The Same but Different Jason Blake, Andrew C. Holman, 2017-08-21 From coast to coast hockey is played watched loved and detested but it means something different in Quebec Although much of English Canada believes that hockey is a fanatically followed social unifier in the French speaking province in reality it has always been politicized divided and troubled by religion class gender and language In *The Same but Different* writers from inside and outside Quebec assess the

game's history and culture in the province from the nineteenth century to the present. This volume surveys the past and present uses of hockey and how it has been represented in literature, drama, television, and autobiography. While the legendary Montreal Canadiens loom throughout the book's chapters, the collection also discusses Quebecers' favourite sport beyond the team's shadow. Employing a broad range of approaches including study of gender, memory, and culture, the authors examine how hockey has become a lightning rod for discussions about Quebec's identity. Hockey reveals much about Quebec and its relationship with the rest of Canada. *The Same but Different* brings new insights into the celebrated game as a site for community engagement, social conflict, and national expression. *NAFTA & Neocolonialism* Laurence French, Magdaleno Manzanárez, 2004-10-22

This work is a study of the impacts of the North American Free Trade Agreement (NAFTA). By focusing on the issue of justice in the contexts of globalization and neo-colonialism, the book contributes to a broader discussion of the significance of NAFTA. Authors Laurence French and Magdaleno Manzanárez emphasize cultural and ethnic issues in the relations of NAFTA partners and enrich treatment of the topic by bringing to bear sociology, political science, justice studies, psychology, and educational theory. The authors relate classical sociological theory to contemporary issues of social and criminal justice. *Rise to Greatness, Volume 2: Dominion (1867-1949)* Conrad Black, 2017-04-04

Sweeping, ambitious, and revelatory, this is the second volume in a major history of our country by one of our most respected thinkers and historians, a book every Canadian should own. From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada, a masterful, groundbreaking account of the people and events that shaped a nation. The second of three volumes spanning from the year 1867-1949, this compelling history challenges our perception of our history and Canada's role in the world, taking on sweeping themes and vividly recounting the story of Canada's development from colony to dominion to country. Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness, the opposite is in fact true: the emergence of a magnificent country against all odds was a remarkable achievement. Brilliantly conceived, this major new reexamination of our country's history is a riveting tour de force by one of the best writers writing today. **Difference and Community** Peter Easingwood, Konrad Gross, Lynette Hunter, 1996

This volume brings together essays which suggest that the relationship between Canada and Europe is a two-way process, as historically the traffic between them has been either way. Europe too acknowledges situations today in which difference and community are hard terms to reconcile. Difference refers to gender, sexuality, race, nationality, or language. Community is the collective understanding which must continually be renegotiated and reconstructed among these factors. The Canadian-European connection is one in which it seems especially appropriate to explore such circumstances. The topics covered include pioneer women's writing, transcultural women's fiction, canonical taxonomy of the contemporary novel, the city poem in Confederate Canada, poetry of the Great War, various ethno-cultural perspectives, Jewish, South Asian, Italian, Native reappropriations, Quebec cinema, literature, and the media and small press.

Frog Town Laurence Armand French, 2014-07-08 Frog Town describes in detail a French Canadian parish that was unique due to the high density of both Acadian and Quebecois settlers that were situated in a Yankee stronghold of Puritan stock This demography provided for a volatile history that accentuated the inter ethnic sectarian conflicts of the time In this book Laurence Armand French discusses the work language and social activities of the working class French Canadians during the changing times that transformed them from French Canadians to Franco Americans French also articulates the current double standard of justice within New Hampshire with details of actual cases presented alongside their circumstances and judicial outcomes to offer a thorough depiction of the community of Frog Town

"Race," Rights and the Law in the Supreme Court of Canada James W. St.G. Walker, 2006-01-01 Four cases in which the legal issue was race that of a Chinese restaurant owner who was fined for employing a white woman a black man who was refused service in a bar a Jew who wanted to buy a cottage but was prevented by the property owners association and a Trinidadian of East Indian descent who was acceptable to the Canadian army but was rejected for immigration on grounds of race drawn from the period between 1914 and 1955 are intimately examined to explore the role of the Supreme Court of Canada and the law in the racialization of Canadian society With painstaking research into contemporary attitudes and practices Walker demonstrates that Supreme Court Justices were expressing the prevailing common sense about race in their legal decisions He shows that injustice on the grounds of race has been chronic in Canadian history and that the law itself was once instrumental in creating these circumstances The book concludes with a controversial discussion of current directions in Canadian law and their potential impact on Canada's future as a multicultural society

Montreal After Dark Matthieu Caron, 2025-05-13 Sex and jazz liquor and gambling Montreal in the early twentieth century was a city that offered an exceptional nighttime scene in

North America By mid century that scene came under scrutiny and Montreal's influential mayor Jean Drapeau would be elected for the first time on a reformist platform that promised to end corruption Over more than three decades Drapeau would endeavour to transform Montreal into a world class global city by regulating its nightlife Montreal After Dark chronicles the spaces where nighttime regulations were enforced and contested City authorities understood the night as enabling disorder and they reorganized policing and crafted bylaws to gain control over it Police and politicians mutually reinforced each other's drive to morally cleanse the urban landscape especially for international events like Expo 67 and the 1976 Olympics But in an era of social unrest Drapeau's administration also found itself responding to the protective services discontent The political culture of the city was quickly transformed following terrifying nights without their services Matthieu Caron shows how in an effort to incorporate the night into the expansionary tendencies of consumer capitalism municipal authorities took sides in a debate over who had the right to public space at night what constituted acceptable behaviour or expression whose sexual activity sustained the social order and whose threatened to destroy it In terms that are strikingly familiar today Montreal After Dark elucidates how the desires of politicians would come to reorganize how consumption and leisure labour and dissent noise sex and art were lived in Montreal after the sun went down
