Field Notes Zachary Lockman, 2016-03-30 *Field Notes* reconstructs the origins and trajectory of area studies in the United States focusing on Middle East studies from the 1920s to the 1980s Drawing on extensive archival research Zachary Lockman shows how the Carnegie Rockefeller and Ford foundations played key roles in conceiving funding and launching postwar area studies expecting them to yield a new kind of interdisciplinary knowledge that would advance the social sciences while benefiting government agencies and the American people Lockman argues however that these new academic fields were not simply a product of the Cold War or an instrument of the American national security state but had roots in shifts in the humanities and the social sciences over the interwar years as well as in World War II sites and practices This book explores the decision making processes and visions of knowledge production at the foundations the Social Science Research Council and others charged with guiding the intellectual and institutional development of Middle East studies Ultimately *Field Notes* uncovers how area studies as an academic field was actually built a process replete with contention anxiety dead ends and consequences both unanticipated and unintended

A History of Stability and Change in Lebanon Joseph Bayeh, 2017-06-30 Lebanon is a country whose domestic politics have even more than others in the region been at the mercy of changes on the international stage Having been under Ottoman and French rule in the nineteenth and early twentieth centuries the post World War II era has seen Lebanon subjected to Israeli Syrian and American interventions which have all threatened the country's stability as a state Joseph Bayeh argues that it is this international dimension which holds the key to an in depth understanding of the country In support of this argument Bayeh examines Lebanese history from its early days under the Ottomans to the present day in order to show how international shifts and conflicts have had their impact on Lebanon With changes such as the fall of the Ottoman empire the rise of US power after World War II the end of the Cold War and the new focus on the region in the aftermath of 9 11 Lebanon has at various junctures been bolstered or undermined Bayeh tracks all of this offering insights into the workings of Lebanon's domestic politics which will appeal to researchers of the international relations of the Middle East and Lebanon's political history
