## **Marriage, the Church, and its Judges in Renaissance**

**Venice, 1420-1545** Cecilia Cristellon, 2017-04-21 This book investigates the actions of marriage tribunals by analyzing the richest source of marriage suits extant in Italy those of the Venetian ecclesiastical tribunal between 1420 and the opening of the Council of Trent It offers a strongly representative overview of the changes the Council introduced to centuries old marriage practices relegating it to the realm of marginality and deviance and nearly erasing the memory of it altogether From the eleventh century onward the Church assured itself of a jurisdictional monopoly over the matter of marriage operating both in concert and in conflict with secular authorities by virtue of marriage's civil consequences the first of which regarded the legitimacy of children Secular tribunals were responsible for patrimonial matters between spouses though the Church at times inserted itself into these matters either directly by substituting itself for the secular authority or indirectly by influencing Rulings through their own sentences Lay magistratures for their part somewhat eroded the authority of ecclesiastical tribunals by continuing to exercise autonomous jurisdiction over marriage especially regarding separation and crimes strictly connected to the nuptial bond and its definition including adultery bigamy and rape Women and Jewish

Marriage Negotiations in Early Modern Italy Howard Tzvi Adelman, 2017-12-15 This book examines the role of women in Jewish family negotiations using the setting of Italy from the end of the Renaissance to the Baroque In ghettos at night and under the scrutiny of inquisitions Jews flourished Life and learning were enriched by Jews from the Iberian Peninsula the Ottoman Empire transalpine Europe west and east and Catholic neighbors Rabbinic discourse represented conflicting customs in family formation and dissolution especially at moments of crisis for women forced betrothal physical mental and financial abuse polygamy and abandonment In this book case studies illustrate the ambiguity drama and danger to which women were exposed as well as opportunities to make their voices heard and to extricate themselves from situations by forcing a divorce collecting or seizing assets and going to Catholic notaries to bequeath their assets outside traditional inheritance often to other women Despite intrusion by rabbis their ability for coercion was limited and their threats of punishments reflected the rhetoric of weakness rather than realistic options for implementation The focus of this text is not what the law says but rather how it enabled individual Jews especially women to speak and to act *Seduzioni, promesse, matrimoni* Georgia Arrivo, 2006

**Matrimoni medievali** Ermanno Orlando, 2024-03-25T14:56:00+01:00 Prima che il concilio di Trento 1563 lo codificasse rigidamente nel basso medioevo il matrimonio mantenne a lungo una natura laica mutevole e versatile caratterizzata da una grande variabilit  di pratiche e modelli Pare quindi pi  opportuno parlare di matrimoni al plurale abbandonando la visione univoca dell'istituto affermata solo dopo Trento Nel volume si fa pertanto ampio riferimento non solo ai matrimoni legittimi e codificati ma anche all'esteso ventaglio di quelli incerti e irregolari come i matrimoni a tempo le unioni di fatto i matrimoni plurimi le convivenze more uxorio o i rapporti concubinari si passeranno in

rassegna le diverse forme di unioni trasgressive dal ratto all'adulterio dai matrimoni finti e simulati sino a quelli violenti e forzati si rifletter infine sulle forme proibite o a stento tollerate come i matrimoni interconfessionali la promiscuità interreligiosa e le unioni con gli esclusi e i marginali

**Acculturation and Its Discontents** David H. Myers, David N. Myers, Massimo Ciavolella, Peter Reill, Geoffrey Symcox, 2008-01-01 Exploring the fascinating cross cultural influences between Jews and Christians in Italy from the Renaissance to the twentieth century Acculturation and Its Discontents assembles essays by leading historians literary scholars and musicologists to present a well rounded history of Italian Jewry The contributors offer rich portraits of the many vibrant forms of cultural and artistic expression that Italian Jews contributed to but this volume also pays close attention to the ways in which Italian Jews both freely and under pressure creatively adapted to the social cultural and legal norms of the surrounding society Tracing both the triumphs and tragedies of Jewish communities within Italy over a broad span of time Acculturation and Its Discontents challenges conventional assumptions about assimilation and state intervention and in the process charts the complex process of cultural exchange that left such a distinctive imprint not only on Italian Jewry but also on Italian society itself This collection of rigorous and thought provoking essays makes a major contribution to both the history of Italian culture and the cultural influence and significance of European Jews

**Opera and Sovereignty** Martha Feldman, 2010-10-05 Performed throughout Europe during the 1700s Italian heroic opera or opera seria was the century's most significant musical art form profoundly engaging such figures as Handel Haydn and Mozart Opera and Sovereignty is the first book to address this genre as cultural history arguing that eighteenth century opera seria must be understood in light of the period's social and political upheavals Taking an anthropological approach to European music that's as bold as it is unusual Martha Feldman traces Italian opera's shift from a mythical assertion of sovereignty with its festive forms and rituals to a dramatic vehicle that increasingly questioned absolute ideals She situates these transformations against the backdrop of eighteenth century Italian culture to show how opera seria both reflected and affected the struggles of rulers to maintain sovereignty in the face of a growing public sphere

In so doing Feldman explains why the form had such great international success and how audience experiences of the period differed from ours today Ambitiously interdisciplinary Opera and Sovereignty will appeal not only to scholars of music and anthropology but also to those interested in theater dance and the history of the Enlightenment *A Companion to Venetian History, 1400-1797*, 2013-07-11 The field of Venetian studies has experienced a significant expansion in recent years and the Companion to Venetian History 1400 1797 provides a single volume overview of the most recent developments It is organized thematically and covers a range of topics including political culture economy religion gender art literature music and the environment Each chapter provides a broad but comprehensive historical and historiographical overview of the current state and future directions of research The Companion to Venetian History 1400 1797 represents a new point of reference for the next generation of students of early modern Venetian studies as well as more broadly for scholars working on all aspects of the early modern world Contributors are Alfredo Viggiano Benjamin Arbel Michael Knapton Claudio Povolo Luciano Pezzolo Anna Bellavitis Anne Schutte Guido Ruggiero Benjamin Ravid Silvana Seidel Menchi Cecilia Cristellon David D Andrea Elisabeth Crouzet Pavan Wolfgang Wolters Dulcia Meijers Massimo Favilla Ruggero Rugolo Deborah Howard Linda Carroll Jonathan Glixon Paul Grendler Edward Muir William Eamon Edoardo Demo Margaret King Mario Infelise Margaret Rosenthal and Ronnie Ferguson *Itineraries and Languages of Madness in the Early Modern World* Mariana Labarca, 2021-07-05 Drawing on a wide range of sources including interdiction procedures records of criminal justice documentation from mental hospitals and medical literature this book provides a comprehensive study of the spaces in which madness was recorded in Tuscany during the eighteenth century It proposes the notion of itineraries of madness which intended as an heuristic device enables us to examine records of madness across the different spaces where it was disclosed casting light on the connections between how madness was understood and experienced the language employed to describe it and public and private responses devised to cope with it Placing the emotional experience of the Tuscan families at the core of its analysis this book stresses the central role of families in the shaping of new understandings of madness and how lay notions interacted with legal and medical knowledge It argues that perceptions of madness in the eighteenth century were closely connected to new cultural concerns regarding family relationships and family roles which resulted in a shift in the meanings of and attitudes to mental disturbances *Family Law and Society in Europe from the Middle Ages to the Contemporary Era* Maria Gigliola di Renzo Villata, 2016-08-04 This volume addresses the study of family law and society in Europe from medieval to contemporary ages It examines the topic from a legal and social point of view Furthermore it investigates those aspects of the new family legal history that have not commonly been examined in depth by legal historians The volume provides a new global interpretative key of the development of family law in Europe It presents essays about family and the Christian influence family and criminal law family and civil liability filiation legitimate natural and adopted children and family and children labour law In addition it explores specific topics related to marriage such as the matrimonial property regime from a

European comparative perspective and impediments to marriage such as bigamy The book also addresses topics including family society and European juridical science

**The Inquisition and the Christian East, 1350-1850** Cesare Santus, Laurent Tatarenko, 2025-05-27 A groundbreaking volume that radically refocuses our study of early modern Catholicism within a wider geographical and cultural context The intricate relationship between the Roman Church and the Christian East has long been underestimated in shaping early modern Catholicism Similarly scholarship on the Inquisition has largely overlooked how it interacted with members of the Eastern branch of Christianity Yet these groups frequently faced the scrutiny of the judges of the faith who were in turn exposed to alternative disciplinary and doctrinal models that questioned Catholic certainties This volume delves into the debates surrounding the compatibility of Eastern norms and traditions with the principles of the Counter Reformation focusing on Greek Arab and Slavic communities as well as Armenians Ethiopians and Syriac Christians from the Ottoman Empire and India among others The essays examine topics such as the confessional surveillance of Eastern Christians in Catholic territories and the responses of Roman theologians to thorny questions posed by missionaries around the globe Through a meticulous study of rich untapped archival resources in a wide array of languages this collection reveals how the interaction with Eastern Christianity exposed some of the contradictions and unresolved problems of Tridentine Catholicism while providing the Inquisition with a set of cultural tools and interpretive lenses that would eventually be applied in the missionary and theological controversies that shook the Catholic world from the seventeenth century onwards

Nefarious Crimes, Contested Justice Joanne M. Ferraro, 2020-03-03 This captivating history exposes a clandestine world of family and community secrets incest abortion and infanticide in the early modern Venetian republic With the keen eye of a detective Joanne M Ferraro follows the clues in individual cases from the criminal archives of Venice and reconstructs each one as the courts would have done according to the legal theory of the day Lawmakers relied heavily on the depositions of family members neighbors and others in the community to establish the veracity of the victims claims Ferraro recounts this often colorful testimony giving voice to the

field workers spinners grocers servants concubines midwives physicians and apothecaries who gave their evidence to the courts sometimes shaping the outcomes of the investigations Nefarious Crimes Contested Justice also traces shifting attitudes toward illegitimacy and paternity from the late sixteenth through the eighteenth centuries Both the Catholic Church and the Republic of Venice tried to enforce moral discipline and regulate sex and reproduction Unmarried pregnant women were increasingly stigmatized for engaging in sex Their claims for damages because of seduction or rape were largely unproven and the priests and laymen they were involved with were often acquitted of any wrongdoing The lack of institutional support for single motherhood and the exculpation of fathers frequently led to abortion infant abandonment or infant death In uncovering these hidden sex crimes Ferraro exposes the further abuse of women by both the men who perpetrated these illegal acts and the courts that prosecuted them

Trade and Industry in Early Modern Italy Domenico Sella, 2023-05-31 This volume brings together a set of classic essays by Domenico Sella in which he reassesses the economic fortunes of Northern Italy in particular Lombardy and Venice during the 16th and 17th centuries In addition the literature on the economics and society of northern Italy had hitherto dealt primarily with the major cities Milan Florence and Venice and their celebrated manufactures extensive commercial activities and banking By contrast their countryside was largely neglected and its population dismissed as an undifferentiated mass of peasants fully engaged in farming The essays in this volume represent as many soundings into this long forgotten rural world As it turns out rural communities often harbored handicraft industries and the latter appear to have avoided the debacle that hit the urban economies and their celebrated manufactures highly regulated as they were by the guilds in the face of international competition

Fathers and Godfathers Guido Alfani, 2016-04-19 In medieval Europe baptism did not merely represent a solemn and public recognition of the natural birth

of a child but was regarded as a second spiritual birth within a social group often different from the child's blood relations a spiritual family composed of godfathers and godmothers By analyzing the changing theological and social nature of spiritual kinship and godparenthood between 1450 and 1650 this book explores how these medieval concepts were developed and utilised by the Catholic Church in an era of reform and challenge It demonstrates how such ties continued to be of major social importance throughout the sixteenth and seventeenth centuries but were often used in ways not always coherent with their original religious meaning and which could have unexpected social consequences In particular the book analyzes in detail the phase of transition from the traditional model of godparenthood which allowed for multiple godparents to the new couple model one godfather and one godmother imposed by Tridentine law Drawing upon a large database of archival data taken from parish books of baptisms and marriages pastoral visitations diocesan statutes synods and provincial councils it is shown how attempts were made to resist or to compromise with the Church thus providing a better understanding of the often contested meaning given to godparenthood by early modern society Whilst the Church was ultimately successful in imposing its will the book concludes that this was to have unexpected results that were to eventually weaken the role of godparents Rather than persuading parents to choose real spiritual tutors to act as godparents the choice of godparents became increasingly influenced with social status so that godparenthood began to resemble a pure clientele system something it had never been before Through this long term exploration of Catholic spiritual kinship much is revealed not only about godparenthood but about the wider social and religious networks Comparison with Protestant reactions to the same issues provides further insight into the importance of this subject to early modern European society
