**Incriminations** Karen S. McPherson, 2021-09-14 Maintaining that women s storytelling is a telling activity Karen McPherson reads for guilt in novels by five twentieth century writers Simone de Beauvoir L'Invitée Marguerite Duras Le ravisement de Lol V Stein Anne H. Bert Kamouraska Virginia Woolf Mrs Dalloway and Nicole Brossard Le d'sert mauve She finds in the vocabulary and atmosphere of these novels a linking of female protagonists to crime and culpability The guilt however is not clearly imputed or assumed it tends to trouble the conscience of the entire narrative Through critical close readings and an inquiry into the interrelations among narration transgression and gender McPherson explores how the women in the stories come under suspicion and how they attempt to reverse or rewrite the guilty sentence The author examines the complex process and language of incrimination reflecting on its literary philosophical social and political manifestations in the texts and contexts of the five novels She looks for signs of possible subversion of the incriminating

process within the texts Can female protagonists and women writers escape the vicious circling of the story that would incriminate them In the course of this book the stories are made to reveal their strikingly modern and postmodern preoccupations with survival

**New York Times v. Sullivan** Kermit L. Hall, Melvin I. Urofsky, 2011-09-06 Illuminating a classic case from the turbulent civil rights era of the 1960s two of America's foremost legal historians Kermit Hall and Melvin Urofsky provide a compact and highly readable updating of one of the most memorable decisions in the Supreme Court's canon When the New York Times published an advertisement that accused Alabama officials of willfully abusing civil rights activists Montgomery police commissioner Lester Sullivan filed suit for defamation Alabama courts citing factual errors in the ad ordered the Times to pay half a million dollars in damages The Times appealed to the Supreme Court which had previously deferred to the states on libel issues The justices recognizing that Alabama's application of libel law threatened both the nation's free press and equal rights for African Americans unanimously sided with the Times As memorably recounted twenty years ago in Anthony Lewis's *Make No Law* the 1964 decision profoundly altered defamation law which the Court declared must not hinder debate on public issues even if it includes vehement caustic and sometimes unpleasantly sharp attacks on government and public officials The decision also introduced a new First Amendment test a public official cannot recover damages for libel unless he proves that the statement was made with the knowledge that it was false or with reckless disregard of whether it was false Hall and Urofsky however place a new emphasis on this iconic case Whereas Lewis's book championed freedom of the press the authors here provide a stronger focus on civil rights and southern legal culture They convey to readers the urgency of the civil rights movement and the vitriolic anger it inspired in the Deep South Their insights place this landmark case within a new and enlightening frame
