Schubert His Life And Time:

Schubert Joseph Wechsberg,1977 **Schubert** Peggy Woodford,1980-01-01 Describes the Austrian composer Franz Schubert and the people and events which affected both his personal life and his music **Franz Schubert and His World** Christopher H. Gibbs,Morten Solvik,2014-11-11 The life times and music of Franz Schubert During his short lifetime Franz Schubert 1797 1828 contributed to a wide variety of musical genres from intimate songs and dances to ambitious chamber pieces symphonies and operas The essays and translated documents in Franz Schubert and His World examine his compositions and ties to the Viennese cultural context revealing surprising and overlooked aspects of his music Contributors explore Schubert s youthful participation in the Nonsense Society his circle of friends and changing views about the composer during his life and in the century after his death New insights are offered about the connections between Schubert s music and the popular theater of the day his strategies for circumventing censorship the musical and narrative relationships linking his song settings of poems by Gotthard Ludwig Kosegarten and musical tributes he composed to commemorate the death of Beethoven just twenty months before his own The book also includes translations of excerpts from a literary journal produced by Schubert s classmates and of Franz Liszt s essay on the opera Alfonso und Estrella In addition to the editors the contributors are Leon Botstein Lisa Feurzeig John Gingerich Kristina Muxfeldt and Rita Steblin **The Biography Book** Daniel S. Burt,2001-02-28 From Marilyn to Mussolini people captivate people A E s Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals *The Life and Times of Franz Peter Schubert* John Bankston,2019-12-05 Born just a few years after Mozart died Franz Schubert had a lot in common with the famous composer Schubert was also a gifted child who astonished adults with his musical ability As a teen Schubert was taught by one of Mozart s rivals And like Mozart Schubert s life ended prematurely and was filled with struggle Still while Mozart was celebrated across Europe Schubert was almost completely unknown until just a few years before his death The challenges of Schubert s life inspired his artmusic which is today performed across the world Schubert s life his challenges and his compositions are all reasons he is considered one of the greatest composers **Schubert's Goethe Settings** LorraineByrne Bodley,2017-07-05 The traditional approach to the study of Goethe and Schubert is to place them in opposition to one another both in terms of their life experiences and in relation to the nineteenth century Lied In her introduction to this book Lorraine Byrne examines the myths that have evolved around these artists and

challenges the view that Goethe was unmusical and conservative in his musical tastes She also considers Schubert's life in relation to his obvious affinity with the poet and links the composer's Goethe settings with the poet's perception of the Lied Goethe judged the success of a setting by whether the meaning of the text had been realised in musical form In his Goethe settings Schubert translates the poet's meaning into musical terms and his rendition attains the classical unity of words and music that Goethe sought The core of this volume is the series of individual analyses of all of Schubert's solo dramatic and multi voice settings of Goethe texts These explore in detail both the literary and the musical dimensions of each work and Schubert's reading and interpretation of Goethe's writings This is the first study in English to treat both artists with equal attention and insight This together with its encyclopaedic coverage of this important corpus of works makes this volume an essential reference tool for all those who study Schubert and Goethe *Schubert's Theater of Song* Mark Ringer, 2009-03

Robert Pattinson - The Biography Sarah Oliver, 2015-08-06 The Twilight Saga may have made R Patz a household name and earned him a spot on the bedroom walls of teenage girls around the world but long gone are the days when he was just seen as a very pretty face Named amongst TIME magazine's 100 Most Influential People and drawing critical acclaim for recent screen performances he is carving a formidable reputation as a serious actor artist and ambassador as well as a sex symbol Hailed as the next Jude Law when the supporting role of Cedric Diggory in Harry Potter and the Goblet of Fire fell to him it was only a matter of time before other major productions joined the hunt But after accepting the offer to play Edward Cullen in the first Twilight movie Robert couldn't have dreamt just how far into the spotlight he would be catapulted The series went on to gross over 2 billion worldwide and for the heartthrob star of the story opportunity knocked from every direction From supporting charities against child trafficking through selling his own artwork to campaigning to raise awareness of cancer it's clear he has a heart of gold to match a jawline of iron And with critically acclaimed performances in more mature movies like futuristic western *The Rover* and an Oscar bait role as T E Lawrence in *Queen of the Desert* on the horizon there can be no doubt that Robert Pattinson is set to be the modern day matinee idol of the decade

Schubert's Song Sets Michael Hall, 2017-11-22 This title was first published in 2003 From 1821 until his death Schubert compiled or specially composed for publication 42 song sets yet during his own lifetime and until now their integrity and importance as sets have been virtually ignored In this book Michael Hall asserts that these songs sets are not arbitrary collections as so often assumed but highly integrated works in their own right Approaching these songs as sets the book throws light on Schubert's largely undiscussed intellectual preoccupations They reveal that he was au fait with most of the philosophical concerns of his time especially those which touched on Romanticism But although the sets reflect Romanticism in their topics Hall maintains that they are the epitome of classical balance In encouraging students and performers to approach these songs as sets this study aims to alter perceptions of this important repertory
