Slack,2011-12-31 This book focuses on the relationship between public morality and personal action in the American political community It emphasizes the responsibilities of citizens and government to find and confirm truth looking to specific sources religious scripture and empirical events Recognizing that we have a natural preference for distraction and distance from both sources of truth Slack uses qualitative open ended interviews and direct observation to uncover the intimate consequences of life taking in open societies Abortion and murder capital punishment are instances in which there is a sequence of events that result in life taking The act of murder denies the sanctity of life of someone else Abortion and capital punishment also deny the sanctity of the lives of others The intimacy of life taking is not typically acknowledged or remains hidden This makes it difficult to assess the consequences for victims survivors and the political community as a whole As a result there is only a tenuous link between public actions that question the sanctity of human life and the moral compass professed by the American democracy The volume presumes a theocentric foundation envisioned by the American Founders It explores the model's first source of truth biblical scripture as it applies to the public actions of murder abortion and capital punishment Then it investigates the intimate reality of these acts These realities are examined in a variety of settings resulting in a mosaic pattern of public action about capital punishment and abortion Slack underscores the importance of government's role of providing outward justice as well as the citizen's responsibility to be supportive of government tasks in order to reconcile the reality of life taking with the moral compass professed in the American political community **Dear Denise**

Lisa McNair,2022-09-13 Poignant honest and heartfelt letters to a sister who perished in the 16th Street Baptist Church bombing Lisa McNair was born in 1964 one year after her older sister Denise was murdered in the bombing of the 16th Street Baptist Church in Birmingham Alabama Dear Denise is a collection of forty letters from Lisa addressed to the sister she never knew but in whose shadow of sacrifice and lost youth she was raised These letters offer an intimate look into the

life of a family touched by one of the most heinous tragedies of the Civil Rights Movement Written in a genuine accessible familiar and easy to read voice Lisa's letters apprise her late sister of all that has come to pass in the years since her death Lisa considers her own challenges and accomplishments as a student in remarkably different and very racially complex schools the birth of their baby sister Kim their father's election to the Alabama legislature her evolving sense of faith and place and sometimes lack thereof within the Black church her college experiences and her own sense of self as she's matured into adulthood She reveals some of the family's difficulties and health challenges and shares some of their joys and celebrations The letters are accompanied by 29 black and white photographs most of them from the McNair family collection many of them taken by her father a professional photographer who documented the Civil Rights Movement in Alabama both before and after Denise's murder An unswervingly candid gentle and nuanced book *Dear Denise* is a testament to one singular life lived bravely and truthfully if sometimes confusedly or awkwardly during decades of bewildering social change and in the shadow of one life never fully lived
