complete guide to horse ownership for new horse owners and long time horse owners alike The Language of Horse Racing Gerald Hammond, 2016-04-15 In dictionary form but offering much more than dictionary definitions The Language of Horse Racing presents a guide to the history development and usage of words and phrases employed on the racecourse by those who train and look after horses those who ride them and those who lose their money betting on them Here the reader will discover exactly what the distance is and why it is so called what the cap was in handicap what relation the wild goose chase had to the steeple chase what is dead about a dead heat and what the differences are between getting in getting on getting out and getting up The Language of Horse Racing also reveals the language of the racecourse including the bizarre vocabulary of betting from the betting boots that early bookies put on to the faces heads sharks and sharps who feed off the buzz and whisper that go round the ring People Training for Good Dogs Melissa Berryman, 2011-11 As a former animal officer Melissa Berryman witnessed every failure imaginable among dogs their owners and her community Drawing from these experiences and her knowledge of both human and canine behaviors Berryman created the People Training for Good Dogs program to help owners incorporate the canine point of view into dog owners handling skills Current understanding leads owners to believe that they must accept a passive role in the complex relationships they have with their dogs and their communities Berryman draws important contrasts between how we train horses and how we train dogs and she brings to light the consequences of expecting dogs to act and react as people do By offering insight into the importance of acknowledging and working with core canine social and behavioral drives Berryman provides owners with sound handling techniques Staying true to dogs instincts she offers a training method of positive and negative feedback that can dramatically improve any owner's level of control By speaking frankly about aggression and the very real potential for injury when dealing with a dog you can't communicate with she shares an accessible approach that anyone can use to defuse a potentially disastrous situation Written with humor and compassion People Training for Good Dogs will quickly show you how to use clear feedback in order to achieve off leash vocal control **Learning to ride as an adult** Erika Prockl, 2021-06-30 The usual daily stress of modern living means adults and very often even adolescents adopt tensed up and faulty postures which have a particularly negative effect on the horse Here is a modern riding manual with a completely new training concept specifically designed to counteract the problem A perfect loosening up programme with relaxes and eases Complex rider's movements are separated into individual movements for ease of practice These swinging circles can be practised in day to day situations as well on the physio ball the substitute horse Erika Prockl is a teacher in further education and a certified riding instructor Not having learned to ride as a child but as an adult she has personally experienced the suffering of the adult novice rider and learned from it This swinging training programme was developed in co operation with Eva Sogl a well known high level dressage instructor and has been applied successfully for several years This book should be required reading for every riding instructor and adult novice rider **Islam and Christianity Contrasted** Ed Ward, 2021 My first

exposure to Muslims was in 2005 in Morocco I enjoyed my visit and was surprised by the Berbers hospitality I was fascinated by the eagerness of Muslims to discuss God While sharing personal stories was important our conversations always concluded with talking about God Discussions about our faiths was the foremost topic of my conversations with Muslims Over the years I have compared the teachings of Islam with the Christian Scriptures I have found the narratives differing in detail and concepts conflicting in perspective These theological differences confirm that Islam and Christianity do not worship the same God For example the Quran teaches that Allah commanded angels to bow down to Adam at creation Satan refused and Allah banished him to the earth Qu 7 11 13 According to the Bible Yhwh would never command angels to bow down to man for only Yhwh is worthy of worship For an angel to bow down to man is idolatry I have observed many debates between Muslims and Christians Muslim debaters seldom stay on the agreed topic Instead they divert from the subject to ridicule and debase Christianity as foolishness I have found that while Muslims ask difficult questions of Christianity they never ask the same questions of Islam Islam and Christianity Contrasted will seek answers to those questions from the early Islamic sources and compare them with the teachings of the Bible The Quran early hadiths Islamic history and four established translations of the Bible will be consulted I hope that through Islam and Christianity Contrasted both Muslims and Christians will have a deeper understanding of one another s faith
