No More Here And There Adopting The Older Child:

No More Here & There Ann Carney, 1976 *No More Here and There Adopting the Older Child* **No More Here and There** Ann Carney, 1976 *Adoption and Foster Care for Special Needs Children* Project Share, 1981 **Adoption for Troubled Children** Douglas Powers, 1984 Experienced staff members from a children's residential center describe the special preparation needed to insure the successful adoption of older troubled children. Written with enormous compassion and understanding, *Adoption for Troubled Children* addresses the special problems encountered in the adoption of older children and demonstrates the need for synchronized efforts between and among individuals and agencies to better prepare the youngsters and families for stable and permanent adoptions. Focusing on the best interests of these troubled and troubling children, the authors provide case descriptions, historical background, and even the words of adoptable children to make a convincing appeal for more thorough and effective prevention and resolution of the problems incurred in older child adoptions. *Children Today*, 1983 Formed Families Laraine Masters Glidden, 1990 This book is about adoptions where the adoptive child is handicapped. It documents how and why adoption has changed to a service that emphasizes parents for children rather than children for parents. **Blue-Ribbon Babies and Labors of Love** Christine Ward Gailey, 2010-02-01 Most Americans assume that shared genes or blood relationships provide the strongest basis for family. What can adoption tell us about this widespread belief and American kinship in general? *Blue Ribbon Babies and Labors of Love* examines the ways class, gender, and race shape public and private adoption in the United States. Christine Ward Gailey analyzes the controversies surrounding international, public, and transracial adoption and how the political and economic dynamics that shape adoption policies and practices affect the lives of people in the adoption nexus: adopters, adoptees, birth parents, and agents within and across borders. Interviews with white and African American adopters, adoption social workers, and adoption lawyers combined with her long-term participant observation in adoptive communities inform her analysis of how adopters' beliefs parallel or diverge from the dominant assumptions about kinship and family. Gailey demonstrates that the ways adoptive parents speak about their children vary across hierarchies of race, class, and gender. She shows that adopters' notions about their children's backgrounds and early experiences, as well as their own family values, influence child-rearing practices. Her extensive interviews with 131 adopters reveal profoundly different practices of kinship in the United States today. Moving beyond the ideology of blood is thicker than water, Gailey presents a new way of viewing kinship and family formation suitable to times of rapid social and cultural change. Adoption and Disruption Richard P. Barth, Marianne Berry, 2017-11-30 First Published in 2017. In this book, the authors move easily and often between the worlds of policy, practice, and research in child and family welfare. Their own research delineates better than any other to date the particular factors associated with successful and unsuccessful older special needs adoptions. Research Relating to Children, 1976 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1978
