Kenneth Burke in Greenwich Village Jack Selzer, 1996-12-01 Capturing the lively modernist milieu of Kenneth Burke's early career in Greenwich Village where Burke arrived in 1915 fresh from high school in Pittsburgh this book discovers him as an intellectual apprentice conversing with the moderns Burke found himself in the midst of an avant garde peopled by Malcolm Cowley Marianne Moore Jean Toomer Katherine Anne Porter William Carlos Williams Allen Tate Hart Crane Alfred Stieglitz and a host of other fascinating figures Burke himself who died in 1993 at the age of 96 has been hailed as America's most brilliant and suggestive critic and the most significant theorist of rhetoric since Cicero Many schools of thought have claimed him as their own but Burke has defied classification and indeed has often been considered a solitary eccentric genius immune to intellectual fashions But Burke's formative work of the 1920s when he first defined himself and his work in the context of the modernist conversation has gone relatively unexamined Here we see Burke living and working with the crowd of poets painters and dramatists affiliated with Others magazine Stieglitz's 291 gallery and Eugene O'Neill's Provincetown Players the leftists associated with the magazines The Masses and Seven Arts the Dadaists and the modernist writers working on literary journals like The Dial where Burke in his capacity as an associate editor saw T S Eliot's The Wasteland into print for the first time and provided other editorial services for Thomas Mann e e cummings Ezra Pound and many other writers of note Burke also met the iconoclasts of the older generation represented by Theodore Dreiser and H L Mencken the New Humanists and the literary nationalists who founded Contact and The New Republic Jack Selzer shows how Burke's own early poems fiction and essays emerged from and contributed to the modernist conversation in Greenwich Village He draws on a wonderfully rich array of letters between Burke and his modernist friends and on the memoirs of his associates to create a vibrant portrait of the young Burke's transformation from aesthete to social critic

West, 2000-11-28 According to the conventional wisdom of our time our nation's Founders were guilty of racism sexism and elitism They were hypocrites who failed to live up to their own enlightened principles The fact that Washington and Jefferson held slaves is taken as definitive proof that they never really believed all men are created equal It is also widely asserted that women even after the American Revolution enjoyed virtually no rights and that the poor and property less were denied the basic tenets of democratic participation Observing that our understanding of the Founders so profoundly influences our opinion of contemporary America Thomas West demonstrates why the Founders were indeed sincere in their belief of universal human rights and in their commitment to democracy More importantly this landmark book explains why their views and particularly the constitutional order they created are still worthy of our highest respect In a straightforward style West debunks numerous widely held myths about the Founders political thought He contrasts the Founders ideas of liberty and equality with today's concluding that contemporary notions of liberalism bear almost no resemblance to the concepts originally articulated by the Founders This controversial convincing and highly original book is important reading for everyone concerned about the origins present and future of the American experiment in self government **Left Intellectuals & Popular Culture in Twentieth-century America** Paul R.
