## **Modern Love:**

**Modern Love** David Shumway, 2003-08 My ideas of romance came from the movies said Woody Allen and it is to the movies as well as to novels advice columns and self help books that David Shumway turns for his history of modern love Modern Love argues that a crisis in the meaning and experience of marriage emerged when it lost its institutional function of controlling the distribution of property and instead came to be seen as a locus for feelings of desire togetherness and loss Over the course of the twentieth century partly in response to this crisis a new language of love intimacy emerged not so much replacing but rather coexisting with the earlier language of romance Reading a wide range of texts from early twentieth century advice columns and their late twentieth century antecedent the relationship self help book to Hollywood screwball comedies and from the relationship films of Woody Allen and his successors to contemporary realist novels about marriages Shumway argues that the kinds of stories the culture has told itself have changed Part layperson's history of marriage and romance part meditation on intimacy itself Modern Love will be both amusing and interesting to almost anyone who thinks about relationships and who doesn't

**Modern Love** Marcus Collins, 2006-06 Private life has altered beyond all recognition during the past one hundred years Britain in 1900 was emerging from a Victorian era in which prudery patriarchal authority and pettifogging rules of etiquette were widely perceived to have circumscribed relations between men and women The twentieth century witnessed a reaction against this system of separate spheres spearheaded by reformers eager that the sexes become each other's equals and intimates Modern Love traces the trajectory of this new model of personal relationships over the course of the twentieth century from its emergence out of the crucible of the suffrage campaign through its reshaping by the women's liberation movement It explores its impact on smut merchants warring couples and teenagers as well as its reception by such diverse figures as Bertrand Russell and Germaine Greer It draws on sources as varied as suffragette propaganda banned sex manuals marriage counseling literature and pin up magazines Marcus Collins teaches modern British history at Emory University

**The Traffic in Poems** Meredith L. McGill, 2008 The transatlantic crossing of people and goods shaped nineteenth century poetry in surprising ways that cannot be fully understood through the study of separate national literary traditions American and British poetic cultures were bound by fascination envy influence rivalry recognition and piracy as well as by mutual fantasies about and competition over the Caribbean Drawing on examples such as Felicia Hemans's elaboration of the foundational American myth of Plymouth Rock Emma Lazarus's ambivalent welcome of Europe's cast off populations black abolitionist Mary Webb's European performances of Hiawatha and American reprints of Robert Browning and George Meredith the eleven essays in this book focus on poetic depictions of exile slavery immigration and citizenship and explore the often asymmetrical traffic between
