Science Fiction Cinema From Outerspace To Cyberspace:

Science Fiction Cinema Geoff King, Tanya Krzywinska, 2000 This book charts the dimensions of one of the most popular genres in the cinema From lurid comic book blockbusters to dark dystopian visions science fiction is seen as both a powerful cultural barometer of our times and the product of particular industrial and commercial frameworks The authors outline the major themes of the genre from representations of the mad scientist and computer hacker to the relationship between science fiction and postmodernism exploring issues such as the meaning of special effects and the influence of science fiction cinema on the entertainment media of the digital age Over one hundred films are discussed and the book concludes with an extensive case study of Star Wars I The Phantom Menace

Screenplay Geoff King, Tanya Krzywinska, 2002 Hollywood film franchises are routinely translated into games and some game titles make the move onto the big screen This collection investigates the interface between cinema and games console or PC

Soviet Science Fiction Cinema and the Space Age Natalija Majsova, 2021-04-28 This book interrogates the relations between nostalgias of today and past utopias in the context of the space age of the 20th century and its cinematic representations in the USSR and in post Soviet Russia Once an enthusiastic projection then a promising and uncanny present and eventually an assemblage of nostalgic signifiers in the history of world cinema this space age has been linked primarily to the genre of science fiction Here aspects of the space age such as humanity's imminent expansion to space interplanetary travel contact with extraterrestrial intelligence and intergalactic governance and economy were both celebrated and critically interrogated as cosmopolitan ideals and nation branding strategies This book presents the contemporary relevance of this genre as heritage and legacy archive and canon and a nest of forgotten ideals and warnings as well as nostalgic anchoring points The author analyzes over 30 Soviet science fiction films foregrounding their structures of utopia and their evolution over time in order to trace both their transnational positionalities transmedial resonance and impact on post Soviet Russian films about the space age Concepts crucial to the understanding of space futures of the past such as utopianism otherness liminality and nostalgia are activated to draw out the fictional tenants of the memory of the Soviet space age and to establish the limits and potentialities of Soviet extra-terraformative ambitions

100 Science Fiction

Films Barry Keith Grant, 2019-07-25 A comprehensive guide to science fiction films which analyzes and contextualizes the most important examples of the genre from *Un voyage dans la lune* 1902 to *The Road* 2009 **Dystopia and Dispossession in the Hollywood Science Fiction Film, 1979-2017** Harry Warwick, 2023-02-15 Offering a survey of Hollywood science fiction cinema from 1979 to 2017 from Ridley Scott's *Alien* to Denis Villeneuve's *Blade Runner 2049* *Dystopia and Dispossession in the Hollywood Science Fiction Film* argues that the trajectory of Hollywood's dystopianism in that period is inextricable from the phenomenon of the new enclosures the new dispossessions and privatisations sweeping across the United States since the 1970s More precisely it contends that the critiques of such dispossessions elaborated before the turn of the century consider the satire of private policing in *RoboCop* 1987 the portrayal of commodified air in *Total Recall* 1990 and the nightmarish extrapolations of postmodern urbanism in *Blade Runner* 1982 and *The Truman Show* 1998 begin to disappear in films such as *The Matrix* 1999 *The Island* 2005 *District 9* 2009 *Repo Men* 2010 and *The Purge* 2013 the further commodification of land forest reservoir ideas even the human genome having diminished the contrast between capitalist and non capitalist spaces on which the earlier critiques depended Bringing close readings of blockbuster films into dialogue with historical and theoretical scholarship on dispossession *Dystopia and Dispossession in the Hollywood Science Fiction Film* proposes a new understanding of the politics of science fiction in particular and utopian thought in general **Militarizing Outer Space** Alexander C.T. Geppert, Daniel Brandau, Tilmann Siebeneichner, 2020-12-02 *Militarizing Outer Space* explores the dystopian and destructive dimensions of the Space Age and challenges conventional narratives of a bipolar Cold War rivalry Concentrating on weapons warfare and violence this provocative volume examines real and imagined endeavors of arming the skies and conquering the heavens The third and final volume in the groundbreaking *European Astroculture* trilogy *Militarizing Outer Space* zooms in on the interplay between security technopolitics and knowledge from the 1920s through the 1980s Often hailed as the site of heavenly utopias and otherworldly salvation outer space transformed from a promised sanctuary to a present threat where the battles of the future were to be waged *Astroculture* proved instrumental in fathoming forms and functions of warfare's futures past both on earth and in space The allure of dominating outer space the book shows was neither limited to the early twenty first century nor to current American space force rhetorics **Female Robots and AI in Science Fiction Cinema** Rebecca L. Jones, 2025-08-13 This book is the first comprehensive overview of the history of female presenting AI and robots in US and UK live action science fiction films from 1949 to 2023 It offers an original taxonomy that aids in the examination of 80 films and over 135 characters representations starting with *The Perfect Woman* 1949 and ending with *Robots* 2023 Using its representational taxonomy this book analyses the evolution of these depictions showing the continuations revisions and shifts in the depiction of female presenting AI and robots from objectified eroticised subordinated things to being autonomous moral agents who assert their right to equality and refuse their abusive typically sexual use This book shows how these fictional gendered constructions are products of a heterosexual cisgender

male fantasy of an idealised subordinated form of femininity These artificial characters along with their real world counterparts highlight a desire for a subordinated femininity but also show how that subordination is a social construction often reinforced and countered in onscreen depictions By examining the trends within its asserted Galatea Girlfriend Mother and Deadly Seductress types this book presents an exploration of what our female presenting artificial creations could be while addressing their contemporary and our current AI technologies and how science fiction is influencing real life while our reality seeks to mirror science fiction

The Palgrave Handbook of Posthumanism in Film and Television Michael Hauskeller, Curtis D. Carbonell, Thomas D. Philbeck, 2016-01-13 What does popular culture's relationship with cyborgs robots vampires and zombies tell us about being human Insightful scholarly perspectives shine a light on how film and television evince and portray the philosophical roots the social ramifications and the future visions of a posthumanist world

The World Is Born From Zero Cameron Kunzelman, 2022-07-18 The World is Born From Zero is an investigation into the relationship between video games and science fiction through the philosophy of speculation Cameron Kunzelman argues that the video game medium is centered on the evaluation and production of possible futures by following video game studies media philosophy and science fiction studies to their furthest reaches Claiming that the best way to understand games is through rigorous formal analysis of their aesthetic strategies and the cultural context those strategies emerge from Kunzelman investigates a diverse array of games like The Last of Us VA 11 Hall A and Civilization VI in order to explore what science fiction video games can tell us about their genres their ways of speculating and how the medium of the video game does or does not direct us down experiential pathways that are both oppressive and liberatory Taking a multidisciplinary look at these games The World is Born From Zero offers a unique theorization of science fiction games that provides both science fiction studies and video game studies with new tools for thinking how this medium and mode inform each other

Cultural Studies and Environment, Revisited Phaedra. C Pezzullo, 2013-10-31 The environment is perhaps most misunderstood as a static place somewhere out there separated from the practices of our everyday lives Given this assumption environmental movements and concerns have remained mostly marginalized or denigrated in cultural studies publications conferences and presentations Recent global developments have made changing this oversight and at times direct resistance to engaging environmental concerns a new priority This edited collection illustrates an appreciation of the dynamic palpable and significant ways the environment permeates culture and vice versa as well as a collective commitment to the ways that cultural studies has more to offer and to learn from taking environmental matters to heart Like foundational categories of identity economics and historical context this collection reminds us why the environment is and should be considered relevant to any work done in the name of cultural studies Including research from four continents and across media the authors offer insights on timely topics such as food tourism human animal relations forests queer theory indigenous rights and water This book was published as a special issue of Cultural Studies

Star Wars in the Public

Square Derek R. Sweet,2015-12-01 Speculative science fiction with its underlying socio political dialogue represents an important intersection of popular culture and public discourse As a pop culture text the animated series Star Wars The Clone Wars offers critical commentary on contemporary issues marking a moment of interplay whereby author and audience come together in what Russian philosopher Mikhail Bakhtin called collaborative meaning making This book critically examines the series as a voice in the political dialogues concerning human cloning torture just war theory peace and drone warfare

Wells Meets Deleuze Michael Starr,2017-05-21 The writings of H G Wells have had a profound influence on literary and cinematic depictions of the present and the possible future and modern science fiction continues to be indebted to his scientific romances such as The Time Machine The War of the Worlds and The Island of Doctor Moreau Interpreted and adapted for more than a century Wells s texts have resisted easy categorization and are perennial subjects for emerging critical and theoretical perspectives The author examines Wells s works through the post structuralist philosophy of Gilles Deleuze Via this critical perspective concepts now synonymous with science fiction such as time travel alien invasion and transhumanism demonstrate the intrinsic relevance of Wells to the genre and contemporary thought **Tokyo Cyberpunk**
