## **Schooling In The Light Of Popular Culture:**

**Schooling in the Light of Popular Culture** Paul Farber, Eugene F. Provenzo Jr., Gunilla Holm, 1994-06-28 Many factors contribute to the way individuals come to an understanding of what schooling is about and where it might be headed This book explores the role of popular culture in that process The authors illustrate how powerful and suggestive images and ideas about teachers learning and other aspects of schooling are constructed in the texts of various modes of popular culture As a basis for further inquiry the book describes important tendencies and patterns in the representation of aspects of schooling It also provides examples of analytical approaches and strategies for thinking about the significance of patterns with respect to questions of meaning power and pedagogy in schooling practices At the interface of educational and cultural studies the book encourages inquiry into mainstream popular culture and explores how this culture contributes to forms of discourse about the nature and direction of schooling

**Handbook of Research in the Social Foundations of Education** Steven Tozer, Bernardo P. Gallegos, Annette Henry, Mary Bushnell Greiner, Paula Groves Price, 2011-07-05 This groundbreaking volume helps readers understand the history evolution and significance of this wide ranging often misunderstood and increasingly important field of study

*Encyclopedia of the Social and Cultural Foundations of Education* Eugene F. Provenzo, Jr., 2008-10-29 More than any other field in education the social and cultural foundations of education reflect many of the conflicts tensions and forces in American society This is hardly surprising since the area focuses on issues such as race gender socioeconomic class the impact of technology on learning what it means to be educated and the role of teaching and learning in a societal context The Encyclopedia of the Social and Cultural Foundations of Education provides a comprehensive introduction to the social and cultural foundations of education With more than 400 entries the three volumes of this indispensable resource offer a thorough and interdisciplinary view of the field for all those interested in issues involving schools and society

**Key Features** Provides an interdisciplinary perspective from areas such as comparative education educational anthropology educational sociology the history of education and the philosophy of education Presents essays on major movements in the field including the Free School and Visual Instruction movements Includes more than 130 biographical entries on important men and women in education Offers interpretations of legal material including Brown v Board of Education 1954 and the GI Bill of Rights Explores theoretical debates fundamental to the field such as religion in the public school curriculum rights of students and teachers surveillance in schools tracking and detracking and many more Contains a visual history of American education with nearly 350 images and an accompanying narrative

**Key Themes** Arts Media and Technology Curriculum Economic Issues Equality and Social Stratification Evaluation Testing and Research Methods History of Education Law and Public Policy Literacy Multiculturalism and Special Populations Organizations Schools and Institutions Religion and Social Values School Governance Sexuality and Gender Teachers Theories Models and Philosophical Perspectives A Visual History of American Education

Cultural Foundations of Education: A-H ; 2, I-Z ; 3, Biographies, visual history, index Eugene F. Provenzo, John P. Renaud, Asterie Baker Provenzo, 2009 The Encyclopedia provides an introduction to the social and cultural foundations of education The first two volumes consist of A Z entries featuring essays representing the major disciplines including philosophy history and sociology and a third volume is made up of documentary photographic and visual resources

Hollywood Films about Schools: Where Race, Politics, and Education Intersect R. Chennault, 2006-03-31 What do the Hollywood school films of the 1980 s and 1990 s communicate about education and race This book looks at The Graduate Blackboard Jungle The English Patient Dead Poets Society Pulp Fiction Ghost The Wizard of Oz Top Gun and Forrest Gump to answer the question

**The State, Schooling and Identity** Kari Kantasalmi, Gunilla Holm, 2016-12-22 This book offers insights into the relationship between nation state and education by problematizing and analyzing the assumed straightforwardness of the role of education and schooling Placing the issue in very contemporary contested nation state structures like Scotland Catalonia Ukraine and Belgium These conflict situations and contested power relations are in a way some of Europe s internal North South struggles In addition the particular Nordic North South example of the Saami with their status as indigenous people recognized in international law is viewed in terms of their educational struggle for better consideration of their cultural features in Saami land crossing the Nordic states The book focuses on the Nordic countries often viewed as globally exemplary in their educational arrangements but casts deeper insight into Nordic education and points to problematic schooling issues in Northern Europe This volume presents somewhat unexpected views on European educational arrangements with regard to the European growing diversity

Schooling Readers Allison Speicher, 2016-07-15 Schooling Readers takes up a largely unexplored genre of fiction the common school narrative popular between 1830 and 1890 These stories both propagate and challenge the myth of the idyllic one room school and reveal Americans perceptions of and anxieties about public education many of which still resonate today

**Handbook of Emergent Methods** Sharlene Nagy Hesse-Biber, Patricia Leavy, 2013-10-15 Social researchers increasingly find themselves looking beyond conventional methods to address complex research questions This is the first book to comprehensively examine emergent qualitative and quantitative theories and methods across the social and behavioral sciences Providing scholars and students with a way to retool their research choices the volume presents cutting edge approaches to data collection analysis and representation Leading researchers describe alternative uses of traditional quantitative and qualitative tools innovative hybrid or mixed methods and new techniques facilitated by technological advances Consistently formatted chapters explore the strengths and limitations of each method for studying different types of research questions and offer practical in depth examples

**Taboo**, 2003

**The Oxford Handbook of Qualitative Research** Patricia Leavy, 2014 The Oxford Handbook of Qualitative Research presents a comprehensive and student friendly overview of the field of qualitative research and is intended for students of all levels faculty and researchers across the social sciences It provides strong focus on methods instruction with

coverage of theoretical approaches analysis writing evaluation and the politics of research      *American Education in Popular Media* S. Terzian,P. Ryan,2015-05-13 *American Education in Popular Media* explores how popular media has represented schooling in the United States over the course of the twentieth century Terzian and Ryan examine prevalent portrayals of students and professional educators while addressing contested purposes of schooling in American society

**Youth and Suicide in American Cinema** Alessandra Seggi,2022-10-27 This book explores the depiction of suicide in American youth films from 1900 to 2019 Anchored in Sociology this multidisciplinary study investigates the causes and consequences of suicide and uncovers the socio cultural context for the development of youth film and suicide While such cinematic portrayals seem to privilege external explanations of suicide versus internal or psychological ones overall they are neither rich nor sensitive Most are simplistic limited or at the very least unbalanced At times they are flatly controversial In light of this overall problematic depiction of suicide this book offers a proactive approach to empower young audiences a media literacy strategy to embrace while watching these films

**Handbook of the Sociology of Education in the 21st Century** Barbara Schneider,2018-10-10 This handbook unifies access and opportunity two key concepts of sociology of education throughout its 25 chapters It explores today s populations rarely noticed such as undocumented students first generation college students and LGBTQs and emphasizing the intersectionality of gender race ethnicity and social class Sociologists often center their work on the sources and consequences of inequality This handbook while reviewing many of these explanations takes a different approach concentrating instead on what needs to be accomplished to reduce inequality A special section is devoted to new methodological work for studying social systems including network analyses and school and teacher effects Additionally the book explores the changing landscape of higher education institutions their respective populations and how labor market opportunities are enhanced or impeded by differing postsecondary education pathways Written by leading sociologists and rising stars in the field each of the chapters is embedded in theory but contemporary and futuristic in its implications This Handbook serves as a blueprint for identifying new work for sociologists of education and other scholars and policymakers trying to understand many of the problems of inequality in education and what is needed to address them

**Taboo** ,2003      **Education and Masculinities** Chris Haywood,Mairtin Mac an Ghaill,2013-06-19 Argues that the relationship between education and masculinities needs to be considered within the bigger picture of local and global based changes in society

Postmodern Dilemmas Jan Jagodzinski,2019-08-22 In *Postmodern Dilemmas* Outrageous Essays in Art Art Education and Punk Deconstruction Experimental Writings in Art Art Education jan jagodzinski presents a series of essays covering a timespan of approximately ten years These essays chart the theory and practice of art art education as it relates to issues of

postmodernity and poststructuralism concerning representation identity politics consumerism postmodern architecture ecology phallocentrism of the artistic canon pluriculturalism media and technology and AIDS As a former editor of The Journal of Social Theory in Art Education and a founding member for the Caucus on Social Theory in Art Education the author attempts to deconstruct the current art education paradigm which is largely based on modernist tenets and to reorient art education practice to social issues as developed in both media education and cultural studies Part of the intent in these two volumes is to undertake a sustained critique of the 1982 Art in the Mainstream A I M statement which continues to be considered as the core value for art education The distinct intention of this critique is to put forward a new value base for art art education in these postmodern times Many of the essays raise the need to be attentive to sex gender issues in art art education and the need to read the artistic discourse otherwise There is a sustained critique of the art programs developed by the Getty Center for the Arts whose arts curriculum presents the paradigm case of late modernist thinking Some essays are written in a provocative form that tries to accommodate such content This is particularly the case in Pun k Deconstruction where architectural discourse is deconstructed and which includes an artistic performance given by the author in 1987 This singular set of volumes combines scholarship in the areas of gender studies aesthetics art history art education poststructuralism and cultural studies in a unique blend of theory and practice for rethinking the field of art education

**Origin and Significance of the Frankfurt School (RLE Social Theory)** Phil Slater, 2020-07-26 The term Frankfurt School is used widely but sometimes loosely to describe both a group of intellectuals and a specific social theory Focusing on the formative and most radical years of the Frankfurt School during the 1930s this study concentrates on the Frankfurt School s most original contributions made to the work on a critical theory of society by the philosophers Max Horkheimer and Herbert Marcuse the psychologist Erich Fromm and the aesthetician Theodor W Adorno Phil Slater traces the extent and ultimate limits of the Frankfurt School s professed relation to the Marxian critique of political economy In considering the extent of the relation to revolutionary praxis he discusses the socio economic and political history of Weimar Germany in its descent into fascism and considers the work of such people as Karl Korsch Wilhelm Reich Walter Benjamin and Bertolt Brecht which directs a great deal of critical light on the Frankfurt School While pinpointing the ultimate limitations of the Frankfurt School s frame of reference Phil Slater also looks at the role their work played largely against their wishes in the emergence of the student anti authoritarian movement in the 1960s He shows that in particular the analysis of psychic and cultural manipulation was central to the young rebels theoretical armour but that even here the lack of economic class analysis seriously restricts the critical edge of the Frankfurt School s theory His conclusion is that the only way forward is to rescue the most radical roots of the Frankfurt School s work and to recast these in the context of a practical theory of economic and political emancipation

*Race, Identity, and Representation in Education* Warren Crichlow, 2013-05-13 This stunning new edition retains the book s broad aims intended audience and multidisciplinary

approach New chapters take into account the more current backdrop of globalization particularly events such as 9 11 and attendant developments that make a reconsideration of race relations in education quite urgent Innovations in Teacher Education Clive Beck,Clare Kosnik,2012-02-01 This book offers a comprehensive social constructivist approach to preservice education Written in a clear accessible style it presents key principles of teacher education and concrete examples from eight successful programs in Australia Canada and the United States It extends constructivism beyond Piaget and Vygotsky to more recent theorists such as Barthes and Derrida indicating how such an approach can lead to engaging effective education Clive Beck and Clare Kosnik advocate an approach to teacher education that is highly original linking integration community components and inquiry to a degree not commonly found in preservice programs and they show in detail how to implement these elements
