of a Presidency Daniel Estulin,2018-07-04 On November 8 2016 the seemingly impossible became real Donald Trump billionaire tycoon with fundamentally xenophobic savage and populist speech won the presidency and began endangering values like democracy and world peace Author Daniel Estulin argues that nothing about this situation was accidental and that behind this terrifying event many interests are hidden This volume asks How did America get here Was it a truly democratic event And above all what are the interests behind the election of Trump From his privileged status as a Russian ex spy Daniel Estulin dives into the long process that has led Donald Trump to the presidency In The Shadows of a Presidency offers a behind the scenes chronicle of the actors governments companies and institutions involved in his election and the payout it will yield for insiders Reality Check Daniel Ford,2024-03-07 Revised and re published Daniel Ford has spent half his life

uncovering an agenda by what he calls a global cult to enslave humanity on every level In Daniel Ford s first book Paper View In Print a nightmare agenda of total human control and manipulation affecting every area of human life was laid out and detailed Ford takes the story further and deeper in Reality Check and reveals the ultimate controllers of our world and why their agenda exists at all Reality Check is best read alongside Paper View in Print to allow the full complex picture of humanity s plight to be seen in its entirety Many of the changes in society since 2020 were predicted in Paper View In Print because once you know the global agenda and its structure and method of imposition calling the future is very simple Reality

Check places current events into their true context and explains humanity's plight with rare clarity and simplicity. The central premise of Reality Check is to question everything right down to the nature of reality itself which is detailed extensively in this blockbuster new book. Never before in human history has testing our own perceptions been more necessary and in this extraordinary new book over 860 pages Ford challenges the reader to reassess their perception of reality and everything they thought they knew. Only by doing so Ford contends do we stand a chance of living in a world of health, freedom and prosperity which he says in an upbeat conclusion is within our grasp if we only choose to take it. How do we claim this new world of respect for humanity? The answers are in Reality Check and you might be surprised by just how simple and achievable they are and how quickly they can be realised. In an era of cancel culture and ever increasing censorship Reality Check is the most explosive and controversial book of modern times not only due to its content but also the environment into which it is published. Daniel Ford has had the courage to write it. Do you have the courage to read it? Prepare for a perception reboot that will stretch your current worldview to breaking point. The book also features 364 pages demolishing the Covid 19 hoax including 142 pages exposing the Covid 19 vaccine crime against humanity. Why do people think what they do? How do we see the world? How are we manipulated to see the world and current events? Reality Check dives deep into the human psyche to examine human perception and how to set our minds and therefore our world free. The book explores how human perception is formed, maintained and perpetuated and thus provides the ultimate answer to true freedom. Daniel Ford reveals the mechanisms of mass manipulation and control and thus the keys to set ourselves free. We live in extraordinary times and face the most enormous challenge to our individual and collective freedom. We either stand up now and take back our perceptions to take back our freedom or stay silent and regret it forever with the children and grandchildren of today taking the consequences. It's time for a Reality Check.

The Arrival of the Promise Land Katherine Irvin, 2014-07-21. A fully complete Promise Land Community is similar in nature to a highly advanced Garden of Eden meets Der Saturn-Kult - Die verborgene Religion der Eliten Tilman W. Birkenfeld, 2025-05-28. Was wenn die Welt wie wir sie kennen nur eine Fassade ist? Was wenn hinter Logos, Architektur, Medieninszenierungen und technologischen Systemen ein uralter Kult wirkt, getarnt aber allgegenwärtig? In Der Saturn Kult Die verborgene Religion der Eliten führt Tilman W. Birkenfeld tief hinein in die Welt okkulten Symbolik, antiker Mythen und moderner Machtstrukturen. Er zeigt wie der schwarze Würfel, das Hexagon des Saturn und ritualisierte Medienereignisse Teil eines geistigen Netzes sind, das nicht nur unsere Wahrnehmung sondern unser Denken selbst formt. Ein Buch für alle die spüren dass Kontrolle heute nicht durch Ketten geschieht sondern durch Symbole. Und für jene die bereit sind hinter die Fassade zu blicken und den eigenen Geist aus dem unsichtbaren Gitter zu befreien.

Ufo's (The Reality) William Calderwood, 2015-04-10. The subject of UFOs I believe is one of the most important subjects there is because of its implications. If an alien craft under intelligent control can shut down our nuclear missile systems which is a national security issue it has to be an important subject. My interest began while in the service on a destroyer off the

Korean coast when I heard that in the fall of 1951 a UFO was observed circling the task force and was picked up on 14 radars in the task force that began my interest in UFOs and have remained with me ever since After returning from the service I later had the opportunity to work for Boeing aero space on the Saturn V moon rocket worked at Michoud La 15 miles out of New Orleans Had a classified clearance while working there One night while lounging by the pool I was looking for the trail of a satellite going overhead when I noticed one of the stars by the big dipper started to move it traveled from the right side of the dipper to about the same distance on the left side and stopped After about two minutes it slowly faded away knowing about space and that an object must travel at 17 000 miles an hour to remain in space or gravity would pull it down to earth it had to be a UFO After two and a half years at Michoud Boeing opened a new branch at Cape Kennedy Florida and I put in for a transfer there was accepted and worked in system interface control received a secret clearance while at the cape During the time I sat in on two lectures of UFOs the first was by Maj Keyhoe at the Marriott hotel in Coco Beach there was standing room only and he waved some documents and said UFOs were nuts bolts machines and were real objects The other lecture was at Patrick AFB next to where I lived at Satellite Beach The first half of his presentation was a slide show showing the most ridiculous UFOs imaginable an air force presentation The last half was his own personal experience when flying a cargo plane from a southern state to Washington D C A bright yellow UFO came His plane and followed him all the way to Washington D C after I left Boeing and came back home I turned on the TV to watch a new series called project blue book and it was directed by retired col Coleman Once hooked the subject stays with you for life

My Arm HERMANELI TORREVILLAS, 2014-09-26 This new book sheds light on the existence of Extraterrestrial Beings. Author H. Torrevillas M.D. invites readers to embark on a fascinating journey to unlock some of life's greatest mysteries. The author shares his many encounters that made him lean towards the study of intuitive feelings as well as psychic phenomena that relate to the mystifying world of the unknown. From the cradle to the grave, our parents, peers, institutions, and society form our values and behavior, but this process has been hijacked. This book opens our minds to the fact that unknown to us for generations, we have allowed dictators, power brokers, and corporate puppeteers to profit from our ignorance and enslavement. From the anvil of compulsory schooling to media and entertainment, we are being kept in bondage to ideas that shape our actions. But the author is optimistic that we can overcome negative forces that control our minds and those of our leaders. He had been in a quandary in his early years regarding paranormal happenings in his life. Rather than ignore them as skeptics are inclined to do, Dr. Torrevillas regarded them as significant in his life. **Hollywood Oculto** Moisés
