Flesh of My Flesh Kaja Silverman, 2009-10-28 What is a woman What is a man How do they and how should they relate to each other Does our yearning for wholeness refer to something real and if there is a Whole what is it and why do we feel so estranged from it For centuries now art and literature have increasingly valorized uniqueness and self sufficiency The theoreticians who loom so large within contemporary thought also privilege difference over similarity Silverman reminds us that this is but half the story and a dangerous half at that for if we are all individuals we are doomed to be rivals and enemies A much older story one that prevailed through the early modern era held that likeness or resemblance was what organized the universe and that everything emerges out of the same flesh Silverman shows that analogy so discredited by much of twentieth century thought offers a much more promising view of human relations In the West the emblematic story of turning away is that of Orpheus and Eurydice and the heroes of Silverman's sweeping new reading of nineteenth and twentieth century culture the modern heirs to the old analogical view of the world also gravitate to this myth They embrace the correspondences that bind Orpheus to Eurydice and acknowledge their kinship with others past and present The first half of this book assembles a cast of characters not usually brought together Friedrich Nietzsche Sigmund Freud Marcel Proust Lou Andr  as Salom Romain Rolland Rainer Maria Rilke Wilhelm Jensen and Paula Modersohn Becker The second half is devoted to three contemporary artists whose works we see in a moving new light Terrence Malick James Coleman and Gerhard Richter

Women Artists in Expressionism Shulamith Behr, 2022-11-15 A beautifully illustrated examination of the women artists whose inspired search for artistic integrity and equality influenced Expressionist avant garde culture Women Artists in Expressionism explores how women negotiated the competitive world of modern art during the late Wilhelmine and early Weimar periods in Germany Their stories challenge predominantly male oriented narratives of Expressionism and shed light on the divergent artistic responses of women to the dramatic events of the early twentieth century Shulamith Behr shows how the posthumous critical reception of Paula Modersohn Becker cast her as a prime agent of the feminization of the movement and how K the Kollwitz used printmaking as a vehicle for technical innovation and sociopolitical commentary She looks at the dynamic relationship between Marianne Werefkin and Gabriele M nter whose different paths in life led them to the Blaue Reiter a group of Expressionist artists that included Wassily Kandinsky and Paul Klee Behr examines Nell Walden's role as an influential art dealer collector and artist who promoted women Expressionists during the First World War and discusses how Dutch artist Jacoba van Heemskerck's spiritual abstraction earned her the status of an honorary German Expressionist She demonstrates how figures such as Rosa Schapire and Johanna Ey contributed to the development of the movement as spectators critics and collectors of male avant gardism Richly illustrated Women Artists in Expressionism is a women centered history that reveals the importance of emancipative ideals to the shaping of modernity and the avant garde

overlap with children's literature and culture in the Golden Age. The ideas explored by artists such as Florence Upton, Henri Rousseau, Sir William Nicholson, Paula Modersohn-Becker, and Marc Chagall had been disseminated widely in cultural productions for children; their work in turn influenced children's culture. These artists turned to children's culture as a new way of seeing, allied to a contemporary interest in international artistic styles. Children's culture also has strong ties to decadence and to the grotesque, the latter of which became a distinctively Modernist vision. This book visits the qualities of the era that were defined as uniquely childlike: the relation of childhood to high and low art and the relation of children's literature to fin de siècle artistic trends. Topics of interest include the use of non-European figures, the Golliwogg, approaches to religion and pedagogy, to oppression and motherhood, to Nature in a post-Darwinian world, and to vision in art and life. Olson's unique focus covers new ground by concentrating not simply on children's literature but on how childhood experiences and culture figure in art.

Women, Art, and Society (Sixth) (World of Art) Whitney Chadwick, 2020-09-08
A new edition of the groundbreaking book by Whitney Chadwick maps the complete history of women artists from the Middle Ages and the Renaissance to today. Art historian Whitney Chadwick's acclaimed bestselling study challenges the assumption that great women artists are exceptions to the rule who transcended their gender to produce major works of art. While introducing some of the many women since the Middle Ages whose contributions to visual culture have often been neglected, Chadwick's survey reexamines the works themselves and the ways in which they have been perceived as marginal, often in direct reference to gender. In her discussion of feminism and its influence on such a reappraisal, she also addresses the closely related issues of ethnicity, class, and sexuality. This revised edition features a completely redesigned interior and full color illustrations. With a new preface and epilogue from this emerging authority on the history of women artists, curator and professor Flavia Frigeri, this revised edition continues the project of charting the evolution of feminist art history and pedagogy, revealing how artists have responded to new strategies of feminism for the current moment.

Voice of Her Own Marlene A. Schiwy, 1996-05-27
As writers such as Virginia Woolf, Audre Lorde, and Anais Nin recognized, keeping a journal is a powerful tool of creative expression and self-healing. In *A Voice of Her Own*, a companion for both new and longtime diarists, Marlene Schiwy shows that journal writing is the ideal way to find one's individual voice, an opportunity for women to explore feelings, intuitions, perceptions, and ideas often suppressed in our society and to record the truths of their own experience. Schiwy invites readers to share the journeys other women have made toward selfhood and encourages them to begin a journey of their own. She weaves together passages from published and unpublished journals, from works of literature, psychology, and women's studies with her personal insights. *A Voice of Her Own* is a treasure chest of inspiration for every woman seeking deeper self-awareness and new outlets for creativity.

Rural Artists' Colonies in Europe, 1870-1910 Nina Lübbren, 2001
This ground-breaking book presents a critical study of pictorial narrative in nineteenth-century European painting. Covering works from France, Germany, Britain, Italy, and elsewhere, it traces the ways in which immensely popular

artists like Jean L on G r me Karl von Piloty and William Quiller Orchardson used unique visual strategies to tell thrilling and engaging stories Regardless of genre content or national context these paintings share a fundamental modern narrative mode Unlike traditional art they do not rely on textual sources nor do they tell stories through the human body alone Instead they experiment with objects spaces cause and effect relations and open ended ambiguity prompting viewers and reviewers to read for clues in order to weave their own elaborate tales *Dear Friend* Eric Torgersen,1998 This work provides an exploration of the personal and professional relationship between artists Rainer Maria Rilke and Paula Modersohn Becker

Personal Effects Sonia Wilson,2017-12-02 Five months before her death of tuberculosis in 1884 Marie Bashkirtseff an aspiring artist and a would be mondaine composed a preface to her personal diary In it she brazenly declared that in the event of her early death her diary was to be published Three years later a truncated version of the diary appeared Translated into English championed by Barres and Gladstone taken up by young diarists from France to the US the diary created a major sensation remaining standard reading for young women in both the anglophone and francophone worlds until the 1930s The first full length study to explore the questions that reading Bashkirtseff s journal raises with respect to both genre and gender construction *Personal Effects* examines the genre and gender issues at stake in Bashkirtseff s bid to go public with the personal and explores the discursive strategies by which Bashkirtseff writes her journal from the private context of its keeping to a public context of reading Wilson reads the diary as a performance of writing one in which a display of the personal mediates between the subjective and the social the private and the public **Art Books** Wolfgang M.

Freitag,2013-10-28 First published in 1997 For this second edition of *Art Books A Basic Bibliography of Monographs on Artists* the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition **Lost Son** M Allen Cunningham,2008-04-01 Spanning western Europe from 1875 to 1917 and presenting a gothic historical Paris that subverts our old assumptions regarding the City of Light M Allen

Cunningham s new novel brings a brooding atmosphere and human complexity to an intimate and imaginative portrait of one of the most uniquely sensitive artists of his time a poet whose odd childhood and difficult early life will both fascinate and perhaps help explain his determination to stay true to his artistic vision at almost any cost Here is Rainer Maria Rilke in the grip of his greatest artistic struggle life itself Rilke s gripping emotional drama as child lover husband father prot g misfit soldier and wanderer is framed by a haunted young figure a researcher who a century later feels compelled to trace Rilke s

itinerant footsteps and those of Rilke's fictional alter ego the bewitched poet Malte Laurids Brigge. The result is an exploration of the forever imperfect loyalties we face in work and life, the seemingly immeasurable distances that can separate life and art, and the generational tensions between masters and admirers.
