Interview Matthew Bunker Ridgway,1969 General Interview conducted by Major Matthew P Caulfield and Lt Colonel Robert M Elton 29 August 1969 Topics covered include General Ridgway s experiences leading and training men during World War II and in the Korean War and comparison of the Korean War with the conflict in Viet Nam **The Generals** Thomas E. Ricks,2013-10-29 A New York Times bestseller An epic history of the decline of American military leadership from the bestselling author of Fiasco and Churchill and Orwell While history has been kind to the American generals of World War II Marshall Eisenhower Patton and Bradley it has been less kind to the generals of the wars that followed such as Koster Franks Sanchez and Petraeus In The Generals Thomas E Ricks sets out to explain why that is In chronicling the widening gulf between performance and accountability among the top brass of the U S military Ricks tells the stories of great leaders and suspect ones generals who rose to the occasion and generals who failed themselves and their soldiers In Ricks s hands this story resounds with larger meaning about the transmission of values about strategic thinking and about the difference between an organization that learns and one that fails **An "Unnecessary" War** Marshall William McMurran,2008-09-22 An Unnecessary War is a researched readable account of the Korean Conflict told an Air Force Officer who served with the 3rd Bomb Wing Light Not until 1986 did the US Congress declare the Korean War to be a real war The cost in human and material loss in the three war years was huge Any gain is still difficult to assess Communism was halted but a grim totalitarian regime was left in place that is now a nuclear thorn in the side of the planet The book discusses in some detail the political and financial yes financial decisions made by UN and US political leaders leading to Chairman Mao s and Joe Stalin s approval of Kim Il Sung s ill considered crusade to invade the South Kim Il Sung was the grandfather of our present pesky North Korean Kim who seems to blame his self inflicted ills on America Most recounts of the Korean War are either biased or too detailed for the non military reader This book was written for the rest of us and contains hopefully unbiased judgmental information not available elsewhere in a single writing The book contents are set in chronological order with descriptions of major battles discussions of conflicts weaknesses and interplay of US commanders particularly the actions sometimes inexplicable of Douglas MacArthur It also contains a summary of casualties and losses orders of battle of both the US Army and USAF and descriptions of Communist forces committed at critical times Discussions of the efforts of other UN members particularly the British Commonwealth and Turkish forces give an insight to the contribution and sacrifices of our comrades in arms With access to USAF frag orders at the time the air war descriptions here are likely more accurate than in USAF published histories tending to glorify USAF contributions Post Korean War discussions with National Guard comrades with

the 2d Division during the disastrous Chongchon rout add an eyes on contribution to the discussion of this engagement

Clayton James,2010-06-15 Distinguished historian D Clayton James offers a brilliant reinterpretation of the Korean War conflict Focusing on the critical issue of command he shows how the Korean War is a key to understanding American decision making in all military encounters since World War II Korea the first of America s limited wars to stem the tide of world communism was fought on unfamiliar terrain and against peasant soldiers and would become a template for subsequent American military engagements especially Vietnam And yet the strategic and tactical doctrines employed in Korea as well as the weapons and equipment were largely left over from World War II James the master biographer of MacArthur uses studies of military crises to examine the American high command in the Korean War He explores the roles leadership personalities and prejudices of five key commanders President Harry S Truman Generals Douglas MacArthur Matthew B Ridgway and Mark W Clark and Admiral C Turner Joy and then looks at six crucial issues confronting them in that conflict From the decision made by Truman without congressional approval to commit United States forces to combat in Korea to MacArthur s persistent fight for approval of his dangerous plan to assault Inchon to the judgment to finally open truce negotiations these turning points illuminate the American way of command in wartime James analyzes the ground level results and long term implications of each choice and sensitively explores the course that might had followed if other options had been taken

Probing the nature and consequences of these military resolutions James shows how the conduct of the Korean War like every new war bears the imprint of the preceding one Access to History: The Cold War in Asia 1945-93 for OCR Second Edition Vivienne Sanders, 2015-10-30 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including OCR The Cold War in Asia 1945 1993 **The Best and the Brightest** David Halberstam, 1993-10-26 David Halberstam s masterpiece the defining history of the making of the Vietnam tragedy A rich entertaining and profound reading experience The New York Times Using portraits of America s flawed policy makers and accounts of the forces that drove them The Best and the Brightest reckons magnificently with the most important abiding question of our country s recent history Why did America become mired in Vietnam and why did we lose As the definitive single volume answer to that question this enthralling book has never been superseded It is an American classic Praise for The Best and the Brightest The most comprehensive saga of how America became involved in Vietnam It is also the Iliad of the American empire and the Odyssey of this nation s search for its idealistic soul The Best and the Brightest is almost like watching an Alfred Hitchcock thriller The Boston Globe Deeply moving We cannot help but feel the compelling power of this narrative Dramatic and tragic a chain of events overwhelming in their force a distant war embodying illusions and myths terror and violence confusions and courage blindness pride and arrogance Los Angeles Times A fascinating tale of folly and self deception An absorbing detailed and devastatingly caustic tale of Washington in the days of the Caesars The Washington Post Book World Seductively readable It is a staggeringly ambitious undertaking that is fully matched by Halberstam s performance This is in all ways an admirable and necessary book Newsweek A story every American should read St Louis Post Dispatch *This Kind of War* T.
