Patience Compassion Hope And The Christian Art Of Dying Well:

Patience, Compassion, Hope, and the Christian Art of Dying Well Christopher P. Vogt, 2004 By mining the rich tradition of virtue ethics Christopher Vogt uses the virtues of patience compassion and hope as a framework for specifying the shape of a good death and for naming the practices Christians should develop to live well and die well Bringing together historical biblical and contemporary sources in Christian ethics Vogt provides a long overdue theological analysis of the ars moriendi or art of dying literature of four centuries ago Through a careful analysis of Luke's passion narrative Vogt uses Jesus as the primary model for being patient in the face of death and for dying well

Patience—A Theological Exploration Paul Dafydd Jones, 2022-11-17 What does it mean to exercise patience What does it mean to endure to wait and to persevere and on other occasions to reject patience in favor of resistance haste and disruptive action And what might it mean to describe God as patient Might patience play a leading role in a Christian account of God's creative work God's relationship to ancient Israel God's governance of history and God's saving activity The first instalment of *Patience A Theological Exploration* engages these questions in searching imaginative and sometimes surprising ways Following reflections on the biblical witness and the nature of constructive theological inquiry its interpretative chapters engage landmark works by a number of ancient medieval modern and contemporary authors disclosing both the promise and peril of talk about patience Patience stands at the center of this innovative account of God's creative work God's relationship with ancient Israel creaturely sin scripture and God's broader providential and salvific purposes

Law's Virtues Cathleen Kaveny, 2012-09-20 Can the law promote moral values even in pluralistic societies such as the United States Drawing upon important federal legislation such as the Americans with Disabilities Act legal scholar and moral theologian Cathleen Kaveny argues that it can In conversation with thinkers as diverse as Thomas Aquinas Pope John Paul II and Joseph Raz she argues that the law rightly promotes the values of autonomy and solidarity At the same time she cautions that wise lawmakers will not enact mandates that are too far out of step with the lived moral values of the actual community According to Kaveny the law is best understood as a moral teacher encouraging people to act virtuously rather than a police officer requiring them to do so In *Law's Virtues* Kaveny expertly applies this theoretical framework to the controversial moral legal issues of abortion genetics and euthanasia In addition she proposes a moral analysis of the act of voting in dialogue with the election guides issued by the US bishops Moving beyond the culture wars this bold and provocative volume proposes a vision of the relationship of law and morality that is realistic without being relativistic and optimistic without being utopian

with You, Rest in Peace Sue Witty, 2020-12-09 Hospital and hospice chaplains are expected to assist individuals and families face the reality of their mortality via a gentle calming presence To the greatest extent possible chaplains help people die with an awareness of being loved of loving and forgiving and of gratitude for the life they have lived But terminal agitation and spiritual distress are common components of the final stage of life How do professional chaplains honor and attend to each individual's spiritual religious needs to the best of their abilities in the days preceding death This book explores that critical question **The Evening of Life** Joseph E. Davis, Paul Scherz, 2020-09-30 Although philosophy religion and civic cultures used to help people prepare for aging and dying well this is no longer the case Today aging is frequently seen as a problem to be solved and death as a harsh reality to be masked In part our cultural confusion is rooted in an inadequate conception of the human person which is based on a notion of absolute individual autonomy that cannot but fail in the face of the dependency that comes with aging and decline at the end of life To help correct the ethical impoverishment at

the root of our contemporary social confusion The Evening of Life provides an interdisciplinary examination of the challenges of aging and dying well It calls for a re envisioning of cultural concepts practices and virtues that embraces decline dependency and finitude rather than stigmatizes them Bringing together the work of sociologists anthropologists philosophers theologians and medical practitioners this collection of essays develops an interrelated set of conceptual tools to discuss the current challenges posed to aging and dying well such as flourishing temporality narrative and friendship Above all it proposes a positive understanding of thriving in old age that is rooted in our shared vulnerability as human beings It also suggests how some of these tools and concepts can be deployed to create a medical system that better responds to our contemporary needs The Evening of Life will interest bioethicists medical practitioners clinicians and others involved in the care of the aging and dying Contributors Joseph E Davis Sharon R Kaufman Paul Scherz Wilfred M McClay Kevin Aho Charles Guignon Bryan S Turner Janelle S Taylor Sarah L Szanton Janiece Taylor and Justin Mutter Life, Death, and Christian Hope Daneen Georgy Warner, 2009 This book challenges Christians to reframe dying and death in three ways First Christians should acknowledge the truth about the human condition Having done so Christians are then free to accept lament as an important Christian practice for moving from a dependency on human hope to hope in God or divine hope Second with lament Christians are better able to accept death and dying in response to the Good News of Holy Scripture Baptism and Eucharist The Good News is Christ has died Christ is risen Christ will come again the mystery of faith and source of Christian hope This hope through God s grace moves Christians to love others within an eschatological community that transcends both time and place Third Christians transform faith communities in light of the Good News so that love flourishes in daily dying to self through beatitudinal living for others As a result the preparation of daily dying forms Christians to accept mortality not as the worst evil to resist in every way but rather as the final stage of a life long journey with Christ into eternal life The book challenges Christians both clergy and laypersons to consider this perspective This challenge is supported with both scriptural and theological explanations as well as practical observations for reflection from unscientific discussions with twenty Christians both clergy and church member from five different Christian traditions On Moral Medicine M. Therese Lysaught, Joseph Kotva, Stephen E. Lammers, Allen Verhey, 2012-07-20 In print for more than two decades On Moral Medicine remains the definitive anthology for Christian theological reflection on medical ethics This third edition updates and expands the earlier awardwinning volumes providing classrooms and individuals alike with one of the finest available resources for ethics engaged modern medicine Dictionary of Scripture and Ethics Joel B.
