Second International Handbook of Educational Leadership and Administration Kenneth A. Leithwood, P. Hallinger, 2012-12-06 The first International Handbook of Educational Leadership and Administration Leithwood et al was published in 1996 and quickly became something of a best seller for reference works within education Such success we suggest was at least partly due to the unprecedented global waves of concern for improving schools launched in the mid 1980's combined with a widespread belief in leadership as the single most powerful contribution to such improvement The roots of this belief can be found in evidence produced by the early effective schools research although there is a romance with leadership as an explanation for success in many non school enterprises as well During the two year period during which this current handbook was being written activity in the realms of school leadership school improvement

and leadership development gained further momentum The English government created its new National College of School Leadership and several Asian nations announced new initiatives in leadership selection preparation and development

Handbook of Research on Educational Leadership for Equity and Diversity Linda C. Tillman,James Joseph Scheurich,2013-08-21 The rapid growth of diversity within U S schooling and the heightened attention to the lack of equity in student achievement school completion and postsecondary attendance has made equity and diversity two of the principle issues in education educational leadership and educational leadership research The Handbook of Research on Educational Leadership for Equity and Diversity is the first research based handbook that comprehensively addresses the broad diversity in U S schools by race ethnicity culture language gender disability sexual identity and class The Handbook both highly values the critically important strengths and assets that diversity brings to the United States and its schools yet at the same time candidly critiques the destructive deficit thinking biases and prejudices that undermine school success for many groups of students Well known chapter authors explore diversity and related inequities in schools and the achievement problems these issues present to school leaders Each chapter reviews theoretical and empirical evidence of these inequities and provides research based recommendations for practice and for future research Celebrating the broad diversity in U S schools the Handbook of Research on Educational Leadership for Equity and Diversity critiques the inequities connected to that diversity and provides evidence based practices to promote student success for all children Developmental Planning for School Improvement David Hopkins,1995-01-01 This text represents the experiences from six English speaking countries in the field of school development planning There are chapters discussing staff development quality reviews and school organization and effectiveness School Improvement Decheng Zhao,2022-07-28 The book analyzes school improvement from the perspective of theory and practice in China By theoretically exploring definitions characteristics and models of school improvement the author develops and explains an effective set of criteria Ten cases of best practice are shared exploring different aspects of school improvement such as school development planning teacher human resource management and instructional leadership Integrating theory and practice the book further discusses the generation and application of best practice case studies It contributes to the knowledge of new management and practical innovation in the field of school improvement Policymakers educators managers researchers and all those interested in improving the quality of basic education will find this book helpful
