in this section can throw light on one crucial issue in Johannine research namely the purpose of the Gospel in its present form Israel's Divine Healer Michael L. Brown, 1995 Israel s Divine Healer begins with a study of various Hebrew words on healing It then explores within the larger context of the Ancient Near Eastern religions the roles of medicine magic and the physician priest together with their possible influences upon Israel s beliefs and practices regarding healing Coming of Age in Medieval Egypt Eve Krakowski, 2019-03-19 Much of what we know about life in the medieval Islamic Middle East comes from texts written to impart religious ideals or to chronicle the movements of great men How did women participate in the societies these texts describe What about non Muslims whose own religious traditions descended partly from pre Islamic late antiquity Coming of Age in Medieval Egypt approaches these questions through Jewish women s adolescence in Fatimid and Ayyubid Egypt and Syria c 969 1250 Using hundreds of everyday papers preserved in the Cairo Geniza Eve Krakowski follows the lives of girls from different social classes rich and poor secluded and physically mobile as they prepared to marry and become social adults She argues that the families on whom these girls

depended were more varied fragmented and fluid than has been thought Krakowski also suggests a new approach to religious identity in premodern Islamic societies and to the history of rabbinic Judaism Through the lens of women's coming of age she demonstrates that even Jews who faithfully observed rabbinic law did not always understand the world in rabbinic terms By tracing the fault lines between rabbinic legal practice and its practitioners lives Krakowski explains how rabbinic Judaism adapted to the Islamic Middle Ages Coming of Age in Medieval Egypt offers a new way to understand how women took part in premodern Middle Eastern societies and how families and religious law worked in the medieval Islamic world

Wisdom Poured Out Like Water J. Harold Ellens, Isaac W. Oliver, Jason von Ehrenkrook, James Waddell, Jason M. Zurawski, 2018-10-22 This collection presents innovative research by scholars from across the globe in celebration of Gabriele Boccaccini's sixtieth birthday and to honor his contribution to the study of early Judaism and Christianity In harmony with Boccaccini's determination to promote the study of Second Temple Judaism in its own right this volume includes studies on various issues raised in early Jewish apocalyptic literature e g 1 Enoch 2 Baruch 4 Ezra the Dead Sea Scrolls and other early Jewish texts from Tobit to Ben Sira to Philo and beyond The volume also provides several investigations on early Christianity in intimate conversation with its Jewish sources consistent

with Boccaccini's efforts to transcend confessional and disciplinary divisions by situating the origins of Christianity firmly within Second Temple Judaism. Finally, the volume includes essays that look at Jewish-Christian relations in the centuries following the Second Temple period, a harvest of Boccaccini's labor to rethink the relationship between Judaism and Christianity in light of their shared yet contested heritage.

Babylonian Creation Myths Wilfred G. Lambert, 2013-10-03 For much of the last half of the twentieth century W. G. Lambert devoted much of his research energy and effort to the study of Babylonian texts dealing with Mesopotamian ideas regarding creation, including especially Enuma Elish. This volume, which appears almost exactly 2 years after Lambert's death, distills a lifetime of learning by the world's foremost expert on these texts. Lambert provides a full transliteration and translation of the 7 tablets of Enuma Elish based on the known exemplars as well as coverage of a number of other texts that bear on or are thought to bear on Mesopotamian notions of the origin of the world, mankind, and the gods. New editions of seventeen additional creation tales are provided, including Enmesharra's Defeat, Enki and Ninmah, The Slaying of Labbu, and The Theogony of Dunnu. Lambert pays special attention, of course, to the connection of the main epic Enuma Elish with the rise and place of Marduk in the Babylonian pantheon. He traces the development of this deity's origin and rise to prominence and elaborates the relationship of this text and the others discussed to the religious and political climate of Babylonia. The volume includes 70 plates, primarily hand copies of the various exemplars of Enuma Elish, and extensive indexes.

To See A Promised Land Lester I. Vogel, 2010-11-01 **A Theology of Justice in Exodus** Nathan Bills, 2021-03-03 This book traces the theme of justice throughout the narrative of Exodus in order to explicate how YHWH's reclamation of Israel for service worship reveals a distinct theological ethic of justice grounded in YHWH's character and Israel's calling within YHWH's creational agenda. Adopting a synchronic text-immanent interpretive strategy that focuses on canonical and inner-biblical connections, Nathan Bills identifies two overlapping motifs that illuminate the theme of justice in Exodus. First, Bills considers the importance of Israel's creation traditions for grounding Exodus's theology of justice. Reading Exodus against the backdrop of creation theology and as a continuation of the plot of Genesis, Bills shows that the ethical disposition of justice imprinted on Israel in Exodus is an application of YHWH's creational agenda of justice. Second, Bills identifies an educational agenda woven throughout the text. The narrative gives heightened attention to the way YHWH catechizes Israel in what it means to be the particular beneficiary and creational emissary of YHWH's justice. These interpretative lenses of creation theology and pedagogy help to explain why Israel's salvation and shaping embody a programmatic applicability of YHWH's justice for the wider world. This volume will be of substantial interest to divinity students and religious professionals interested in the themes of Exodus, exile, and return.
