

Rights Talk The Impoverishment Of American Political Discourse

Stephen M. Engel

Rights Talk The Impoverishment Of American Political Discourse:

Rights Talk Mary Ann Glendon, 1991 Never before have claims of individual rights of behavior and expression been so absolute or so divine Harvard law professor Mary Ann Glendon traces the evolution of this distinctively American dialect of rights talk since WWII and shows how it has reduced our political discourse to stark and simple terms

Rights Talk Mary Ann Glendon, 1993 Political speech in the United States is undergoing a crisis Glendon's acclaimed book traces the evolution of the strident language of rights in America and shows how it has captured the nation's devotion to individualism and liberty but omitted the American traditions of hospitality and care for the community

The Oxford Handbook of American Political History Paula Baker, Donald T. Critchlow, 2020-03-06 American political and policy history has revived since the turn of the twenty-first century After social and cultural history emerged as dominant forces to reveal the importance of class race and gender within the United States the application of this line of work to American politics and policy followed In addition social movements particularly the civil rights and feminism helped rekindle political and policy history As a result a new generation of historians turned their attention to American politics Their new approach still covers traditional subjects but more often it combines an interest in the state politics and policy with other specialties urban labor social and race among others within the history and social science disciplines The Oxford Handbook of American Political History incorporates and reflects this renaissance of American political history It not only provides a chronological framework but also illustrates fundamental political themes and debates about public policy including party systems women in politics political advertising religion and more Chapters on economy defense agriculture immigration transportation communication environment social welfare health care drugs and alcohol education and civil rights trace the development and shifts in American policy history This collection of essays by 29 distinguished scholars offers a comprehensive overview of American politics and policy

The Rights Turn in Conservative Christian Politics Andrew R. Lewis, 2017-10-19 The Rights Turn in Conservative Christian Politics documents a recent fundamental change in American politics with the waning of Christian America Rather than conservatives emphasizing morality and liberals emphasizing rights both sides now wield rights arguments as potent weapons to win political and legal battles and build grassroots support Lewis documents this change on the right focusing primarily on evangelical politics Using extensive historical and survey data that compares evangelical advocacy and evangelical public opinion Lewis explains how the prototypical culture war issue abortion motivated the conservative rights turn over the past half century serving as a springboard for rights learning and increased conservative advocacy in other arenas Challenging the way we think about the culture wars Lewis documents how rights claims are used to thwart liberal rights claims as well as to provide protection for evangelicals whose cultural positions are increasingly in the minority they have also allowed evangelical elites to justify controversial advocacy positions to their base and to engage more easily in broad rights claiming in new or expanded political arenas from health care to capital punishment

When

the State Speaks, What Should It Say? Corey Brettschneider, 2016-05-31 How should a liberal democracy respond to hate groups and others that oppose the ideal of free and equal citizenship The democratic state faces the hard choice of either protecting the rights of hate groups and allowing their views to spread or banning their views and violating citizens rights to freedoms of expression association and religion Avoiding the familiar yet problematic responses to these issues political theorist Corey Brettschneider proposes a new approach called value democracy The theory of value democracy argues that the state should protect the right to express illiberal beliefs but the state should also engage in democratic persuasion when it speaks through its various expressive capacities publicly criticizing and giving reasons to reject hate based or other discriminatory viewpoints Distinguishing between two kinds of state action expressive and coercive Brettschneider contends that public criticism of viewpoints advocating discrimination based on race gender or sexual orientation should be pursued through the state s expressive capacities as speaker educator and spender When the state uses its expressive capacities to promote the values of free and equal citizenship it engages in democratic persuasion By using democratic persuasion the state can both respect rights and counter hateful or discriminatory viewpoints Brettschneider extends this analysis from freedom of expression to the freedoms of religion and association and he shows that value democracy can uphold the protection of these freedoms while promoting equality for all citizens *Liberalism Beyond Justice* John Tomasi, 2001-02-11 Liberal regimes shape the ethical outlooks of their citizens relentlessly influencing their most personal commitments over time On such issues as abortion homosexuality and women s rights many religious Americans feel pulled between their personal beliefs and their need as good citizens to support individual rights These circumstances argues John Tomasi raise new and pressing questions Is liberalism as successful as it hopes in avoiding the imposition of a single ethical doctrine on all of society If liberals cannot prevent the spillover of public values into nonpublic domains how accommodating of diversity can a liberal regime actually be To what degree can a liberal society be a home even to the people whose viewpoints it was formally designed to include To meet these questions Tomasi argues the boundaries of political liberal theorizing must be redrawn Political liberalism involves more than an account of justified state coercion and the norms of democratic deliberation Political liberalism also implies a distinctive account of nonpublic social life one in which successful human lives must be built across the interface of personal and public values Tomasi proposes a theory of liberal nonpublic life To live up to their own deepest commitments to toleration and mutual respect liberals he insists must now rethink their conceptions of social justice civic education and citizenship itself The result is a fresh look at liberal theory and what it means for a liberal society to function well Free Speech in Its Forgotten Years, 1870-1920 David M. Rabban, 1997 Most American historians and legal scholars incorrectly assume that controversies and litigation about free speech began abruptly during World War I However there was substantial debate about free speech issues between the Civil War and World War I Important free speech controversies often involving the activities of sex reformers and labor unions preceded the Espionage Act of 1917

Scores of legal cases presented free speech issues to Justices Holmes and Brandeis. A significant organization, the Free Speech League, became a principled defender of free expression two decades before the establishment of the ACLU in 1920. World War I produced a major transformation in American liberalism. Progressives who had viewed constitutional rights as barriers to needed social reforms came to appreciate the value of political dissent during its wartime repression. They subsequently misrepresented the prewar judicial hostility to free speech claims and obscured prior libertarian defenses of free speech based on commitments to individual autonomy.

Judging Democracy Christopher Manfredi, Mark Rush, 2008-03-01. In *Judging Democracy*, Christopher Manfredi and Mark Rush challenge assertions that the Canadian and American Supreme Courts have taken radically different approaches to constitutional interpretation regarding general and democratic rights. Three case studies compare Canadian and American law concerning prisoners' voting rights, the scope and definition of voting rights, and campaign spending. These examples demonstrate that the two Supreme Courts have engaged in essentially the same debates concerning the franchise, access to the ballot, and the concept of a meaningful vote. They reveal that the American Supreme Court has never been entirely individualistic in its interpretation and protection of constitutional rights and that there are important similarities in the two Supreme Courts' approaches to constitutional interpretation. Furthermore, the authors demonstrate that an astonishing convergence has occurred in the two courts' thinking concerning the integrity of the democratic process and the need for the judiciary to monitor legislative attempts to regulate the political process in order to promote or ensure political equality. Growing numbers of justices in both courts are now wary of legislative attempts to cloak laws designed to protect incumbents through electoral reform. *Judging Democracy* thus points to a new direction not only in judicial review and constitutional interpretation but also in democratic theory.

Puerto Rican Citizen Lorrin Thomas, 2010-06-15. By the end of the 1920s, just ten years after the Jones Act first made them full-fledged Americans, more than 45,000 native Puerto Ricans had left their homes and entered the United States citizenship papers in hand, forming one of New York City's most complex and distinctive migrant communities. In *Puerto Rican Citizen*, Lorrin Thomas, for the first time, unravels the many tensions—historical, racial, political, and economic—that defined the experience of this group of American citizens before and after World War II. Building its incisive narrative from a wide range of archival sources, interviews, and first-person accounts of Puerto Rican life in New York, this book illuminates the rich history of a group that is still largely invisible to many scholars. At the center of *Puerto Rican Citizen* are Puerto Ricans' own formulations about political identity, the responses of activists and ordinary migrants to the failed promises of American citizenship, and their expectations of how the American state should address those failures. Complicating our understanding of the discontents of modern liberalism, of race relations beyond black and white, and of the diverse conceptions of rights and identity in American life, Thomas's book transforms the way we understand this community's integral role in shaping our sense of citizenship in twentieth-century America.

The Varieties of British Political Thought, 1500-1800 J. G. A.

Pocock, Gordon J. Schochet, Lois Schwoerer, 1993 A history of political debate and theory in England later Britain between the English Reformation and French Revolution Contemporary Political Thought Alan Finlayson, 2003-09 Contemporary Political Theory is a foundation textbook in political thought *The Lost History of Liberalism* Helena Rosenblatt, 2020-02-04 The Lost History of Liberalism challenges our most basic assumptions about a political creed that has become a rallying cry and a term of derision in today's increasingly divided public square Taking readers from ancient Rome to today Helena Rosenblatt traces the evolution of the words liberal and liberalism revealing the heated debates that have taken place over their meaning In this timely and provocative book Rosenblatt debunks the popular myth of liberalism as a uniquely Anglo American tradition centered on individual rights It was only during the Cold War and America's growing world hegemony that liberalism was refashioned into an American ideology focused so strongly on individual freedoms **The Culturalist Challenge to Liberal Republicanism** Michael Lutz, 2017-09-13 It is tempting to think of liberal democracy in terms of immortality Democracies have survived wars and depressions Nazis and communists so much so that at the end of the Cold War Francis Fukuyama famously declared the end of history In *The Culturalist Challenge to Liberal Republicanism* Michael Lutz assesses the risks that multiculturalism and other forms of culturalism pose to liberal democracy Establishing the nature of the current regime and exploring the emergence of a cogent theory of justice grounded in both liberal and republican theory Lutz demonstrates the inconsistencies between liberal republicanism and culturalist theories of justice Exploring both the institutional and cultural effects of the tension between culturalism and liberal republicanism he seeks a balanced view that falls somewhere between Fukuyama's optimism for regime mortality and the pessimism inherent in the work of more conservative theorists like Samuel Huntington Lutz concludes that the narrowness of liberal republican justice is ameliorated by multiculturalism but the hidden danger is that multiculturalism can serve as a stalking horse for more pernicious agendas Given the increasing cultural diversity faced by North American and European nations *The Culturalist Challenge to Liberal Republicanism* has important implications for political stability in the twenty first century

The Oxford Handbook of the U.S. Constitution Mark Tushnet, Mark A. Graber, Sanford Levinson, 2015-07-31 The Oxford Handbook of the U S Constitution offers a comprehensive overview and introduction to the U S Constitution from the perspectives of history political science law rights and constitutional themes while focusing on its development structures rights and role in the U S political system and culture This Handbook enables readers within and beyond the U S to develop a critical comprehension of the literature on the Constitution along with accessible and up to date analysis The historical essays included in this Handbook cover the Constitution from 1620 right through the Reagan Revolution to the present Essays on political science detail how contemporary citizens in the United States rely extensively on political parties interest groups and bureaucrats to operate a constitution designed to prevent the rise of parties interest group politics and an entrenched bureaucracy The essays on law explore how contemporary citizens appear to expect and accept the exertions of

power by a Supreme Court whose members are increasingly disconnected from the world of practical politics Essays on rights discuss how contemporary citizens living in a diverse multi racial society seek guidance on the meaning of liberty and equality from a Constitution designed for a society in which all politically relevant persons shared the same race gender religion and ethnicity Lastly the essays on themes explain how in a globalized world people living in the United States can continue to be governed by a constitution originally meant for a society geographically separated from the rest of the civilized world Whether a return to the pristine constitutional institutions of the founding or a translation of these constitutional norms in the present is possible remains the central challenge of U S constitutionalism today *Contesting Democracy* Byron E. Shafer, Anthony J. Badger, 2001 Leading scholars provide a comprehensive history of two centuries of U S politics Contributions from a who's who of political historians **The Oxford Encyclopedia of American Political and Legal History**, 2012-04-17 The Oxford Encyclopedia of American Political and Legal History brings together in one authoritative reference work an unparalleled wealth of information about the laws institutions and actors that have governed America throughout its history Embracing the interconnectedness of politics and law The Encyclopedia addresses all aspects of both spheres from presidents and Supreme Court justices to specifics of policy history critical legislation and party formation Entries capture the unique nature of the nation's founding principles embodied in the Constitution the expansive nature of American democracy political conflict and compromise and the emergence of the modern welfare and regulatory state all of which evince the tensions contradictions and possibilities manifest throughout America's history Clearly demonstrating how US politics and law have evolved since the colonial era The Encyclopedia encourages readers to anticipate further changes With over 450 articles by expert scholars each signed entry features numerous cross references and discussion of political and legal history as well as additional sources for further study This two volume A to Z compendium is a reference work of unparalleled depth and scope and will introduce a new generation of readers to the complexities of this dynamic field of study It also features extensive cross referencing a topical outline and a subject index

Citizens and Citoyens Mark Hulliung, 2002-11-04 In a tour de force of comparative intellectual history Mark Hulliung sharply challenges conventional wisdom about the political nature of the sister republics America and France Hulliung argues that the standard American account of a continuous Jacobin republican tradition illiberal to the core is fatally misleading In reality it was the nineteenth century French liberals who undermined the cause of liberalism and it was French republicans who eventually saved liberal ideals And comparison with France provides compelling evidence that the American republic was from the beginning both liberal and republican Americans have been engaged in the right debate wrong country Antiliberal intellectuals New Leftists neoconservatives and communitarians alike have disfigured much of the republican scholarship by falsely conjuring up a history of the United States wherein rooted and moral republicans once held sway where today we encounter uprooted and amoral liberals Lively stimulating and sure to be controversial *Citizens and Citoyens*

is a valuable contribution to the political culture debate *Fragmented Citizens* Stephen M. Engel, 2019-06-01 A sweeping historical and political account of how our present day policy debates around citizenship and equality came to be The landmark Supreme Court decision in June 2015 legalizing the right to same sex marriage marked a major victory in gay and lesbian rights in the United States Once subject to a patchwork of laws granting legal status to same sex couples in some states and not others gay and lesbian Americans now enjoy full legal status for their marriages wherever they travel or reside in the country For many the Supreme Court's ruling means that gay and lesbian citizens are one step closer to full equality with the rest of America In *Fragmented Citizens* Stephen M Engel contends that the present moment in gay and lesbian rights in America is indeed one of considerable advancement and change but that there is still much to be done in shaping American institutions to recognize gays and lesbians as full citizens With impressive scope and fascinating examples Engel traces the relationship between gay and lesbian individuals and the government from the late nineteenth century through the present Engel shows that gays and lesbians are more accurately described as fragmented citizens Despite the marriage ruling Engel argues that LGBT Americans still do not have full legal protections against workplace housing family and other kinds of discrimination There remains a continuing struggle of the state to control the sexuality of gay and lesbian citizens they continue to be fragmented citizens Engel argues that understanding the development of the idea of gay and lesbian individuals as less than whole citizens can help us make sense of the government's continued resistance to full equality despite massive changes in public opinion Furthermore he argues that it was the state's ability to identify and control gay and lesbian citizens that allowed it to develop strong administrative capacities to manage all of its citizens in matters of immigration labor relations and even national security The struggle for gay and lesbian rights then affected not only the lives of those seeking equality but also the very nature of American governance itself *Fragmented Citizens* is a sweeping historical and political account of how our present day policy debates around citizenship and equality came to be Political Constitutionalism Richard Bellamy, 2007-09-13 Judicial review by constitutional courts is often presented as a necessary supplement to democracy This book questions its effectiveness and legitimacy Drawing on the republican tradition Richard Bellamy argues that the democratic mechanisms of open elections between competing parties and decision making by majority rule offer superior and sufficient methods for upholding rights and the rule of law The absence of popular accountability renders judicial review a form of arbitrary rule which lacks the incentive structure democracy provides to ensure rulers treat the ruled with equal concern and respect Rights based judicial review undermines the constitutionality of democracy Its counter majoritarian bias promotes privileged against unprivileged minorities while its legalism and focus on individual cases distort public debate Rather than constraining democracy with written constitutions and greater judicial oversight attention should be paid to improving democratic processes through such measures as reformed electoral systems and enhanced parliamentary scrutiny **American Political Culture** Michael Shally-Jensen, Mark J. Rozell, Ted G.

Jelen,2015-04-28 This all encompassing encyclopedia provides a broad perspective on U S politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation Demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern American politics including popular belief political action and the institutions of power and authority Readers will see how political culture is shaped by the attitudes opinions and behaviors of Americans and how it affects those things in return The set also addresses the issue of American exceptionalism and examines the nation s place in the world both historically and in the 21st century Essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance Supreme Court rulings immigration crime and punishment and globalization Social and cultural issues such as religion war inequality and privacy rights are discussed as well Perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation s historical development its present identity and its future course By exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process

Decoding **Rights Talk The Impoverishment Of American Political Discourse**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Rights Talk The Impoverishment Of American Political Discourse Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Rights Talk The Impoverishment Of American Political Discourse PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process.

and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Rights Talk The Impoverishment Of American Political Discourse PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Rights Talk The Impoverishment Of American Political Discourse free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Rights Talk The Impoverishment Of American Political Discourse Books

What is a Rights Talk The Impoverishment Of American Political Discourse PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rights Talk The Impoverishment Of American Political Discourse PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rights Talk The Impoverishment Of American Political Discourse PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rights Talk The Impoverishment Of American Political Discourse PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software

like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rights Talk The Impoverishment Of American Political Discourse PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
