Modern French Prisons Arthur Griffiths, 2021-05-19 In *Modern French Prisons* Arthur Griffiths offers a compelling examination of the French penal system during the late 19th century providing an insightful critique of incarceration practices and prison philosophy at the time His prose is both descriptive and analytical blending vivid portrayals with rigorous observation Griffiths drawing from his experiences in various prisons employs a style that is both journalistic and scholarly presenting meticulously researched accounts that serve to illuminate the conditions faced by inmates and the socio political implications surrounding reform movements The book serves as a significant contribution to the discourse surrounding criminal justice particularly in the context of evolving societal values concerning rehabilitation and punishment Arthur Griffiths a noted English writer and criminologist possessed a unique perspective on prison life having spent time in various correctional facilities as well as having worked as a prison

governor His background in law and literature informed his understanding of penal systems and inspired his desire to advocate for reform Griffiths commitment to social justice and reform is evident throughout the text as he grapples with the moral complexities of incarceration in a rapidly modernizing world Highly recommended for scholars and readers interested in criminology sociology and reformist literature Modern French Prisons not only offers historical insights but also sparks ongoing discussions about the functions and ethics of modern penal systems Griffiths work is an essential read for those wishing to understand the evolution of prison policies and their implications for contemporary justice *The Critique of Work in Modern French Thought* Alastair Hemmens, 2019-04-26 What is work Why do we do it Since time immemorial the answer to these questions from both the left and the right has been that work is both a natural necessity and barring exploitation a social good One might criticise its management its compensation and who benefits from it the most but never work itself never work as such In this book Alastair Hemmens seeks to challenge these received ideas Drawing on the new critique of value school of Marxian critical theory Hemmens demonstrates that capitalism and its final crisis cannot be properly understood except in terms of the historically specific and socially destructive character of labour It is from this radical perspective that Hemmens turns to an innovative critical analysis of the rich history of radical French thinkers who over the past two centuries have challenged the labour form head on from the utopian socialist Charles Fourier who called for the abolition of the separation between work and play and Marx s wayward son in law Paul Lafargue who demanded The Right to Laziness 1880 to the father of Surrealism Andr Breton who inaugurated a war on work and of course the French Situationist Guy Debord author of the famous graffiti never work Ultimately Hemmens considers normative changes in attitudes to work since the 1960s and the future of anti capitalist social movements today This book will be a crucial point of reference for contemporary debates about labour and the anti work tradition in France **An Anthology of Modern French Poetry (1850-1950)** Peter Broome, Graham Chesters, 1976-07-15 This anthology is the companion volume to The Appreciation of Modern French Poetry the aim of which was to give detailed preliminary help with the problems of poetic appreciation The fourteen poets represented here provide a varied and exciting introduction to what is probably the richest century of French poetry from 1850 to 1950 Hugo the colossus of the nineteenth century whose work gives new resonance and vitality to imaginative vision opens the anthology and Michaux the most individual and modern of twentieth century poets in that he bridges the gap between poetry and contemporary science closes it Almost all the major poets of the period are included Nerval Baudelaire Mallarm Verlaine Rimbaud and Laforgue from the second half of the nineteenth century Val ry Apollinaire Supervielle and Eluard in the twentieth The lesser known Cros and Desnos fresh and spontaneous poets with an immediate appeal invite a new look at the lyric traditions of french verse and offer an attractive new avenue for study The choice of poems dictated above all by their individual poetic value reflects also the trends of recent criticism and the tastes of present day readers The texts are all accompanied by full notes which not only explain local difficulties of vocabulary syntax

and expression but lead the reader directly into the heart of the richness of theme style and interpretation These will prove of value not only to the student who is grappling with the basics of french verse or is anxious to give depth to his familiarity but to the general reader seeking to rekindle his enjoyment of French poetry In addition there are introductions to each poet summarizing the essence of his art useful suggestions for further reading and groups of dicussion topics to stimulate comparative insights and a wider responsiveness
