*The Rising Tide of Color Against White World-Supremacy* Lothrop Stoddard, 2019-11-19 In The Rising Tide of Color Against White World Supremacy Lothrop Stoddard presents a provocative exploration of race relations and geopolitical dynamics in the early 20th century Stoddard s meticulous analysis weaves together historical data sociological observations and forecasted implications of racial conflicts precipitated by colonialism and immigration The book employs a compelling narrative style that blends polemics with scholarly rigor positioning itself within the context of the prevailing racial theories of his time while also engaging with contemporary debates regarding national identity and the future of global society Lothrop Stoddard an American historian and political theorist was deeply influenced by the tumultuous socio political landscape of his era which shaped his views on race and culture Educated at Harvard and immersed in the racial ideologies of his contemporaries Stoddard s arguments reflect the anxieties of a society grappling with the implications of racial mixing and the perceived threats to white dominance His travel experiences and astute observations of non Western societies further informed his perspectives on racial hierarchies and their contentious role in global affairs This book is essential for readers interested in the intersections of race history and politics Stoddard s work invites a critical examination of the ideologies that have influenced social order and governance throughout history making it a significant contribution for scholars students and anyone seeking to understand the complex legacies of racial stratification in the modern world

**The Rising Tide of Color Against White World-Supremacy: Views of Eugenicist & Ku Klux Klan Historian** Lothrop Stoddard, 2020-12-17 Racial divide in America is hinged upon the precarious relations between the two communities the dominant Whites American and the

marginalised Black Americans Behind every push back against the Blacks even after five decades of Civil Rights Movement is an unshakeable belief in the idea White Supremacy Read this book to understand why the Black Americans are indignant angry and raring to dismantle the structures of epistemic racism This book is adjusted for readability on all devices and follows the perceived threat of White Supremacists against the growing power of the coloured people In the current scenarios it has assumed a historic significance in understanding the White mentality and their long held fears *The Rising Tide of Color Against White World-supremacy* Lothrop Stoddard,1921 *The Rising Tide of Color Against White World Supremacy* T. Stoddard,2013-07-28 With an Introduction by Madison Grant Chairman New York Zoological Society A far seeing survey of race and history T Lothrop Stoddard s epic 1921 work did not refer to a belief that whites should rule over other races but merely that as he put it a man who in 1914 looked at a world map got one fundamental impression the overwhelming preponderance of the white race in the ordering of the world s affairs It was this dominance Stoddard said which was coming to an end because of the massive demographic swings which he foresaw over the coming decades just one of the many accurate predictions made in this book which have allowed it to stand the test of time Starting with an overview of the different races of the world and their traditional homelands Stoddard pointed out how their technological backwardness allowed what he called the white flood to colonize all four corners of the earth However he continued the transfer of European technology learning and know how to the nonwhite races of the earth had now empowered them and as a result the era of white domination was surely coming to an end The advent of the First World War he said had shattered white solidarity and inflicted huge damage upon the European people weakening them in the coming struggle for survival He warned that any policy which promoted open borders and unrestricted immigration would lead to the final and irreparable destruction of any European nation He also foretold that the massive population boom of the Third World would sooner or later come pressing against all white nations borders driven forward by the Third World s inability to maintain order and progress and the offer of a better life under white rule which they claimed to dislike so much He was also one of the few to recognize the growing threat of militant Islam and warned in this book that it would become a major world force Stoddard argued that the only way to avoid a worldwide racial catastrophe was to educate people on the issue of race and the need for racial improvement through eugenics Finally he concluded that the only way to achieve racial peace was to abandon the concept of white supremacy completely saying We whites will have to abandon our tacit assumption of permanent domination over Asia while Asiatics will have to forego their dreams of migration to white lands and penetration of Africa and Latin America Unless some such understanding is arrived at the world will drift into a gigantic race war and genuine race war means war to the knife Such a hideous catastrophe should be abhorrent to both sides Front cover A reproduction of the original 1921 cover *The Rising Tide of Color* Moon-Ho Jung,2014-07-01 *The Rising Tide of Color* challenges familiar narratives of race in American history that all too often present the U S state as a benevolent force in struggles against white

supremacy especially in the South Featuring a wide range of scholars specializing in American history and ethnic studies this powerful collection of essays highlights historical moments and movements on the Pacific Coast and across the Pacific to reveal a different story of race and politics From labor and anticolonial activists around World War I and multiracial campaigns by anarchists and communists in the 1930s to the policing of race and sexuality after World War II and transpacific movements against the Vietnam War The Rising Tide of Color brings to light histories of race state violence and radical movements that continue to shape our world in the twenty first century *The Rising Tide of Color Against White*
