

A person is silhouetted against a night sky filled with stars and the Milky Way. The person is standing on a dark, grassy hill. The sky is a mix of dark blue, purple, and orange, with the Milky Way appearing as a bright, pinkish-purple band of stars. The overall mood is contemplative and awe-inspiring.

There's a saying – there

Atheist in a Foxhole: One Man's Quest for Meaning Ruth Imler Langhinrichs,2015-05-26 The life of Richard Alan Langhinrichs is a remarkable journeyin his own words as he struggles with his personal demonsand in the words and remembrances of his family friends and colleagues He was awarded two medals for valor in Saipan during WWII where he proclaimed There are atheists in foxholes because Im one Dick enrolled in Northwestern University at the age of 17 joined a fraternity and wanting to appear blase because he was on a full scholarship was able to fulfill this ambition partly because he could play the piano with panache and savoir faire by imitating George Gershwin At the wars end he headed to New York City for a stage career while writing a novel and pursuing his lifelong quest for meaning but years later his midlife crisis changed the course of his journey The ministry would become his career but not until he had been a struggling novelist a successful real estate agent in New Yorks Greenwich Village and a highly paid business executive in Detroit Dick was a prolific reader and books that influenced his philosophy and his quest for meaning are listed as Sacred Texts at the end of Part I One Mans Journey **The Diary of Terror** Dawit Shifaw,2012-07-24 This book is about the rise of a military dictatorship that overthrew an African kingdom that ruled the country for centuries Emperor Haile Sellassie claimed to be King of Kings the lion of the tribe of Judea crumbled before both his peoples who hated and who worshipped him The military that overthrew the emperor did not have the wisdom to give leadership that the people had expected To learn how to lead the people the military council that was called Transition Military Council or Derg embraced the intellectuals who returned home from Europe and North America The educated Ethiopians advised the military leaders how to deal with former officials and what kind of policy they need to setup Taking this advice the Derg allowed several political parties to form As soon as this was done the educated Ethiopians advised the military to step down by giving power to the political parties But the military refused to do this In the power struggle between the educated class and the military the military turned to the muzzle of the gun while the intellectuals turned to the people to get mass support But mass support did not help against the gun In the meantime the struggle between the military and organized political parties encouraged ethnic conflict for secession which already existed in several regions They included TPLS of Eritrea OLF of the Oromo TPLF of Tigray and others In the struggle between these forces between 1974 and 1991 millions of people lost their lives This book is about how this happened in Ethiopia **Neugebauer Memorial Seminar on Color Reproduction** Kazuo Sayanagi,1990
