Douglas concludes by suggesting that the precondition for political action on the environment is a change of philosophical perspective that provides for a sense of meaning in a world of limits This book should be of interest to academics in the fields of environmental sociology and communications studies as well as activists interested in understanding the motivations of anti environmentalist campaigners and how to counter their influence CMJ New Music Report ,2000-02-07 CMJ New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and independent and trend forward retail sales CMJ s trade publication compiles playlists for college and non commercial stations often a prelude to larger success Billboard ,1995-02-04 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
