Modern Japan Pb:

Bibliography of Japanese New Religious Movements Peter B Clarke, 2013-12-16 Containing some 1500 entries this new bibliography will be widely welcomed for its comprehensive brief and for the sub section profiling principal NRMs converging history beliefs and practices main publications branches worldwide and membership **Marketing and Consumption in**

Modern Japan Kazuo Usui, 2014-03-05 This book explores the development of marketing consumption and marketing thought in Japan during the twentieth century It shows how Japan had a long established indigenous traditional approach to marketing separate from Western approaches and discusses how the Japanese approach to marketing was applied in the form of new marketing activities responding to changing patterns of consumption which contributed considerably to Japan s economic success The book concludes with a discussion of how Japanese approach to marketing is likely to develop at a time when globalisation and international marketing are having an increasing impact in Japan Modern Japanese Culture and Society Dolores P. Martinez, 2007 *Japanese New Religions in Global Perspective* Peter B Clarke, Peter B. Clarke, 2013-11-05 Since the 1960s virtually every part of the world has seen the arrival and establishment of Japanese new religious movements a process that has followed quickly on the heels of the most active period of Japanese economic expansion overseas This book examines the nature and extent of this religious expansion outside Japan **Gathering for Tea in Modern Japan** Taka Oshikiri, 2018-06-28 By examining chanoyu the custom of consuming matcha tea in the Meiji period Gathering for Tea in Modern Japan investigates the interactions between intellectual and cultural legacies of the Tokugawa period and the incoming influences of Western ideas material cultures and institutions It explores the construction of Japan s modern cultural identity highlighting the development of new social classes and the transformation of cultural practices and production consumption networks of the modern era Taka Oshikiri uses a wealth of Japanese source material including diaries newspaper journal articles maps exhibition catalogues and official records to explore the intricate relationships between the practice and practitioners of different social groups such as the old aristocracy the emerging industrial elite the local elite and government officials She argues that the fabrication of a cultural identity during modernisation was influenced by various interest groups such as the private commercial sector and foreign ambassadors Although much is written on the practice of chanoyu in the pre Tokugawa period and present day Japan there are few historical studies focusing on the late 19th and early 20th centuries Gathering for Tea in Modern Japan thus makes a significant contribution to its field and will be of great value to students and scholars of modern Japanese social and cultural history The Uses of Literature in Modern Japan Sari Kawana, 2018-02-08 The Uses of Literature in Modern Japan explores the varying uses of literature in Japan from the late Meiji period to the present considering how creators conveyors and consumers of literary content have treated texts and their authors as cultural resources to be packaged promoted and preserved As the printed word became a crucial form of entertainment and edification for an increasingly literate public in

early 20th century Japan literature came to assume a variety of new uses Touching upon a wide array of sources Sari Kawana traces the ways in which literary works have morphed into different variants ranging from textual compilations textbooks and visual film manga other media to virtual and real world through innovative publishing and reading practices She takes up themes such as the materiality of texts the role of publishers and advertising campaigns the interplay between literature and other media and the creation and dissemination of larger cultural fantasies tied to literary consumption She stresses the agency and creativity with which readers engaged literary works from divergent readings of propaganda literature to inventive adaptations of canonical texts in adjacent media culminating in the practice of literary tourism Moving beyond close reading of texts to look at their historical context the book will appeal not only to scholars of modern Japanese literature but also those studying the history of the book and modern Japanese cultural history New Era - New Religions Andrew Dawson,2016-04-29 New Era New Religions examines new forms of religion in Brazil The largest and most vibrant country in Latin America Brazil is home to some of the world s fastest growing religious movements and has enthusiastically greeted home grown new religions and imported spiritual movements and new age organizations In Brazil and beyond these novel religious phenomena are reshaping contemporary understandings of religion and what it means to be religious To better understand the changing face of twenty first century religion New Era New Religions situates the rise of new era religiosity within the broader context of late modern society and its ongoing transformation *Critical Issues in Contemporary Japan* Jeff Kingston,2019-02-18 This new and fully updated second edition of Critical Issues in Contemporary Japan provides undergraduate and graduate students with an interdisciplinary textbook written by leading specialists on contemporary Japan Students will gain the analytical insights and information necessary to assess the challenges that confront the Japanese people policymakers and private and public sector institutions in Japan today Featuring a comprehensive analysis of key debates and issues confronting Japan issues covered include A rapidly aging society and changing employment system Nuclear and renewable energy policy Gender discrimination Immigration and ethnic minorities Post 3 11 tsunami earthquake and nuclear meltdown developments Sino Japanese relations An essential reference work for students of contemporary Japan it is also an invaluable source for a variety of courses including comparative politics anthropology public policy and international relations **Japan's Road to the Pacific War** James William Morley,1995-01-05 Japan s Road to the Pacific War **Japanese Studies from Pre-History to 1990** Richard Perren,1992 **Bibliography of Japanese New Religions, with Annotations and an Introduction to Japanese New Religions at Home and Abroad** Peter Bernard Clarke,1999 Containing some 1500 entries this new bibliography will be widely welcomed for its comprehensive brief and for the sub section profiling principal NRMs converging history beliefs and practices main publications branches worldwide and membership **Japan, who Governs?** Chalmers Johnson,1995 The godfather of Japanese revisionism author of MITI and the Japanese Miracle and president of the Japan Policy Research Institute explains

how and why Japan has become a world power in the past 25 years Johnson lucidly explains here how the Japanese economy will thrive as it moves from a producer dominated economy to a consumer oriented headquarters for all of East Asia

The Poetry and Poetics of Nishiwaki

Junzaburo Hosea Hirata,2014-07-14 This book offers an in depth investigation into the writings of one of modern Japan s most gifted poet scholars Nishiwaki Junzaburo 1894 1982 who has been compared to T S Eliot R M Rilke and Paul Val ry Exploring both his poetry and theoretical writings Hosea Hirata describes how Nishiwaki who wrote his first poems in English and French shaped a highly influential poetic modernism in Japan while elevating the artistic status of translation This volume includes Nishiwaki s highly original essays on the nature of poetry his first two collections of Japanese poems and a poem meditating on the annihilation of symbolism The author maintains that in Japan the language of modernism was that of translation When Nishiwaki finally began to write poems in Japanese a new poetic language was born in his country a translatory language Hirata elaborates this birth of new poetry via translation by referring to the theories of translation and of difference articulated by Walter Benjamin and Jacques Derrida The author reconsiders the view that translated texts are secondary to the originals where the truth supposedly resides instead he presents translation as an essential textual movement critique toward the paradise of pure language and Poetry Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Shinto, Nature and Ideology in Contemporary Japan Aike P. Rots,2017-09-07 Shinto Nature and

Ideology in Contemporary Japan is the first systematic study of Shinto s environmental turn The book traces the development in recent decades of the idea of Shinto as an ancient nature religion and a resource for overcoming environmental problems The volume shows how these ideas gradually achieved popularity among scientists priests Shinto related new religious movements and eventually the conservative shrine establishment Aike P Rots argues that central to this development is the notion of chinju no mori the sacred groves surrounding many Shinto shrines Although initially used to refer to remaining areas of primary or secondary forest today the term has come to be extended to any sort of shrine land signifying not only historical and ecological continuity but also abstract values such as community spirit patriotism and traditional culture The book shows how Shinto s environmental turn has also provided legitimacy internationally influenced by the global discourse on religion and ecology in recent years the Shinto establishment has actively engaged with international organizations devoted to the conservation of sacred sites Shinto sacred forests thus carry significance locally as well as nationally and internationally and figure prominently in attempts to reposition Shinto in the centre of public space

Tokugawa

Confucian Education Marleen Kassel, 1996-02-15 This book presents the world of Hirose Tans a late Tokugawa period 1603-1868 educator whose goal was to train men of talent in practical learning for the benefit of the country Tans founded a private academy called Kangien in Hita City of present day Oita prefecture Some 3 000 young men from 64 of the then total 68 provinces of Japan were educated at Kangien during Tans s 50 year career as educator and administrator Firm in his conviction that the problems he and others faced in contemporary society would be solved by setting right the moral priorities of the people Tans established an educational program at Kangien based on the Neo Confucian philosophical construct of reverence for Heaven Tans s educational program taught students reverence for Heaven by engaging in moral self cultivation in the practice of actions of day to day behavior Students were required to adhere to stringent school regulations governing every aspect of daily life at the school and to engage in a systematic study of a Confucian educational curriculum with concomitant rigorous testing exercises Tans believed that an educational program supported by the twin pillars of regulations and curriculum would by its very nature accomplish social reform The microcosm of society Tans created at Kangien provides a window through which the reader can glimpse the confluence of three important components of late Tokugawa society institutional development philosophical trends and social structure The values that Tans stressed study hard work frugality and promotion based on merit were in many ways responsible for the relative ease with which Japan emerged from hundreds of years of self imposed isolation and became a powerful modern nation *Religious*

Diversity in Southeast Asia and the Pacific Gary D. Bouma, Rodney Ling, Douglas Pratt, 2009-12-04 Religious diversity is now a social fact in most countries of the world While reports of the impact of religious diversity on Europe and North America are reasonably well known the ways in which Southeast Asia and Asia Pacific are religiously diverse and the ways this diversity has been managed are not This book addresses this lack of information about one of the largest and most diverse regions of the world It describes the religious diversity of 27 nations as large and complex as Indonesia and as small as Tuvalu outlining the current issues and the basic policy approaches to religious diversity Southeast Asia and the Pacific Islands are portrayed as a living laboratory of various religious blends with a wide variance of histories and many different approaches to managing religious diversity While interesting in their own right a study of these nations provides a wealth of case studies of diversity management most of them stories of success and inclusion **Japan** Edwin Oldfather Reischauer, 1974 WILL

THE U.S.A. BE REPLACED BY JAPAN? GUODONG CHEN, 2021-02-22 Ikokukai is an underground organization founded by former Japanese Kaigun Daisa named Shigenori Kami Ikokukai wielded pre existing mature technologies of many years ago in obtaining advanced nuclear weapons long range unmanned submarines heavyweight torpedos and stealth long range cruise missiles with full stealth and bypassed the anti missile system of the United States and destroyed a majority of military forces and all war potentials of the United States at one fell swoop in an instant The United States still remained unknown about where the attack came from after the event which led to the total casualties of 60 million and its disintegrating into

five nations Balance of Nuclear Terror among big powers was no longer in existence Underwater military revolution revealed in this book enables the United States not to enjoy military superiority The United States needs to seek cooperation with China so as to remedy the fatal flaw in its homeland defense
