**Women's Writing of the First World War** Emma Liggins, Elizabeth Nolan, 2019-04-10 The First World War was a transformative experience for women facilitating their entry into new spaces and alternative spheres of activity both on the home front and on the edges of danger zones in Europe and beyond The centenary of the conflict is an appropriate moment to reassess what we choose to remember about women's roles and responsibilities in this period and how women recorded their experiences It is timely to reconsider the narratives of women's involvement not only as nurses VADs and mourning mothers but as pacifist campaigners poets war correspondents and contributors to developing genres of war writing This interdisciplinary volume examines women's representations of wartime experience across a wide range of genres including modernist fiction ghost stories utopia poetry life writing and journalism Contributors provide fresh perspectives on women's written responses to the conflict exploring women's war work constructions of femininity and the maternal in wartime and the relationship between feminism suffrage and pacifism The volume reinforces the importance of the retrieval of women's wartime experience urging us to rethink what we choose to commemorate and widening the presence of women in the expanding canon of war writing This book was originally

published as a special issue of *Women's Writing*      *Revival: Stories by Contemporary Japanese Women Writers* (1983)  
 Noriko Mizuta Lippit, Kyoko Iriye Selden, 2017-09-29 This title was first published in 1982 The authors deal with the experiences of modern women with penetrating sincerity and honesty but their philosophic profundity in understanding modern life their intellectual capacity to view their experience in a historical and social context and their mastery of the art of fiction render the traditional category of female school literature totally inadequate to characterize their works Indeed they stand at the core of modern Japanese literature as a whole      *Women's Ghost Literature in Nineteenth-Century Britain*  
 Melissa Edmundson Makala, 2013-02-15 Nineteenth century ghost literature by women shows the Gothic becoming more experimental and subversive as its writers abandoned the stereotypical Gothic heroines of the past in order to create more realistic middle class characters both living and dead male and female who rage against the limits imposed on them by the natural world The ghosts of Female Gothic thereby become reflections of the social sexual economic and racial troubles of the living Expanding the parameters of Female Gothic and moving it into the nineteenth and twentieth centuries allows us to recognise women's ghost literature as a specific strain of the Female Gothic that began not with Ann Radcliffe but with the Romantic Gothic ballads of women in the first decade of the nineteenth century      **What Do I Read Next? 93** Gale  
 Group, 1993-09      *British Women Short Story Writers* Emma Young, 2015-06-30 Essays tracing the evolving relationship between British women writers and the short story genre from the late Nineteenth Century to the present day
