Ring Of Truth A Translators Testimony:

Ring of Truth John Bertram Phillips,1967 *Ring of Truth* J.B. Phillips,2000-03-07 A Translator s Testimony J B Phillips says I have felt compelled to write this book IT is my testimony to the historicity and reliability of the New Testament Few people have had such a close and constant contact with the New Testament as I have had Even fewer have taken the trouble to understand the business of communication I say this in no spirit of conceit it is a matter of simple fact I therefore felt that it was high time that someone who has spent the best years of his life in studying both the New Testament and good modern communicative English spoke out I do not care a rap what the avant garde scholars say I do very much care what God says and does from the Forward RING OF TRUTH Ken Wilson,2008-05-27 An exploration of four dimensions of the spirituality Jesus left in his wake engages those drawn to the fascinating figure buried in the messy field of religion *C.S. Lewis and a Problem of Evil* Jerry Root,2010-08-27 C S Lewis was concerned about an aspect of the problem of evil he called subjectivism the tendency of one s perspective to move towards self referentialism and utilitarianism In C S Lewis and a Problem of Evil Jerry Root provides a holistic reading of Lewis by walking the reader through all of Lewis s published work as he argues Lewis s case against subjectivism Furthermore the book reveals that Lewis consistently employed fiction to make his case as virtually all of his villains are portrayed as subjectivists Lewis s warnings are prophetic this book is not merely an exposition of Lewis it is also a timely investigation into the problem of evil **A Zeal for God Not According to Knowledge** Eric Snow,2005-03 Are the Jewish arguments against belief in Jesus as mankind s Savior any good Is Jesus Christ the promised Messiah of the Old Testament s prophecies Is Christianity derived from ancient Roman or Greek pagan mystery religions Is the New Testament historically reliable Was Jesus of Nazareth God according to the New Testament Did Gnosticism influence Christianity Since some 185 000 Americans have converted to Judaism according to a 1990 survey the arguments of such groups as Jews for Judaism against Christianity can t be dismissed lightly Using solid scholarship and rigorous logic **A Zeal For God Not According to Knowledge** defends Christianity against the arguments of its Jewish critics such as Samuel Levine Michael Drazin Tovia Singer and Hyam Maccoby This book demonstrates that the New Testament is historically reliable denies that Christian doctrines and sacraments can be derived from pagan beliefs and practices shows that Jesus of Nazareth was the promised Messiah based on the Old Testament s prophecies and proves that the New Testament teaches the Deity of Christ This book is intended for both Christians perplexed by the arguments of Jewish friends coworkers and relatives and Jews interested in objectively considering the claims of Christianity while searching for spiritual truth about whether Jesus is their Messiah also *C.S. Lewis and the Church* Judith Wolfe,Brendan N. Wolfe,2013-01-17 C S Lewis himself a layperson in the Church of England has exercised an unprecedentedly wide influence on the faithful of Anglican Roman Catholic Evangelical and other churches all of whom tend naturally to claim him as one of their own One of the reasons for this diverse appropriation is the elusiveness of the church in the sense both of his own denomination and of the

wider subject of ecclesiology in Lewis writings The essays contained in this volume critically examine the place character and role of the Church in Lewis life The result is a detailed and scintillating picture of the interactions of one of the most distinctive voices in twentieth century theology with the contemporaneous development of the Church of England with key concepts in ecclesiology and with interdenominational matters From the Library of C. S. Lewis James Stuart Bell, Anthony P. Dawson, 2012-06-05 To truly know Lewis one must become familiar with the body of literature that marked his life Jim Bell and Tony Dawson give curious students of Lewis a glimpse of the books and authors that informed his life s work and kindled his imagination Jerry Root coeditor of *The Quotable C S Lewis* and a C S Lewis scholar C S Lewis was one of the most influential thinkers and writers of the twentieth century But who influenced C S Lewis What were the sources of his inspiration Who were his spiritual mentors Drawn from Lewis s personal library annotations and references from his writings this book includes more than 200 selections from literary giants such as Dante Augustine and Chaucer as well as more contemporary writers such as G K Chesterton Dorothy L Sayers George MacDonald and J R R Tolkien providing a vast array of inspiration from those who have shone forth as messengers of light in Lewis s own thinking writing and spiritual growth In this treasury you will Glean wisdom on living a devout life from Andrew Murray and Brother Lawrence Tap into fantasy and imagination with William Wordsworth and Geoffrey Chaucer Ponder creation and poetry alongside Sir Walter Scott and Aristotle And much more *Ramified Natural Theology in Science and Religion* Rodney Holder, 2020-10-15 This book offers a rationale for a new ramified natural theology that is in dialogue with both science and historical critical study of the Bible Traditionally knowledge of God has been seen to come from two sources nature and revelation However a rigid separation between these sources cannot be maintained since what purports to be revelation cannot be accepted without qualification rational argument is needed to infer both the existence of God from nature and the particular truth claims of the Christian faith from the Bible Hence the distinction between bare natural theology and ramified natural theology The book begins with bare natural theology as background to its main focus on ramified natural theology Bayesian confirmation theory is utilised to evaluate competing hypotheses in both cases in a similar manner to that by which competing hypotheses in science can be evaluated on the basis of empirical data In this way a case is built up for the rationality of a Christian theist worldview Addressing issues of science theology and revelation in a new framework this book will be of keen interest to scholars working in Religion and Science Natural Theology Philosophy of Religion Biblical Studies Systematic Theology and Science and Culture *How Does God Act in the World?* David Wilkinson, 2025-05-29 Does God act in the world and if God does then how These questions are central questions for Christian theology and Christian mission and ministry Is God simply a creator who then goes on holiday and leaves the universe to develop or is God the one who is embodied in Jesus the God of signs and wonders death and resurrection And what does this mean for signs and wonders today in the life of individuals and local churches From The Simpsons to a wedding in Cana from grace to quantum theory and from the problem of evil to

eschatology David Wilkinson argues that the biblical picture of a God who acts in the world makes sense in the light of modern science but how God acts cannot be reduced to simple models

The Resurrection of Jesus Dale C. Allison, Jr., 2021-03-11 The earliest traditions around the narrative of Jesus resurrection are considered in this landmark work by Dale C Allison Jr drawing together the fruits of his decades of research into this issue at the very core of Christian identity Allison returns to the ancient sources and earliest traditions charting them alongside the development of faith in the resurrection in the early church and throughout Christian history Beginning with historical critical methodology that examines the empty tomb narratives and early confessions Allison moves on to consider the resurrection in parallel with other traditions and stories including Tibetan accounts of saintly figures being assumed into the light in the chapter Rainbow Body Finally Allison considers what might be said by way of results or conclusions on the topic of resurrection offering perspectives from both apologetic and sceptical viewpoints In his final section of modest results he considers scholarly approaches to the resurrection in light of human experience adding fresh nuance to a debate that has often been characterised in overly simplistic terms of it happened or it didn't

Romans in Context D. V. Palmer, 2011-03-04 Using crucial chapters from Paul's magnum opus as points of theological departure Delano Palmer provides in depth discussion on important themes like the role of first century women in pastoral work and the nature and duration of spiritual endowments *Romans in Context* is divided into three parts Part one reviews the career and legacy of the apostle Paul against the backdrop of his cultural milieu and history Part two takes up the knotty

problem of what exactly does the apostle mean by justification by faith in its exploration of the declarative demonstrative proposal of modern theologians The section also explores what Paul has to say concerning the status of the justified in Romans 5 8 It is the final section that wrestles with matters of spiritual gifts the role of female pastors as well as the apostle's best documented thoughts on Christian mission

A Gentler God Doug Frank, 2020-07-09 What is God like Is he the lofty Almighty of conservative religion with power to stop heartbreaking human holocausts and deadly natural disasters but who inexplicably declines to do so Is he the callous Judge offering the faithful a place in his heaven while summarily casting the faithless into everlasting hell Is he the vain King on his throne requiring us to stroke his ego by praising him unceasingly for his awesome power If this is the God we have been taught it is no wonder that many people have come to realize that they do not like let alone trust him The simple certainties of their childhood no longer make sense But the equally assured assertions of today's atheists also leave them cold They want a personal connection with God an honest faith that grows out of their own felt truth and touches them at the deepest levels of their being This book points the way It dismantles the angry punitive God of traditional Protestantism and beckons us toward a kinder more welcoming God This God does not ask us to grit our teeth and try our best to believe Instead this God meets us in our humanity inviting our hearts to respond in genuine trust and love
