Newsgathering On The Net:

Newsgathering on the Net Stephen Quinn, 2001 Second edition of a textbook for journalists and journalism students on using the internet for newsgathering Revised and updated to incorporate new developments in internet technology Covers using email listservs and newsgroups for newsgathering journalistic use of browsers finding information on the internet journalism resources on the internet and assessing information quality Includes figures glossary and index Author is a senior lecturer in journalism at Deakin University and runs training courses in computer assisted reporting He contributes regularly to newspapers and magazines *Online Newsgathering* Stephen Quinn, Stephen Lamb, 2008 This book is for the many journalists who didn't attend a formal journalism school before going to work those journalists who went to J school but did so before online information gathering was popular and for any student studying journalism in college today Satellite Newsgathering Jonathan Higgins, 2012-08-06 Praise for the first edition It is a wonderful source of information and has the merit of going straight to the subject being technically precise although very easy to understand There are numerous pictures photographs diagrams which make the reading a real pleasure European Broadcasting Union Technical Review The complexity of a satellite newsgathering system could be a four month long college course with a high tuition rate and an enrolment number so large you have to watch your professor on a TV screen Jonathan Higgins might have saved the independent learner a few attendance point deductions by fitting it into one book Satellite Broadband magazine An ideal introduction for anyone working or interested in satellite newsgathering SNG The new edition of this popular book builds upon the success of the first an important and valuable work that is extremely easy to read comprehensive in its treatment and detailed where necessary SNG used to be an immensely complex and expensive affair where broadcasting organizations were at the mercy of an expert who sat in a lonely corner until needed Things have changed everyone in a global news organization needs to know about it now This is not only because of the high costs of mistakes but because now even non technical journalists on the ground have to operate their own equipment Learn the skills basics of equipment cutting edge technology and critical safety issues of satellite newsgathering **Networked** Adrienne Russell, 2013-04-24 Journalism what happened In the last decade the industry and the profession have been rocked to the core Newspapers as consumer product are as ripe for comic mocking and satire as are the techniques of the journalism profession The contemporary death and life of journalism is the story of an historic cultural transition We have lived through the end of the mass media era and the beginning of the networked media era We took in news one way for a century and we simply don't do it like that anymore Networked A Contemporary History of News in Transition examines this moment in journalism the conditions that brought it about and the characteristics that have shaped it and will shape its future In crafting this sophisticated yet accessible study new media scholar Adrienne Russell draws on personal interviews with journalists and analysts at the center of the shift examines innovative and revealing digital news projects and underlines larger cultural changes that reflect the new news

reality Networked also examines emergent journalism practices that suggest the forces at work and the stakes involved in developments we have all experienced but caught up in the rush of change have had limited perspective to interpret

Understanding Journalism Lynette Sheridan Burns, 2002-04-22 This book examines the processes used by journalists to define identify evaluate and create journalism and explores the nature of news and the factors influencing news judgement considers the power journalists exercise in selecting the issues that become news looking at the ethical implications of these decisions focuses on primary research explores the processes used in deciding what to omit and what to include in the news depending on a targeted audience and considers the role of editing in journalism and how it affects media messages

News and the Net Barrie Gunter, 2015-07-16 Originally published in 2003 This book examines the growth of news provision on the internet and its implications for news presentation journalism practice news consumers and the business of running news organizations Much of the focus is placed on the migration of newspapers onto the internet but references are also made to the establishment of news websites by other organizations The book examines the growth of online technology as a source of information and entertainment and considers how this development can be framed within models of communication and comments on the apparent shortage of new models to explain the use role effectiveness and impact of online communications

Inside the BBC and CNN Lucy Küng-Shankleman, Lucy Küng, 2000 Inside the BBC and CNN provides a unique insight into two of the world's best known media organisations during a period of great change and new challenges The BBC and CNN have very different histories remits and identities but both must now compete to provide news in a media environment being reshaped by increasing competition globalisation digitisation and convergence In addition they face increasing pressures of criticism focussed on the struggle for ratings and the perceived dumbing down of programming Drawing on intensive research carried out among senior managers in both organisations Lucy Küng Shankleman's study explores the beliefs and attitudes that shape management priorities and broadcasting policy More controversially it examines how each organisation's distinct cultural beliefs about broadcasting's fundamental purpose about the nature of competition and about the relationship between competition and quality have laid the foundations for their current and past success but could now threaten to limit their ability to respond to the unprecedented changes underway in the world's media landscape
