1 KOSMOAUTIKON has information of the long count of the Human Condition No other work of American literature observes the ancient origins of the human genome No other poem projects the force of the strong poet into a Space faring civilization
 2 KOSMOAUTIKON does not repeat any modernist cliché s Modernism can only detect modernism Modern literature can only regurgitate modernist linguistic codices a fascination with disease medical mythos and the omnipotence of laboratory science KOSMOAUTIKON accuses the madness of this modernist experiment Instead KOSMOAUTIKON detects the astral position of the human mind A story is told that places man in a position of power in relation to the universe Modernism makes treats men and parasites In story Theory man is the center of all things since only the human has a terra forming mind 3 KOSMOAUTIKON creates a new linguistic codex to project a new advance in the human Genome A new linguistic structure must always prepare the way for any human advance I had to remove your planet and then your bones 4 KOSMOAUTIKON tells the story of Rogue males Who are our rogue males Alexander Christ Cesar Dante Michelangelo Leonardo Da Vinci Caravaggio Henry VIII Edward De Vere Shake speare Beethoven Francis bacon Oscar Wilde etc Western civilization has been made by rogue males No other modern text would even dare to discuss the power of the rogue male Modernism seeks to inoculate medicate or incarcerate the rogue male early Yet there will be rogues makes again and they will change the human genome This is the story of KOSMOAUTIKON Five 5 There is no other document that contains future speech No Western person can be educated without first reading KOSMOAUTIKON Most googled favorite lines from KOSMOAUTIKON 1 We had to remove your planet then your bones 2 Observe my second sweat condense the juice loving bark my song recovered stitch all numbered kiss close fit 3 then fix my sleep at that beam all speeding from glow emitting north my eye abreast a lover s shard of light 4 The caldron planet still beacons red 5 You will not miss the globular element of your fire burned ancestors 6 When you could not yourself believe I made you diamond tablets of belief When you yourself could not detect the sky I wrote the sun for you each day new When you by yourself were congealed as frost I dipped your brittle mouth still blue and flaked When you could not lift your hands yourself to count I raised your arm to rage against the beats of breath **Essential**

The Taking of K-129 Josh Dean, 2017 In the early hours of February 25 1968 Russian nuclear armed submarine K 129 left Siberia on a routine combat patrol to Hawaii Then it vanished As the Soviet Navy searched in vain for the lost vessel a small highly classified American operation found it wrecked at the bottom of the Pacific Ocean The sub lay three miles down but the potential intelligence assets on board the nuclear warheads battle orders and cryptological machines presented an extraordinary opportunity So began Project Azorian a top secret mission that took six years cost an estimated 800 million and would become the largest and most daring covert operation in history After the US Navy declared retrieving the sub impossible the mission fell to the CIA s burgeoning Directorate of Science and Technology which commissioned the most expensive ship ever built the Hughes Glomar Explorer and told the world that it belonged to the reclusive billionaire Howard Hughes who would use the mammoth vessel to mine rare minerals from the ocean floor In reality a vast network of spies scientists and engineers attempted a project even crazier than Hughes s reputation raising the sub directly under the watchful eyes of the Russians at a time when nuclear annihilation was a constant fear and the opportunity to gain even the slightest advantage over one s enemy was worth massive risk Jacket **A Rogue's Tragedy** Bernard Capes, 1906 The Academy, 1894
