Herring,Cressida Auckland**

Schooling Welfare And Parental Responsibility:

Schooling, Welfare and Parental Responsibility Michael G. Wyness, 2025-08-05 In the 1990s issues of child protection child abuse and delinquency had generated public and academic concerns over the ability of adults to underwrite the physical moral and social welfare of children At the same time recent educational reform had provoked debate around the shifting balance of power between those most involved in child development parents and teachers Originally published in 1996 *Schooling Welfare and Parental Responsibility* brings these two agenda together within a coherent theoretical framework and offers an empirical analysis grounded in perspectives of both parents and teachers The book draws on recent British European and North American research and provides the reader with an up to date account of the current state of affairs between parents and teachers at the time Within a context of recent educational and social policy reform and drawing on interview material from parents and teachers the author examines the common understandings of the concept of parental responsibility Debates on sex education the interventionist welfare state and the state of parental anxiety are explored through the accounts provided *Schooling Welfare and Parental Responsibility* is an eminently readable synthesis of theory policy and empirical data and today can be read by students teachers and welfare practitioners in its historical context

Schooling, Welfare, and Parental Responsibility, 1995 **Contesting Childhood**, Parental Rights and Responsibilities Harriet Churchill, 2011 Child welfare state welfare and parenting issues are high on the UK policy agenda this timely book examines recent policy developments parental perspectives about parenting and child rearing and parental rights to welfare state support **Resources in Education**, 1997 **Q & A Revision Guide Family Law 2013 and 2014** Ruth Gaffney-Rhys, Chris Barton, Mary Hibbs, Penny Booth, 2013-01-31 Q A Family Law offers a lifeline to students revising for exams It provides clear guidance from experienced examiners on how best to tackle exam questions and gives students the opportunity to practise their exam technique and assess their progress **Responsible Parents and Parental Responsibility** Rebecca Probert, Stephen Gilmore, Jonathan Herring, 2009-05-06 This book examines the idea of parental responsibility in English law and what is expected of a responsible parent The scope of parental responsibility a key concept in family law is undefined and often ambiguous Yet to date more attention has been paid to how individuals acquire parental responsibility than to the question of the rights powers duties and responsibilities they have once they obtain it This book redresses the balance by providing the first sustained examination of the different elements of parental responsibility bringing together leading scholars to comment on specific aspects of its operation The book begins by exploring the conceptual underpinnings of parental responsibility in the context of parents and children s rights The analysis highlights the inherent constraints and limitations of parental responsibility and how its scope has deliberately been curtailed in certain contexts The book then considers what parental responsibility allows and requires in specific areas for example naming a child education religious upbringing medical treatment corporal punishment dealing with any contracts entered into or

property owned by the child representing the child in legal proceedings consenting to a child's marriage or civil partnership and the law's response to the death of a child In the final section the idea of the responsible parent is considered in the contexts of child support contact tort and criminal law This title is included in Bloomsbury Professional's Family Law online service *Parenting and Inclusive Education* Chrissie Rogers, 2007-07-03 This tells of twenty four couples negotiating the emotional and practical journey of parenting their learning disabled child The author a researcher sociologist and mother of a learning disabled daughter questions the weak inclusive education discourse and unpacks parents narratives in relation to denial disappointment and social exclusion

Research on Schools, Neighborhoods and Communities William F. Tate, 2012-02-23 *Research on Schools Neighborhoods and Communities Toward Civic Responsibility* focuses on research and theoretical developments related to the role of geography in education human development and health William F Tate IV the Edward Mallinckrodt Distinguished University Professor in Arts Sciences at Washington University in St Louis and former President of the American Educational Research Association presents a collection of chapters from across disciplines to further understand the strengths of and problems in our communities Today many research literatures e g health housing transportation and education focus on civic progress yet rarely are there efforts to interrelate these literatures to better understand urgent problems and promising possibilities in education wherein social context is central In this volume social context in particular the unequal opportunities that result from geography is integral to the arguments analyses and case studies presented Written by more than 40 educational scholars from top universities across the nation the research presented in this volume provides historical moral and scientifically based arguments with the potential to inform understandings of civic problems associated with education youth and families and to guide the actions of responsible citizens and institutions dedicated to advancing the public good *Research on Schools, Neighborhoods and Communities* William F. Tate IV, 2012-02-23 *Research on Schools Neighborhoods and Communities Toward Civic Responsibility* focuses on research and theoretical developments related to the role of geography in education human development and health William F Tate IV the Edward Mallinckrodt Distinguished University Professor in Arts Sciences at Washington University in St Louis and former President of the American Educational Research Association presents a collection of chapters from across disciplines to further understand the strengths of and problems in our communities Today many research literatures e g health housing transportation and education focus on civic progress yet rarely are there efforts to interrelate these literatures to better understand urgent problems and promising possibilities in education wherein social context is central In this volume social context in particular the unequal opportunities that result from geography is integral to the arguments analyses and case studies presented Written by more than 40 educational scholars from top universities across the nation the research presented in this volume provides historical moral and scientifically based arguments with the potential to inform understandings of civic problems associated with education youth and families and to guide the actions of responsible

citizens and institutions dedicated to advancing the public good Fortin's Children's Rights and the Developing Law Jane Fortin, Rachel E. Taylor, 2024-02-29 This text considers the developing law in England and Wales as it applies to the burgeoning and confusing subject of the rights of children It examines the extent to which the emerging legal principles can be harnessed to fulfil those rights *Residential and Boarding Education and Care for Young People* Ewan W.

Anderson, 2005 Based on the latest research and reflecting the national drive towards evidence based standards this book offers a model which can be readily applied to training assessment of standards inspections and research and development

Departments of Labor, and Health, Education and Welfare, and Related Agencies Appropriations United States. Congress. Senate. Committee on Appropriations, 1966 Parental Rights, Best Interests and Significant Harms Imogen

Goold, Jonathan Herring, Cressida Auckland, 2019-11-28 This timely collection brings together philosophical legal and sociological perspectives on the crucial question of who should make decisions about the fate of a child suffering from a serious illness In particular the collection looks at whether the current best interests threshold is the appropriate boundary for legal intervention or whether it would be more appropriate to adopt the risk of significant harm approach proposed in Gard It explores the roles of parents doctors and the courts in making decisions on behalf of children actively drawing on perspectives from the clinic as well as academia and practice In doing so it teases out the potential risks of inappropriate state intrusion in parental decision making and considers how we might address them *Truancy and Schools* Ken

Reid, 2002-09-10 At present about one million pupils truant from their schools on a daily basis and this book examines why they do it The numerous reasons for truancing discussed are disadvantageous home backgrounds problems with settling in socially at school poor performance in school experiencing bullying in school not coping with the transition from primary to secondary schooling This book focuses on the social psychological and educational causes of truancy It examines recent research and gives many examples of good practice while also detailing the latest solutions for tackling this problem The text is for teachers heads of year and department heads senior school managers education welfare officers social workers educational psychologists parents and all those with an interest in educational policy and practice **The State, the**

Family and Education (Routledge Revivals) Miriam David, 2015-06-03 In *The State The Family and Education* first published in 1980 Miriam David provides an entirely new analysis of the relationship of the State to the family and education David shows how the State through its educational policies regulates family relationships with and within schools This book provides a welcome analysis of educational policy from a socialist feminist perspective re examining the ways in which women as parents teachers and pupils are involved in the education system This book will be of interests to students of education **Religious Schools v. Children's Rights** James G. Dwyer, 2018-08-06 Despair over the reported inadequacies

of public education leads many people to consider religious schools as an alternative James G Dwyer demonstrates however that religious schooling is almost completely unregulated and that common pedagogical practices in fundamentalist Christian

and Catholic schools may be damaging to children He presents evidence of excessive restriction of children's basic liberties stifling of intellectual development the instilling of dogmatic and intolerant attitudes as well as the infliction of psychological and emotional harms including excessive guilt and repression and especially among girls diminished self esteem Courts legal and political theorists and the public typically argue that families and religious communities are entitled to raise their children as they see fit and that the state must remain neutral on religious matters Dwyer proposes an alternative framework for state policy regarding religious schooling and other child rearing practices urging that the focus always be on what is best from a secular perspective for the affected children He argues that the children who attend religious schools have a right to adequate state regulation and oversight of their education States are obligated to ensure that such schools do not engage in harmful practices and that they provide their students with the training necessary for pursuit of a broad range of careers and for full citizenship in a pluralistic democratic society Education, Law and Diversity Neville Harris, 2020-01-09

This new edition of Education Law and Diversity provides extensive updated analysis from a legal perspective of how the education system responds to social diversity and how the relevant social and cultural rights of individuals and groups are affected It spans wide ranging areas of school provision including types of school including faith schools the school curriculum choice of school out of school settings and duties towards children with special needs and disabilities It gives extensive coverage to children's rights in the context of education and includes considerable new material on issues including relationships and sex education exclusion from school home education equal access counter extremism and academisation The new edition also retains and updates areas of debate in the book such as those concerned with multiculturalism and the position of religion in schools It continues to focus on England but also makes reference to other jurisdictions within the UK and internationally It is essential reading for anyone interested in the legal and related policy issues surrounding children's education today **Labor-Health, Education, and Welfare Appropriations for 1966**

United States. Congress. Senate. Committee on Appropriations, 1965 **Professional Ethics and Law in Education** Bruce Maxwell, Dianne Gereluk, Christopher Martin, 2022-12-06 Designed as a guide for pre service education students and in service teachers Professional Ethics and Law in Education A Canadian Guidebook provides an accessible and accurate source of information on the ethical and legal frameworks of the teaching profession while encouraging the examination of fundamental issues that underpin key debates in Canadian schooling and education Divided into four sections this guidebook is grounded in the idea that teacher professionalism requires a solid understanding of the ethical and legal expectations that society has of teachers Written for both the student and the professional this text is an essential companion to both aspiring and active teachers It provides clear guidance on how to navigate the complex regulatory framework of contemporary teaching while highlighting the indispensable contribution that individual judgment and shared values make to thoughtful informed and well reasoned decision making in teaching making it necessary reading for educators in Canada **FEATURES**

Each chapter includes an introduction a list of chapter objectives and highlights and review questions Contains supplementary readings additional resources and websites for further exploration and information Connects theory to practice through consideration of federal and provincial legal statutes case studies jurisprudence and codes of professional conduct
