you ever known a good builder I mean a builder whose reputation preceded them We often go to great lengths to tell others about our dream cars and dream houses but have we ever concluded that before any of these things materialized they were burdened and birthed through the one that carried the blueprint Many are living out their dreams but ultimately it is the builder that s really living Because what was once a mere inner thought has now manifested outwardly and there is nothing more fulfilling than to see others living fulfilled lives stemmed from the thoughts and blueprints that the builders had on the inside of them I pray that you can walk away with knowing that there is something buried down on the inside of each and every one of us that can benefit so many others lives and if we continue to build others we can and will live the ultimate dream as we watch lives change by virtue of the deposits we make in others Have you done any building lately **Turn**
