Masterpieces of Modern Oratory Edwin Du Bois Shurter, 1906 The fifteen orations in this volume are intended to furnish models for students of Oratory Argumentation and Debate For the most part the orations are given without abridgement In making the selection the aim has been to include only orations that 1 deal with subjects of either contemporary or historical interest 2 were delivered by men eminent as orators and 3 are of inherent literary value There are of course many orators and orations in modern times that fulfill these tests but it is believed that the orations selected are fairly representative A further aim has been to secure such variety in the selections as to cover in a single volume the fields of deliberative forensic pulpit and demonstrative oratory and so to meet the needs of classes both in argumentation and oratorical composition
