Modern China A Topical History:

Modern China Su Kaiming, 1985-01-01 **The Many Dimensions of Chinese Feminism** Y. Chen, 2011-05-23 In the current English language publication market this book is one of the earliest academic monographs to comparatively investigate different feminist scholars and academic feminism across the Taiwan Strait It problematizes recent scholarly understanding of feminist complexity in various Chinese speaking areas This book addresses sociocultural backgrounds of how Mainland Chinese Taiwanese and Hong Kong feminist scholars strategize their transfers localization and acculturation of Western feminist literary theories It emphasizes how Chinese literary theorists filter gate keep select import latest Western feminist theories and then match them with local socio cultural trends by exerting comparative researchers cross cultural and cross lingual academic power in order to tackle Mainland China s Taiwan s and Hong Kong s own gender problems **Japanese Studies of Modern China since 1953** Noriko Kamachi, John K. Fairbank, Chūzō Ichiko, 2020-03-17 A comprehensive bibliographical guide to Japanese research published between 1953 and 1969 on the topic of Modern China in the nineteenth and twentieth centuries *A Protestant Church in Communist China* John Craig William Keating, 2012-02-16 Freedom of religious belief is guaranteed under the constitution of the People s Republic of China but the degree to which this freedom is able to be exercised remains a highly controversial issue Much scholarly attention has been given to persecuted underground groups such as Falun but one area that remains largely unexplored is the relationship between officially registered churches and the communist government This study investigates the history of one such official church Moore Memorial Church in Shanghai This church was founded by American Methodist missionaries By the time of the 1949 revolution it was the largest Protestant church in East Asia running seven day a week programs As a case study of one individual church operating from an historical rather than theological perspective this study examines the experience of people at this church against the backdrop of the turbulent politics of the Mao and Deng eras It asks and seeks to answer questions such as were the people at the church pleased to see the foreign missionaries leave Were people forced to sign the so called Christian manifesto Once the church doors were closed in 1966 did worshipers go underground Why was this particular church especially chosen to be the first re opened in Shanghai in 1979 What explanations are there for its phenomenal growth since then A considerable proportion of the data for this study is drawn from Chinese language sources including interviews personal correspondence statistics internal church documents and archives many of which have never previously been published or accessed by foreign researchers The main focus of this study is on the period from 1949 to 1989 a period in which the church experienced many ups and downs restrictions and limitations The Mao era in particular remains one of the least understood and seldom written about periods in the history of Christianity in China This study therefore makes a significant contribution to our evolving understanding of the delicate balancing act between compromise co operation and compliance that categorizes church state relations in modern China Adoption of Anglo-American models of

corporate governance and financial reporting in China Huiying Wu, Christopher Patel, 2015-01-16 This monograph examines the adoption of Anglo American models of corporate governance and financial reporting in China It shows how the loose coupling between regulations and actual operations is shaped by the interplay between institutional pressures and organizations conflicts of interest and power dependence within the local context **The Unfought War of 1962** Raghav Sharan Sharma, 2017-12-06 China s territorial disputes with India have been a matter of debate since 1950s While China has amicably resolved boundary disputes with twelve out of its fourteen neighbouring countries it is yet to resolve its boundary disputes with India and Bhutan as also its maritime disputes in the South China Sea and East China Sea This volume looks at the complex dynamics of India China boundary disputes which remains unresolved It is still the biggest challenge to the relations between the two countries From the Indian perspective securing Arunachal and the Indus Watershed is highly important From the Chinese point of view Karakoram and Xinjiang Tibet road must be respected Secondary issues have always occupied a central and pivotal focus in the relations between India and China This work also shows how British efforts to secure a defined and natural boundary began immediately after the creation of Jammu and Kashmir in 1846 after Amritsar treaty In the eastern sector such an effort began only in the first decade of twentieth century Relevant documents have been presented which examines the role of bureaucrats diplomats generals and surveyors It examines the treaties conventions correspondence as well as internal debates between changing British officials and their conflicting British policies Nehru refused Chou En Lai in 1960 which in turn led to the unilateralism in Chinese attitude after 1962 The volume breaks new ground by evaluating the differing policies and explains how a secured boundary can ultimately be agreed upon Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka **Being Chinese** Wei (Angela) Djao, Wei Djao, 2003-09-01 Chinese have traveled the globe for centuries and today people of Chinese ancestry live all over the world They are the Huayi or Chinese overseas and can be found not only in the thriving Chinese communities of the United States Canada and Southeast but also in enclaves as far reaching as Cuba Zimbabwe and Peru In this book twenty two Chinese living and working outside of China ordinary people from all walks of life tell us something about their lives and about what it means to be Chinese in non Chinese societies In these pages we meet a surgeon raised in Singapore but westernized in London who still believes in the value of Chinese medicine which revitalizes you in ways that Western medicine cannot understand A member of the Chinese Canadian community who bristles at the insistence that you can t be Chinese unless you speak a Chinese dialect because Even though I do not have the Chinese language I think my ability to manifest many things in Chinese culture to others in English is still very important Individuals all loyal to their countries of citizenship who continue to observe the customs of their ancestral home to varying degrees whether performing rites in memory of ancestors practicing fengshui wearing jade for good luck or giving out red packets of lucky money for New Year What emerges from many of these accounts is a selective adherence to Chinese values One person cites a high regard

Paradigm Shifts in Chinese Studies Shiping Hua, 2022-02-06 This book is a study of the change and continuity in paradigms in China studies both inside and outside of China In the last few years the United States and China appeared to be moving in the direction of decoupling indicating that the engagement policy with China in the last four decades is ending The modernization theory that is the theoretical foundation of the engagement policy has proved to be insufficient This situation calls for a reexamination of the field of China studies Historically scholarly paradigms shifts often went hand in hand with drastic social change As we have entered an era of great uncertainty it is constructive to reflect on the paradigms in China studies in the past and explore the possibility of new paradigms in the future How are the shifts of major theories methods and paradigms in China studies in the west related to social change How did some of China's paradigms impact on the country's social change and developments This book will appeal to a wide readership including scholars and graduate students upper division undergraduate students of China studies Asian studies [Chinese American Transnational Politics](#) Him Mark Lai, 2023-12-11 Born and raised in San Francisco Lai was trained as an engineer but blazed a trail in the field of Asian American studies Long before the field had any academic standing he amassed an unparalleled body of source material on Chinese America and drew on his own transnational heritage and Chinese patriotism to explore the global Chinese

experience In Chinese American Transnational Politics Lai traces the shadowy history of Chinese leftism and the role of the Kuomintang of China in influencing affairs in America With precision and insight Lai penetrates the overly politicized portrayals of a history shaped by global alliances and enmities and the hard intolerance of the Cold War era The result is a nuanced and singular account of how Chinese politics migration to the United States and Sino U S relations were shaped by Chinese and Chinese American groups and organizations Lai revised and expanded his writings over more than thirty years as changing political climates allowed for greater acceptance of leftist activities and access to previously confidential documents Drawing on Chinese and English language sources and echoing the strong loyalties and mobility of the activists and idealists he depicts Lai delivers the most comprehensive treatment of Chinese transnational politics to date

previous understanding of how the system actually worked including its political and cultural machinery the unforeseen consequences when it was unceremoniously scrapped by modernist reformers and its long term historical legacy He argues that the Ming Ch'ing civil examinations from 1370 to 1904 represented a substantial break with T'ang Sung dynasty literary examinations from 650 to 1250 Late imperial examinations also made Tao Learning Neo Confucian learning the dynastic orthodoxy in official life and in literati culture The intersections between elite social life popular culture and religion that are also considered reveal the full scope of the examination process throughout the late empire
