### REVISION QUESTION

#### REGISTERED LAND/UNREGISTERED LAND

**Q.** For ten years David owned the registered freehold title to Bridge Farm. In addition to fields, Bridge Farm includes a stable block, April Cottage, and a stretch of upland grazing land known as Lakey Hill.

In 2010 when David sold Bridge Farm to Tony he decided to retain Lakey Hill so that he could use it to graze his prize-winning flock of sheep. After the sale David continued driving his quad bike from the main road through one of the fields on Bridge Farm to reach Lakey Hill. Tony acknowledged that David had such a right of way.

In 2015 Tony rented the stable block to Shula for seven years at an annual rent of £1,500. In 2018 Tony agreed in writing that his daughter Helen, who lived in April Cottage, had the right to buy April Cottage anytime during the next five years for the sum of £200,000.

Last month Tony sold Bridge Farm to Phil before moving to become a sheep farmer in Australia. After the sale, Phil told David to stop driving to Lakey Hill across Bridge Farm; and he informed Shula that she must leave the stable block immediately. They both refused. David was furious because he has no other way of getting to his sheep on Lakey Hill. Helen says she now wants to exercise her right to buy April Cottage. Phil was also surprised to hear from Jennifer, Tony's sister, who claims to have rights over Bridge Farm because she paid towards its purchase price.

Advise Phil.

Explain briefly how your advice would differ if all the transactions relating to Bridge Farm were governed solely by the rules of unregistered land.

**Handbook of Research on the Regulation of the Modern Global Migration and Economic Crisis** Alaverdov, Emilia, Bari, Muhammad Waseem, 2023-02-17 Migration is not a new phenomenon it has a centuries long history since the world's population has been characterized by the desire to relocate not only from one country to another but from one continent to another as well. However, there is a significant difference between the migrations of the past and the current one. Today's migration is complicated by the strong emotional reaction and hostile attitude from society. The study of migration processes needs interdisciplinary approaches. The Handbook of Research on the Regulation of the Modern Global Migration and Economic Crisis presents emerging research and case studies on global migration in the modern world. Through interdisciplinary approaches, it further showcases the current challenges and approaches in regulation. Covering topics such as forced migration, human trafficking, and national identity, this major reference work is an excellent resource for migration specialists, government officials, politicians, sociologists, economists, students, and educators of higher education, researchers, and academicians. Law and Sport in Contemporary Society Steven Greenfield, Guy Osborn, 2013-05-13 As the commercialization of sport grows, the need for proper regulation increases. In legal terms, sport is part of the entertainment and media industries, which are subject to rapid change. This work brings together experts in many fields to analyze these changes and to discuss the implications of issues such as the BSKyB Manchester United case, civil and criminal actions on the playing field, the Bosman ruling, drugs in sport, the legality of boxing, and the validity of decisions made by governing bodies. This collection should appeal to students of both sports history and sports sociology.
