Alan Gould

Schoonermasters Dance:

The Representation of Dance in Australian Novels Melinda Jewell, 2011 This book is an analysis of the textual representation of dance in the Australian novel since the late 1890s It examines how the act of dance is variously portrayed how the word dance is used metaphorically to convey actual or imagined movement and how dance is written in a novelistic form The author employs a wide range of theoretical approaches including postcolonial studies theories concerned with class gender metaphor and dance and in particular Jung's concept of the shadow and theories concerned with vision Through these variegated approaches the study critiques the common view that dance is an expression of joie de vivre liberation transcendence order and beauty This text also probes issues concerned with the enactment of dance in Australia and abroad and contributes to an understanding of how dance is translated into literature It makes an important contribution because the study of dance in Australian literature has been minimal and this despite the reality that dance is prolific in Australian novels

Charlie Twirl Alan Gould, 2017 From the intrigue of his earlier poetry in fatalism and the mysteries of character Alan Gould's interest has moved to music In many of the poems in this book the folk songs or the homages to Vaughan Williams his enquiry is one of synaesthesia What is it we see when we hear In meditating on this the poet prefers the crisp accessible narrative voice to the philosophical Here are ballads and celebrations homages to past authors who have been his spiritual companions Graves Yeats Shakespeare and tributes to the Finnish resistance to Soviet aggression in 1939 The volume's title poem is a commemoration of the extraordinary and unknown Australian street dancer of VJ Day 1945 Series UWAP Poetry Subject Poetry
