Pfetsch, Christoph Rohloff, 2013-10-11 The information flow about crises and conflicts is highly selective the media only focus on a few major conflicts at a time Many conflicts are neglected others soon forgotten after the fighting ends This book fills the gaps and offers a systematic overview of all crises

and conflicts in and among states since 1945 and traces the global trends of conflict development Based on the broad empirical basis of the Conflict Simulation Model KOSIMO Pfetsch and Rohloff use an integrated approach to cover many forms and types of political conflicts both peaceful and violent Beyond Confrontation John A. Glossop,1994 This updated and revised through 1993 edition of an immensely successful textbook reflects upheavals in the global geopolitical climate and examines why countries continue to build war arsenals in a time of relative peace As an increasing number of countries gain nuclear capabilities and the number of intranational and regional conflicts grow it becomes apparent that the end of the Cold War did not end the threat of war Instructors considering this book for use in a course may request an examination copy here Historical Dictionary of Inter-American Organizations David W. Dent,Larman C. Wilson,2013-12-11 The Historical Dictionary of Inter American Organizations covers the changing world of inter American and international organizations that have played an important role in bilateral and multilateral efforts to solve a wide range of problems that have confronted the nations of the Western Hemisphere The Latin American region is clearly more integrated regionally and internationally than in previous decades and is better prepared to confront a broad range of problems trade development illicit drugs terrorism and guerrilla activity health environment democratization trade human rights intervention electoral assistance peacekeeping and conflict resolutions migration border conflicts corruption and energy independence that governments and non governmental organizations face in the 21st century The role of the United States in Latin America has clearly faded since the end of the Cold War and the second edition of this book fills a large void in explaining the complexities of inter American organizations and their activities since the first edition was completed in the late 1990s This updated second edition of Historical Dictionary of Inter American Organizations covers the history of through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 400 hundred cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Inter American Organizations **Arms Control and Peacekeeping** Ralph Morris Goldman,1982 Networks of Interdependence Harold Karan Jacobson,1984 International Studies Notes ,1977 **Making War and Waging Peace** David R. Smock,1993 During the past decade or so Africa has been beset by an extraordinarily high number of wars Indeed some two to three million people died because of Africa s warefare in the 1980 s alone That heavy burden of war most of it originating internally has been accompanied by frequent external involvement both in terms of military intervention and through efforts to promote conflict resolution usually by mediation This volume focuses

on the role and effectiveness of external intervention in sub Saharan Africa primarily during the 1980 s The authors include a range of Western and African scholars and policymakers with extensive experience in Africa The richly detailed case studies examine Angola and Namibia Ethiopia and Eritrea Mozambique and Sudan Additional essays assess the role of the OAU and summarize French British and Belgium military involvement An afterword by former diplomat Chester Crocker offers several guidelines for promoting peace making and peacekeeping on the African continent in the future **Subject Catalog, 1978** Library of Congress,1978 **International Peacekeeping** Paul F. Diehl,1993-07-01 In International Peacekeeping Paul Diehl examines the recent record of United Nations peacekeeping forces and develops criteria for assessing their operations His analysis provides useful guidance for the management of new hostilities in areas such as Central and Eastern Europe where the dissolution of the Soviet Union has spawned bitter civil wars and dangerous border disputes The paperback edition includes a new epilogue in which Diehl examines peacekeeping operations in Bosnia Somalia and Cambodia *The Korean Journal of International Studies* ,1990 *The United Nations* Robert Edwon Riggs,Jack C. Plano,1994 The United Nations is an upper division analysis of the history processes structure and functions of the United Nations It is intended for courses on international organizations usually titled The United Nations International Organization International Development or Conflict Resolution The most successful one volume text on the United Nations in the academic marketplace it provides a comprehensive treatment that is adaptable to a variety of course approaches The third edition does not alter the organization of the previous editions no less significant the basic historical material that made up the core of the first two editions remains intact in this latest rendering Nevertheless the book has been revised from cover to cover redrafted to reflect significant changes in the world after the Cold War and the effect of those changes on the character and work of the United Nations
