Smith,2023-11-16 *Postcolonial Naturalism* proposes an innovative periodizing schema for historicizing contemporary Anglophone fiction Engaging and revising the materialist paradigm of the Warwick Research Collective s concept of world literature Fredric Jameson s mapping of modernity s cultural periods and Christopher L Hill s positing of a transnational naturalism Eric D Smith theorizes postcolonial naturalism as a structurally determined cultural logic rather than as a literary technique or style Supported by careful theoretically and critically sophisticated analyses of exemplary literary works this important intervention invites us to reconsider the living history of aesthetic naturalism as well as its social and political implications for the practice of world literature in the aftermath of anticolonial resistance      **Book History Through Postcolonial Eyes** Robert Fraser,2008-08-18 This surprising study draws together the disparate fields of postcolonial theory and book history in a challenging and illuminating way Fraser illustrates his combined approach with comparative case studies of print script and speech cultures in South Asia and Africa      500 Walks with Writers, Artists and Musicians Katherine Stathers,2021-03-16 Explore the diverse cultural and historical legacy of the world s greatest writers artists and

**Thresholds of Western Culture** John Burt Foster, Jr.,Wayne Froman,2003-01-01 Thresholds of Western Culture explores identity postcoloniality and transnationalism three closely related issues which redefine contemporary cultural identity The book opens with an analysis of subjectivity and the cultural meltdown that accompanied fascism in the West The situation in Africa is then explored which while recalling modernity s dark side highlights the intricacy of postcolonial identity Post Soviet Eastern Europe presents a separate case of neglected postcoloniality which emphasizes how ethnocentrism and cultural tensions have exposed the fragility of transnationalism The book concludes with an examination of East Asia a region which offers transnational options potentially much more fruitful than Balkanization *Letters to my Native Soil* Lindy Stiebel,Therese Steffen,2014 Lewis Nkosi s influence as both a South African writer and critic has been profound His significance stems from the fact that he was one of the very few surviving members of the Drum generation of writers of the 1950s one who continued to write throughout the apartheid and post apartheid decades As an author of plays critical essays and novels Nkosi s voice is preserved in Letters to My Native Soil which collects correspondence between the

writer and others and provides a valuable insight into a working writer's life in Europe and at home. The book is illustrated with personal photographs and accompanied by Nkosi's own work in the form of appendices.

**Africa Writes Back to Self** Evan M. Mwangi, 2010-07-02 The profound effects of colonialism and its legacies on African cultures have led postcolonial scholars of recent African literature to characterize contemporary African novels as first and foremost responses to colonial domination by the West. In *Africa Writes Back to Self* Evan Maina Mwangi argues instead that the novels are primarily engaged in conversation with each other, particularly over emergent gender issues such as the representation of homosexuality and the disenfranchisement of women by male-dominated governments. He covers the work of canonical novelists Nadine Gordimer, Chinua Achebe, Ngugi wa Thiong'o and J. M. Coetzee as well as popular writers such as Grace Ogot, David Maillu, Promise Okeke and Rebeka Njau. Mwangi examines the novels' self-reflexive fictional strategies and their potential to refigure the dynamics of gender and sexuality in Africa and demote the West as the reference point for cultures of the Global South.

**The Oxford History of the Novel in English** Simon Gikandi, 2016-10-03 Why did the novel take such a long time to emerge in the colonial world? And what cultural work did it come to perform in societies where subjects were not free and modes of social organization diverged from the European cultural centers where the novel gained its form and audience? Answering these questions and more, Volume 11 *The Novel in Africa and the Caribbean since 1950* explores the institutions of cultural production that exerted influence in late colonialism from missionary schools and metropolitan

publishers to universities and small presses How these structures provoke and respond to the literary trends and social peculiarities of Africa and the Caribbean impacts not only the writing and reading of novels in those regions but also has a transformative effect on the novel as a global phenomenon Together the volume s 32 contributing experts tell a story about the close relationship between the novel and the project of decolonization and explore the multiple ways in which novels enable readers to imagine communities beyond their own and thus made this form of literature a compelling catalyst for cultural transformation The authors show that even as the novel grows in Africa and the Caribbean as a mark of the elites mastery of European form it becomes the essential instrument for critiquing colonialism and for articulating the new horizons of cultural nationalism Within this historical context the volume examines works by authors such as Chinua Achebe Nadine Gordimer George Lamming Jamaica Kincaid V S Naipaul Zoe Wicomb J M Coetzee and many others     *The Cambridge Companion to the African Novel* Abiola Irele, 2009-07-23 An overview of the key novels and novelists of the continent covering multiple cultures and languages
