**How to Colonize** Ross Donnelly Mangles,1842      **The Logbooks of the Lady Nelson** Ida Lee,2024-02-03 The Logbooks of the Lady Nelson is a historical work written by Ida Lee Published in 1915 the book focuses on the logbooks of the Lady Nelson a ship known for its exploration along the coasts of Australia in the early 19th century Ida Lee an Australian

author and maritime historian edited and annotated the logbooks of the Lady Nelson providing insights into the ship's voyages, discoveries and interactions with Indigenous peoples. The Lady Nelson played a significant role in the exploration of Australian waters during the period. For readers interested in maritime history, early Australian exploration and primary source documents from the age of sail, *The Logbooks of the Lady Nelson* offers a valuable resource shedding light on the challenges and discoveries made by this historic ship. *Combatting Corruption and Collusion in Public Procurement* Robert D. Anderson, Alison Jones, William E. Kovacic, 2024-03-06 Corruption in public procurement typically involves procurement decisions taken in favour of preferred bidders in exchange for improper compensation, the acceptance of bribes, for example, while supplier collusion refers to a type of cartel activity in which firms rig their bids in a tendering process. Although these practices are distinct, they frequently occur together in the public procurement context, reinforcing one another. *Combatting Corruption and Collusion in Public Procurement: A Challenge for Governments Worldwide* examines the causes of corruption and collusion in the public procurement sphere, its resulting harm, and how states can best try to combat these practices. This book provides a legal, economic and practical analysis of issues concerning corruption and supplier collusion in public procurement, both generally and in seven diverse and representative jurisdictions: the United Kingdom, the United States, Brazil, Hungary and Poland, Ukraine and Canada. It encompasses a discussion of both generic cross-jurisdictional issues and specific proposals for individual jurisdictions. It offers practical guidance on building robust regimes for combatting corruption and collusion in public procurement and how to bolster and improve them when they are faltering. The book stresses the need for a multi-faceted and joined-up approach to the problems, emphasizing the importance both of enhanced investment in the effective enforcement of anti-corruption and cartel laws and of increasing the resilience of public procurement systems to corruption and collusion through a range of measures. The relevance of the topic to the social and economic well-being of citizens and the survival of democratic governance is highlighted throughout the book. *Pioneering and Comprehensive: Combatting Corruption and Collusion in Public Procurement* provides a pathbreaking analysis of a range of global issues, making it an essential read for scholars, lawyers, government officials and representatives of international and non-governmental organizations around the world. **Yachting**, 1974-10 **Pete Culler on Wooden Boats**, 2007-11-09 BOATING Culler is a seminal figure in the field and his works are acknowledged as classics and are cited constantly in discussions of traditional boat building and design. This book features a foreword by Peter Vermilya, small craft curator of Mystic Seaport, Burke, who served for years as Culler's protégé and published a catalog of Culler's designs. *New Bedford Whaling NHP* United States.
