**New Parties in Old Party Systems** Nicole Bolleyer, 2013-09 New Parties in Old Party Systems addresses a pertinent yet neglected issue in comparative party research why are some new parties that enter national parliament able to defend a niche on the national level while other fail to do so Unlike most existing studies which strongly focus on electoral short term success or particular party families this book examines the conditions for the organizational persistence and electoral sustainability of the 140 organizationally new parties that entered their national parliaments in seventeen democracies from 1968 to 2011 The book presents a new theoretical perspective on party institutionalization which considers the role of both structural and agential factors driving party evolution It thereby fills some important lacunae in current cross national research First it theorizes the interplay between structural pre conditions for party building and the choices of party founders and leaders whose interplay shapes parties institutionalization patterns crucial for their evolution before and after entering national parliament Second this approach is substantiated empirically by advanced statistical methods assessing the role of party origin for new party persistence and

sustainability These analyses are combined with a wide range of in depth case studies capturing how intra organizational dynamics shape party success and failure By accounting for new parties longer term performance the study sheds light on the conditions under which the spectacular rise of new parties in advanced democracies is likely to substantively change old party systems Comparative Politics is a series for students teachers and researchers of political science that deals with contemporary government and politics Global in scope books in the series are characterised by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit [www.ecprnet.eu](http://www.ecprnet.eu)

### **John Key: Portrait of a Prime Minister** John

Roughan,2017-01-30 New Zealand's most popular modern day Prime Minister John Key shocked many with his decision to step down from office less than a year out from a general election Rather than doing what most expected and seeking an historic fourth term Key opted to quit while his approval rating was still high and before voters tired of him I always thought leaders overstay their welcome They just start grating with people All the things people liked about them they start not to like Key tells journalist John Roughan in this updated edition of John Key Portrait of a Prime Minister A fascinating insight into Key's early life personality and motivations Roughan's account of John Key's rise and rise examines how the twin ambitions of a boy in a state house to make a million dollars and be Prime Minister were realised beyond his dreams As popular as ever after eight years as Prime Minister Key chose to leave the job he loved and the voters who seemed certain to return him to office But as Roughan concludes it's perhaps not surprising that the instincts that served him so well as a currency trader and which also informed his approach to politics ultimately fuelled Key's unprecedented decision to retire at the height of his power

**A Populist Exception?** Jack Vowles, Jennifer Curtin, 2020-08-10 The spectre of populism might be an apt description for what is happening in different parts of the world but does it apply to New Zealand Immediately after New Zealand s 2017 general election populist party New Zealand First gained a pivotal role in a coalition with the Labour Party leading some international observers to suggest it represented a populist capture of the government The leader of New Zealand First Winston Peters justified his support for Labour as necessary to allow capitalism to regain its human face The new prime minister Jacinda Ardern spoke of a kinder inclusive politics This book draws on the 2017 New Zealand Election Study to uncover New Zealanders political attitudes and preferences post election Its authors ask is New Zealand now A Populist Exception Through detailed empirical analyses of how populism and authoritarianism affected vote

choice opinions about immigration satisfaction with democracy and the relevance of gender and indigeneity to these issues this book finds that New Zealand politics today does not reflect the international trend toward ideological polarisation and electoral volatility The authors argue that inclusive forms of populism can be pluralist if a leader's rhetorical approach recognises the people as diverse and encompassing A Populist Exception concludes that although populism has long been a strong current in New Zealand history contemporary New Zealand exhibits a moderate form of populism with liberal and pluralist values in balance with a strong commitment to majoritarian democracy

**Life Changing** Alasdair Thompson, 2013-09 In Life Changing Alasdair Thompson outlines the events surrounding his sacking as chief executive of the Employers and Manufacturers Association New Zealand's largest business membership organisation after twelve years of reorganisation and rebuilding the Association He reveals his upbringing the people and events that shaped him his views on business economics and public policy and outlines a career in local government and in various local authorities and boards We see the man behind the media target and he shares his beliefs and values his crises as well as personal transformation and newfound faith and peace Thompson's was at the centre of a media maelstrom that led to his downfall This book describes how he and his family coped with the aftermath and ultimately moved on happier and stronger Life Changing learning from the past fixing the future By Alasdair Thompson Life Changing is what I have called my book due out early October It is partly autobiographical and partly a commentary on a wide range of political business and media issues including the ethics of some leaders in those fields It's also about my transformation from having been publicly disgraced and humiliated to a happy new and much better person with a wonderful new life Much of what I have written will be controversial although I did not write it to be so I had some important things to say about business political even media ethics including those of some important leaders in those field The media too rightly comments on such things like the collapse of finance companies and the many billions of dollars that many retirees have consequently suffered and the increase in the suicide rate among baby boomers The media is constantly covering such things but there are some things they do not hear the whole story about It's a few of these I felt compelled to write about I take responsibility for my fall from public grace for my bad behaviour towards Mihingarangi Forbes the interviewer from Campbell Live when I lost my cool with her this was the bit that Campbell Live producer Pip Keane chose to broadcast on that programme on June 23 2011 Nevertheless I do call Mihingarangi Forbes John Campbell and Pip Keane for what media commentator Dr Brian Edwards at the time called dishonest journalism The book in five parts covers in parts 2 and 3 my downfall as the Employer and Manufacturers EMA CEO in June 2011 which led to my sacking for allegedly bringing the EMA into disrepute on 6 July 2011 even though I had offered my resignation almost immediately It covers how my wife Joan and I coped and ultimately dealt with the maelstrom that followed my comment first made on Mike Hosking's NewstalkZB breakfast show that some women's monthly sickness problems affected their productivity and earnings This escalated when later that afternoon I was

interviewed by Mihi Forbes in a 27 minute interview the last 4 minutes of which were chosen by producer Pip Keane as the best bits most controversial to be broadcast that evening on Campbell Live It is mainly parts 2 and 3 of my 5 part book that are the basis of an in depth TV3 3rd Degree programme to be screened on Wednesday 2nd October The programme also looks at my life now my transformation having researched feminism and Christian theology leading to me becoming a Christian travelling extensively overseas and to again become a self employed business advisor and tourist business operator Life Changing is about much more than all this though although it does reveal so much more than was ever made public at the time of my demise mainly because I was barred at the time from talking to the media and my employer
