Rights Of Racial Minorities:

The Rights of Racial Minorities E. Richard Larson, Laughlin McDonald, 1980 In a question and answer format the legal rights of various racial minorities are explored

The Rights of Racial Minorities Laughlin McDonald, John Anthony Powell, 1993 Using a question and answer format this book makes clear how to take advantage of the laws designed to secure the rights of racial minorities Individual chapters explain the federal civil laws and procedures protecting the rights of racial minorities in voting employment education housing public accommodations federally assisted programs and jury selection and trials Relevant criminal statutes and the use of race conscious remedies are covered as well The initial basis for the rights of racial minorities was provided by three constitutional amendments adopted following the Civil War during the period of Reconstruction the Thirteenth Amendment which outlaws slavery and involuntary servitude the Fourteenth Amendment which prohibits states from denying to any person equal protection of the laws and the Fifteenth Amendment which prohibits denial or abridgment of the right to vote Each of the Reconstruction amendments authorized Congress to enforce the amendments by appropriate legislation Congress has done so repeatedly The most important of the Reconstruction laws were the Civil Rights Act of 1866 the Civil Rights Act of 1871 and the Civil Rights Act of 1875 which was declared unconstitutional in 1883 In response to the Civil Rights Movement of the 1960s Congress enacted and amended a number of modern civil rights acts including the Civil Rights Act of 1964 the Voting Rights Act of 1965 amended in 1970 1975 and 1982 and the Fair Housing Act of 1968 to ensure equality and eradicate the continuing effects of past discrimination accumulated over more than two centuries The challenge to the nation remains to bring reality to the declared principle that all persons are created equal

Ethnic and Racial Minorities in Asia Michelle Ann Miller, 2014-02-25 Ethnic and Racial Minorities in Asia explores the relationship between ethnic minority rights and citizenship in Asia Occupying a prominent place on the global map of conflict Asia is one of the most ethnically diverse and racially divided regions in the world It is also the scene of some of the most contrasting state responses to ethnic and racial conflicts ranging from violent military repression and coercion on the one hand to offers of autonomy and other forms of self rule aimed at granting minorities more equal and inclusive citizenship on the other This volume combines conceptual debates about citizenship with case studies of ethnic minorities from across the Asian region with a particular emphasis on Southeast Asia The contributing authors question the nature of citizenship in the broader sense of identity belonging and the rights and responsibilities of ethnic minorities in relation to sovereign nation states They examine a wide range of key issues including minority rights claims ethnic and racial conflict citizenship constructions and representations of identity post colonialism and human security This book was originally published as a special issue of Ethnic and Racial Studies

The U.S. Supreme Court and Racial Minorities Leslie F. Goldstein, 2017-07-28 The U S Supreme Court and Racial Minorities offers an in depth chronologically arranged look at the record of the U S Supreme Court on racial minorities over the course of its first two

centuries It does not pose the anachronistic standard Did the Supreme Court get it right but rather How did the Supreme Court compare to other branches of the federal government at the time Have these Justices prevented against removal from office by discontented voters in contrast to the President and the members of Congress done any better than the elected branches of government at protecting racial minorities in America

What are the Rights of the Muslim Minority in India? Sir Shafa'at Ahmad Khan,1928 *The Protection of Minorities and Human Rights* Yoram Dinstein,Mala Tabory,2023-11-27 From the dawn of modern international law manifold treaties especially peace treaties have recognized the rights of specific minorities in specific territories Today with Eastern Europe once more in turmoil and with minority groups all over the world clamouring for recognition there is a growing awareness that irrespective of the observance of the fundamental freedoms of individuals minority groups have their legitimate interests that must be appreciated and accommodated This collection of essays grew out of an international legal colloquium held at the Faculty of Law of Tel Aviv University in March 1990 Some of the papers have already been published in volume 20 of the Israel Yearbook on Human Rights but others are printed here for the first time The authors come from different parts of the world and represent different legal backgrounds They are by no means at one in their analysis of the human rights of minority groups but they all share the sense that problems of minorities cannot be brushed aside or glossed over It is not too hazardous to forecast that these problems will actually intensify in the 21st century Whereas they cannot be solved through exclusively legal means international and constitutional lawyers must do their utmost to identify flash points and to offer at least some prescriptive guidelines This is the principal purpose of the present volume

The Rights of Racial Minorities Laughlin McDonald,John A. Powell,1998 Discussion and analysis of the rights of racial minorities including historical perspective and relevant court decisions Minority Rights Jurisprudence Digest Alcidia Moucheboeuf,European Centre for Minority Issues,Council of Europe,Germany. Auswärtiges Amt,2006-01-01 This publication contains information on the statements and judgements made in minority rights court cases by the following international bodies the European Court of Human Rights Council of Europe the African Commission on Human and People s Rights the European Court of Justice European Union the Inter American Court of Human Rights the International Court of Justice the Permanent Court of International Justice and the United Nations Human Rights Committee The information is organised under the following subject headings assembly association discrimination due process education effective participation existence expression family life group identity international aspects limitations derogations and restrictions linguistic rights minority issues religion and socio economic rights A list of case summaries and the text of selected major international conventions in this field are included as annexes

Minority Rights Jennifer Jackson Preece,2005-12-23 The question of minority rights is one of the great dilemmas of contemporary politics Increases in the flow of immigrants migrants and refugees have raised public concerns that greater cultural and ethnic diversity creates instability within nation states But does stability really require homogeneity Or can it be

maintained in the presence of different minority groups In this path breaking book Jackson Preece analyses whether traditional minority rights theory is sufficiently dynamic to inform effective responses to modern challenges The central premise behind minority rights is that groups recognized and supported by the political community are far less likely to challenge its authority or threaten its territorial integrity However as Jackson Preece shows the potential for collisions of values and interests still exists and the possibility of a permanent solution to the problem of diversity remains illusive Minority Rights will be an indispensable resource for students and scholars of political science international relations law and sociology

Minority Rights Protection in International Law Helen O'Nions, 2016-04-22 There are approximately ten million Roma in Europe making them the continent's largest non territorial minority Despite this fact the Roma continue to experience routine discrimination and marginalization in European countries As a result they are seldom engaged in national political activism and are frequently at the bottom of the economic and social ladder The severity of exclusion experienced by the Roma in societies which have long paid heed to the notion of individual universal human rights combined with their geographical dispersal and heterogeneous nature makes the study of the Roma highly informative This book examines the theoretical debate concerning the most appropriate way of protecting the fundamental human rights of the Roma which also illuminates ways in which the rights of minority groups can be protected more generally As a result this work will be a valuable resource for social scientists and practitioners in the field of human rights

Minority Rights Jay A. Sigler, 1983-12-02 The unprecedented mass movement of populations since World War II has increased tensions among groups of people by breaking down the homogeneity of older countries and increasing the fragility of newly independent states encompassing several minorities within their borders These changes according to author Jay Sigler dictate the necessity of clarifying human and minority rights He highlights the main points of minority rights traces their history and demonstrates their distinctly modern features Sigler considers the theoretical implications of minority versus individual and collective rights and examines the efforts in this area made by the United States India the United Kingdom Belgium and the Union of Soviet Socialist Republics Finally he proposes his own provisional theory of minority rights

Peoples and Minorities in International Law Catherine Brölmann, René Lefebvre, Marjoleine Zieck, 2023-12-11 The revival of group consciousness in Eastern European countries in the wake of the Cold War has put the protection of subnational groups high on the political agenda The present book bears witness to the renewed interest in the legal position of subnational groups in international law This book and the Conference at which provisional versions of most of the contributions were presented originate in perceived deficiencies of contemporary international law to protect subnational groups within a legal framework of which the principal subjects are states Divided into three parts the book commences with an analysis of the antagonistic relation between the right of peoples to self determination and the right of states to territorial integrity and the need to redefine these concepts in the post Cold War era The book continues with the highly controversial issue of the attribution of

rights to subnational groups and the identification of subnational groups which would be entitled to such rights The second part deals with the identification and protection of peoples and minorities at different levels of organization viz subnational national and supranational This part is followed by an analysis of the modes and means by which international obligations vis vis subnational groups can be enforced Not only the judicial means are considered but also the justifiability of recourse to military means to the cause of subnational groups This book not only provides an in depth analysis of contemporary international law with respect to the protection of peoples and minorities but also of the law as it is developing in the post Cold War era

The Interrelation between the Right to Identity of Minorities and their Socio-economic

Participation Kristin Henrard, 2013-01-08 This edited volume sets out to unravel various dimensions of a particular topical question pertaining to minorities and minority protection which has not been explored yet more particularly the socio economic participation of minorities in relation to their right to respect for identity This interrelation and interaction is studied from a multi disciplinary perspective spanning a broad range of disciplines while drawing on a rich variety of case studies covering various corners of the world This interrelation manifests itself in distinctive ways for religious minorities ethnic minorities and indigenous peoples As it is impossible to provide a comprehensive coverage this volume aims to offer a range of articles that reveal the breadth of the theme under review while combining theoretical analysis with fascinating case studies

The Right to Legal Personhood of Marginalised Groups Anna Arstein-Kerslake, 2024-08-07 Legal personhood is required for voting marrying inheriting contracting consenting and other critical social acts that can be predicates to power and privilege The Right to Legal Personhood of Marginalised Groups addresses personhood and legal capacity as human rights issues in particular as they relate to disabled people migrant groups indigenous peoples racial minorities women and gender minorities The concepts of personhood legal capacity and agency have conflicting definitions in the literature and there is a lack of clarity regarding their application Dr Anna Arstein Kerslake brings her expertise as a renowned thinker in the areas of human rights disability rights gender justice and legal personhood to this discussion She provides clarity on personhood and legal capacity by developing definitions of these concepts based on the articulation of the right to legal capacity in Article 12 of the United Nations Convention on the Rights of Persons with Disabilities She then applies these definitions to the situations of various minority groups The Right to Legal Personhood of Marginalised Groups has the potential to significantly enrich the understanding of how and why marginalised groups are denied equality It goes beyond the traditional analysis of discrimination and equal protection of the law and explores a new social justice imperative equal recognition before the law

Key Concepts in Race and Ethnicity Nasar Meer, 2014-07-28 A conceptually power packed volume that is at once erudite and accessible expansive and focused true to sociological traditions yet stimulatingly exploratory Scholars and students will be served very well by this absorbing far reaching enquiry into ethnicity and race Raymond Taras Tulane University This concise profound and beautifully written book offers a tour de force across the

landscape of race and ethnicity by a young author who masters them all Per Mouritsen Aarhus University This book offers an accessible discussion of both foundational and novel concepts in the study of race and ethnicity Each account will help readers become familiar with how long standing and contemporary arguments within race and ethnicity studies contribute to our understanding of social and political life more broadly Providing an excellent starting point with which to understand the contemporary relevance of these concepts Nasar Meer offers an up to date and engaging consideration of everyday examples from around the world This is an indispensable guide for both students and established researchers interested in the study of race and ethnicity

Research Handbook on Critical Legal Theory Emiliios Christodoulidis,Ruth Dukes,Marco Goldoni,2019 Critical theory characteristically linked with the politics of theoretical engagement covers the manifold of the connections between theory and praxis This thought provoking Research Handbook captures the broad range of those connections as far as legal thought is concerned and retains an emphasis both on the politics of theory and on the notion of theoretical engagement The first part examines the question of definition and tracks the origins and development of critical legal theory along its European and North American trajectories The second part looks at the thematic connections between the development of legal theory and other currents of critical thought such as Feminism Marxism Critical Race Theory varieties of post modernism as well as the various turns ethical aesthetic political of critical legal theory The third and final part explores particular fields of law addressing the question how the field has been shaped by critical legal theory or what critical approaches reveal about the field with the clear focus on opportunities for social transformation

Handbook of Sociology and Human Rights David L. Brunsma,Keri E. Lyall Smith,Brian K Gran,2015-10-23 Long the province of international law human rights now enjoys a renaissance of studies and new perspectives from the social sciences This landmark book is the first to synthesize and comprehensively evaluate this body of work It fosters an interdisciplinary international and critical engagement both in the social study of human rights and the establishment of a human rights approach throughout the field of sociology Sociological perspectives bring new questions to the interdisciplinary study of human rights as amply illustrated in this book The Handbook is indispensable to any interdisciplinary collection on human rights or on sociology This text Brings new perspectives to the study of human rights in an interdisciplinary fashion Offers state of the art summaries critical discussions of established human rights paradigms and a host of new insights and further research directions Fosters a comprehensive human rights approach to sociology topically representing all 45 sections of the American Sociological Association

State Responses to Minority Religions David M. Kirkham,2017-05-15 The response of states to demands for free exercise of religion or belief varies greatly across the world In some places religions come as close as imaginable to autonomous existences with little interference from government In other cases religion finds itself grinding out a meagre living if at all under the jealously watchful eye of the state This book provides a legal and normative overview of the variety of responses to minority religions available to states Exploring case studies ranging from Islamic regions such as

Indonesia Pakistan and the wider Middle East to Western Europe Eastern Europe China Russia Canada and the Baltics contributors include international scholars and experts in law sociology religious studies and political science This book offers invaluable perspectives on how minority religions are currently being received reviewed challenged or ignored in different parts of the world **Protection of Minorities** Borhan Uddin Khan, Muhammad Mahbubur Rahman, 2013-01-16

We live in a world that not only sets standards for but also professes its commitment to promoting and protecting rights Since ours is an age of heightened public interest in auditing the actual realisation of such standards and commitment the first major focus of this book is a critical account of international standards aimed at the protection of minorities To that end it concentrates on four key dimensions Firstly it addresses the issue of the identification of minorities as understood by international law Secondly it outlines a brief history on the development of international law towards improving the protection of minorities Thirdly it gives an overview of international instruments and mechanisms on minorities Finally it analyses the rights of minorities under international standards All these dimensions point to the fact that international minority rights lag behind the development of other branches of rights The second major focus of this book is to relate international standards on minority protection to South Asian regimes Concentrating on India Pakistan Bangladesh Nepal Sri Lanka Bhutan the Maldives and Afghanistan an endeavor is made to examine the state of minorities and their protection under the domestic regimes It emerges that the normative commitments of these states are more or less compatible with international standards Nevertheless majority minority syndrome persistently remains as one of the causes behind multidimensional deprivation and victimization of South Asian minorities The present book also assesses the extent to which regional cooperation in South Asia has so far contributed to extending protection to minorities This ends with an argument that SAARC South Asian Association for Regional Cooperation has the potential to play a far greater role in this regard

JewAsian Helen Kiyong Kim, Noah Samuel Leavitt, 2016-07-01 An examination of intersecting racial ethnic and religious identities among couples where one partner is Jewish American and the other is Asian American
