Cosmopolitans and Parochials Samuel C. Heilman, Steven M. Cohen, 1989 Far from simply vanishing in the face of modernity Orthodox Jews in the United States today are surviving and flourishing Samuel C Heilman and Steven M Cohen both distinguished scholars of Jewish studies have joined forces in this pathbreaking book to articulate this vibrancy and to characterize the many faces of Orthodox Jewry in contemporary America Who are these Orthodox Jews How have they survived what do they believe and practice and how do they accommodate the tension between traditional Jewish and modern American values Drawing on a survey of more than one thousand participants the authors address these questions and many more Heilman and Cohen reveal that American Jewish Orthodoxy is not a monolith by distinguishing its three broad varieties the traditionalists the

centrists and the nominally orthodox To illuminate this full spectrum of orthodoxy the authors focus on the centrists taking us through the dimensions of their ritual observances religious beliefs community life and their social political and sexual attitudes Both parochial and cosmopolitan orthodox and liberal these Jews are characterized by their dualism by their successful involvement in both the modern Western world and in traditional Jewish culture In painting this provocative and fascinating portrait of what Jewish Orthodoxy has become in America today Heilman and Cohen s study also sheds light on the larger picture of the persistence of religion in the modern world **A Modern Orthodox Life** Emanuel Rackman,2008

Religious Giving David H. Smith, 2010-04-06 Religious Giving considers the connection between religion and giving within the Abrahamic traditions Each contributor begins with the assumption that there is something inherently right or natural about the connection But what exactly is it To whom should we give how much should we give what is the relationship between our giving and our relationship to God Writing for the introspective donor congregational leader or student interested in ways of meeting human needs the authors focus on the philosophical or theological dimensions of giving The contributors goal is not to report on institutional practices but to provide thoughtful constructive guidance to the reader informed by a critical understanding of the religious traditions under review

Contemporary American Judaism Dana Evan Kaplan, 2011 No longer controlled by a handful of institutional leaders based in remote headquarters and rabbinical seminaries American Judaism is being transformed by the spiritual decisions of tens of thousands of Jews living all over the United States A pulpit rabbi and himself an American Jew Dana Evan Kaplan follows this religious individualism from its postwar suburban roots to the hippie revolution of the 1960s and the multiple postmodern identities of today From Hebrew tattooing to Jewish Buddhist meditation Kaplan describes the remaking of historical tradition in ways that channel multiple ethnic and national identities While pessimists worry about the vanishing American Jew Kaplan focuses on creative responses to contemporary spiritual trends that have made a Jewish religious renaissance possible He believes that the reorientation of American Judaism has been a bottom up process resisted by elites who have reluctantly responded to the demands of the spiritual marketplace The American Jewish denominational structure is therefore weakening at the same time that religious experimentation is rising leading to the innovative approaches supplanting existing institutions The result is an exciting transformation of what it means to be a religious American Jew in the twenty first century

The Impact of Globalization on the United States Michelle Bertho, Beverly Crawford, Edward A.
