Schubert Franz Schubert, 2006 Printable scanned images of more than 1200 pages of public domain music *Dictionary Catalog of the Music Collection* New York Public Library. Reference Department, 1964 **First Book for Pianists** Muzio Clementi, Judith K. Linder Schneider, 2005-05-03 Mastery of these pieces will give early intermediate to late Intermediate piano students valuable insight into the style and performance of the music of the Classical period specifically that of Clementi Editorial suggestions are in light print to clearly distinguish them from Clementi indications and include notations for fingering pedaling and metronome use **Vital Performance** Andrew Snedden, 2021-03-19 Historically Informed Performance or HIP has become an influential and exciting development for scholars musicians and audiences alike Yet it has not been unchallenged with debate over the desirability of its central goals and the accuracy of its results The author suggests ways out of this impasse in Romantic performance style In this wide ranging study pianist and scholar Andrew John Snedden takes a step back examining the strengths and limitations of HIP He proposes that many problems are avoided when performance styles are understood as expressions of their cultural era rather than as simply composer intention explaining not merely how we play but why we play the way we do and why the nineteenth century Romantics played very differently Snedden examines the principal evidence we have for Romantic performance style especially in translation of score indications and analysis of early recordings finally focusing on the performance styles of Liszt and Chopin He concludes with a call for the reanimation of culturally appropriate performance styles in Romantic repertoire This study will be of great interest to scholars performers and students to anyone wondering about how our performances reflect our culture and about how the Romantics played their own culturally embedded music **Pavane pour une infante d'Espagne** Maurice Ravel, Maurice Hinson, 2005-05-03 This nicely spaced very readable edition of the beautiful Ravel piece is especially well notated and comes with historical notes and suggestions for performance by the composer himself *30 New Studies in Technique, Op. 849* Carl Czerny, Willard A. Palmer, 2005-05-03 Because it deals effectively and practically with technical problems found in virtuoso keyboard music Op 849 has remained one of the most widely used of Czerny's collections Each of the 30 exercises for advanced level pianists is preceded by instructions on how it should be played and the specific goal of that exercise This book is a necessary tool for practicing pianists 64 pages **Piano & Keyboard**, 2001 **Andante and Rondo Capriccioso, Op. 14** Felix Mendelssohn, Maurice Hinson, 2005-05-03 A complete and informative performance oriented edition of this sparkling Mendelssohn work Detailed performance and background notes are also provided A must for all serious piano students *100 Progressive Studies without Octaves, Op. 139* Carl Czerny, Maurice Hinson, 2005-05-03 Op 139 begins with an easy level of pieces and gradually increases to a moderately difficult level Some of the technical devices in these pieces include right hand melody with left hand accompaniment diatonic and chromatic scalar and arpeggio figurations syncopated melodies and trills Many of the studies can be transposed into other keys and practiced at varied

tempos The Gramophone ,2000 *6 Sonatinas, Op. 54* Cornelius Gurlitt, Willard A. Palmer, 2005-05-03 These six intermediate level sonatinas generally follow the traditional three movement form sonata allegro slow movement and rondo Containing an excellent blend of Classical and Romantic period harmonies and lyric motives the sonatinas lie well under the hands A fresh alternative to Clementi's Sonatinas Op 36 and Diabelli's Sonatinas Opp 151 and 168 **15 Etudes, Op. 72** Moritz Moszkowski, Maurice Hinson, 2005-05-03 Polish composer Moritz Moszkowski 1854-1925 wrote brilliant piano music similar to the early Romantic style of Chopin Mendelssohn and Schumann Written for advancing pianists each etude is a study in drama mood and expression as well as finger technique Hinson's edition contains a biographical sketch of the composer a discussion of his style and a helpful performance analysis of each etude **Classic CD.** ,2000 *Four-Handed Monsters* Adrian Daub, 2014-05-01 In the course of the nineteenth century four hand piano playing emerged across Europe as a popular pastime of the well heeled classes and of those looking to join them Nary a canonic work of classical music that was not set for piano duo nary a house that could afford not to invest in them Duets echoed from the student bedsit to Buckingham Palace resounded in schools and in hundreds of thousands of bourgeois parlors Like no other musical phenomenon it could cross national social and economic boundaries bringing together poor students with the daughters of the bourgeoisie crowned heads with penniless virtuosi and the nineteenth century often regarded it with extreme suspicion for that very reason Four hand piano playing was often understood as a socially acceptable way of flirting a flurry of hands that made touching often of men and women not just acceptable but necessary But it also became something far more serious than that a central institution of the home mediating between inside and outside family and society labor and leisure nature and nurture And writers composers musicians philosophers journalists pamphleteers and painters took note in the art literature and philosophy of the age four hand playing emerged as a common motif something that allowed them to interrogate the very nature of the self the family the community and the state In the four hands rushing up and down the same keyboard the nineteenth century espied or thought to espy an astonishing array of things Four Handed Monsters tells not only the story of that practice but also the story of the astonishing array of things the nineteenth century read into it *The Etude* ,1900 **International Piano** ,2008 **The Musician** ,1898 *24 Character Preludes* Dennis Alexander, 2005-05-03 This collection of preludes in all major and minor keys contains a wealth of pedagogical challenges for the late intermediate to early advanced level student Each prelude is designed to explore one or more pianistic problems and serves as excellent preparatory repertoire for the more complex character pieces of the great masters of the nineteenth and twentieth centuries The sounds of Bach Mendelssohn Schumann Rachmaninoff Debussy Ravel Gershwin Prokofieff and Copland are echoed in the pieces in this collection **Schwann Opus** ,2001 *The Art of the Piano* David Dubal, 1990
