Risk Herons:

Herons, Egrets and Bitterns Neil McKilligan, 2005 This is the first book to deal exclusively with the Australian members of the Family Ardeidae It is an easy to read account of their origins classification and biology and explains the features that distinguish them from other birds This book covers the distribution and movements feeding breeding population dynamics and conservation of the 14 Australian species Also includes a chapter on the six species that are occasional visitors to the continent

Coastal and Estuarine Risk Assessment Jr., Morris H. Roberts, Robert C. Hale, 2001-09-18 Written by experts in the field Coastal and Estuarine Risk Assessment explores the science of exposure effect and risk This is the first book to address the application of the current risk assessment paradigm from the National Research Council to coastal and estuarine environments It provides the necessary applications for modifying the paradigm and shows how to use it to perform an effective assessment Topics include fate and bioavailability of organic compounds emerging contaminants effects of populations effects to marine mammals risk from multiple stressors European approaches to risk assessment effects of land use and more

The Great Blue Heron Robert William Butler, 1997 With its striking plumage the great blue heron is one of the most widely recognized wading birds in North America Riding on kelp beds in the Queen Charlotte Islands wading in coastal streams along the mainland poised motionless at the water's edge on a misty morning or nesting in the limbs of old growth forests this stately bird is a familiar sight on the coast of British Columbia The largest colonies are on the Fraser River delta an area of great ecological significance to the north Pacific Despite a growing body of knowledge regarding many aspects of the species breeding biology and courtship behaviour the foraging and population ecology of this bird remains something of an enigma In his beautifully illustrated book Robert Butler follows the great blue heron through a year on the coast of British Columbia He draws on more than a decade of work to throw light on the adaptability of this magnificent bird to a temperate climate its diet and breeding habits habitat use and conservation Although the great blue heron has become a symbol of wetland conservation in recent years it has had to face new challenges as a consequence of rapid urbanization of its environment In *The Great Blue Heron* the author also describes the B C coast and shares a vision for the conservation of the Strait of Georgia and the Fraser River delta

The Herons Handbook James Hancock, James A. Kushlan, 2010-09-30 Everything you ever wanted to know about the world's herons This book on herons and bitterns is an authoritative summary of what is currently known about this diverse and fascinating worldwide family of wading birds It is the result of extensive studies carried out over many years by its distinguished authors on both sides of the Atlantic The plumages feeding and breeding behaviour and ecology of each of the recognised species is illustrated in full colour with paintings meticulously researched by Robert Gilman and Peter Hayman A distribution map based on the latest available information also shows the range of each species Because of the widening interest in wading birds considerable attention is paid to identification in the field Four identification plates especially prepared by Robert Gillmor show all the plumages in each stage of every species

and race of white herons and egrets This information invaluable for ornithologists and birdwatchers has never before been brought together in one volume References to all the relevant literature on herons and bitterns is included for those who want to make a deeper study of these birds and the authors have contributed their own considerable experiences gained in the field The definitive handbook on herons this book will not only provide the basis for future research and conservation but will also be a source of interest and enjoyment for both birdwatchers and ornithologists

The Herons of Europe Claire Voisin,2010-10-30 Although the majority of the world s Herons live in the tropics and subtropics Europe is home to nine species some large some small some colonial some solitary breeders Highly specialized birds they exhibit many interesting differences in their behaviour and ecology and are a favourite group for many ornithologists Voisin begins her book with a general description of the family before going on to treat each species in more detail The species accounts summarize such topics as field characters distribution population size breeding and feeding ecology and behaviour Numerous figures and tables are accompanied by fine drawings of behaviour by P L Suiro and colour and black and white pictures of each species by Gunnar Brusewitz

The Mysteries of Heron Dyke T. W. Speight,2022-05-17 In *The Mysteries of Heron Dyke* T W Speight delves into the enigmatic landscapes and gripping human emotions within a secluded English village With a style that masterfully intertwines the psychological nuances of his characters with intricate plot development Speight crafts a narrative steeped in suspense and intrigue The novel is imbued with elements of Victorian gothic exploring themes of isolation social mores and the supernatural reflecting the literary movements of its time while drawing readers into a rich tapestry of rural life haunted by past transgressions T W Speight a prominent writer of the late 19th century often drew upon his surroundings and personal experiences in the English countryside to inspire his writing His background as an observer of societal shifts and rural communities informs the depth of character and setting in *Heron Dyke* Speight s keen insights into human nature and the struggles of societal structures reveal the motivations behind his intricate narratives and deeply felt storytelling making his works resonate with contemporary readers This book is highly recommended for those who appreciate gothic literature infused with psychological depth and a sense of place Readers who revel in a clever blend of mystery and social commentary will find themselves captivated by Speight s compelling prose making *The Mysteries of Heron Dyke* an essential addition to the canon of Victorian literature and a delightful exploration of the complexities of human relationships

Runaways Victor Canning, 2021-07-15 On a night of wild storms two troubled figures escape from captivity. One is a 15 year old boy Samuel Miles aka a Smiler wrongly convicted of theft and sent to a young offenders institution. The other is a cheetah Yarra a restless resident of Longleaf Wildlife Park. Both are in danger from the outside world and each other but somehow their lives become inextricably bound up as they fight for survival on the edge of Salisbury Plain. A fast moving and compassionate adventure story. *The Runaways* is the first book in Victor Canning's classic children's trilogy. **A Bird's Eye**

View Steve Campbell-Wright, AZ Pascoe, 2025-03-05 The Royal Australian Air Force's Heron unmanned aerial vehicle (UAV) was a critical asset in the fight against terrorism and insurgency in Afghanistan. From 2009 to 2014 the Heron detachment provided intelligence surveillance and reconnaissance (ISR) support to Australian and Coalition forces on the ground contributing to the mission's success and helping to keep our soldiers safe. *A Bird's Eye View* provides an in depth look at the RAAF Heron detachment's operations in Afghanistan offering a rare glimpse into the world of UAV operations in a complex and challenging environment. It provides a detailed account of the Heron's capabilities, the challenges faced by the detachment and the contributions made by the men and women who served in this vital role. Through the personal accounts of those who served in the Heron integrated project team and the Heron detachment readers will better understand the impact of the Heron UAV on the mission in Afghanistan. They will also gain insights into the unique challenges faced by those who operate UAVs and their critical role in modern warfare. *A Bird's Eye View* is a tribute to the courage, dedication and professionalism of the RAAF Heron detachment and a testament to the enduring spirit of the Australian Defence Force. It is a must read for anyone interested in the history of the RAAF, the role of UAVs in modern warfare and the sacrifices made by our men and women in uniform. The Impact of Private Actors on Security Governance Gloria Westermeyer, 2013-05-17 With the ever farther advancement of globalization governance has become one of the most prominent theoretical concepts to describe today's world. Governance theory is concerned with a system of rule through non hierarchical governing modes such as networks and market mechanisms. Initially the field of security was ignored as it was seen as the last bastion of the nation state. When the concept of security governance emerged at the beginning of the millennium it sought to take account of transnational threats such as nuclear proliferation or cluster bombs. However the traditional security domain of the state i.e. the provision of security by military force is still exempt from governance theory. Provoked by the increasing support of private actors to

military operations Gloria Westermeyer aims to investigate whether this exemption is still valid Based on the conduct of Intelligence Surveillance and Reconnaissance services in the German ISAF Mission the author examines the impact of private actors on the governance of today s military affairs What is the relative power of private security actors vis vis the state Which factors determine if to what extent and why private actors support the military Under what circumstances and how may security functions be privatized without undermining the state s interest **Fish Defenses Vol. 2** Giacomo

Zaccone,2019-06-21 Dramatic changes in the environment including habitat degradation and climate change have focused attention on how individuals and populations respond to a shifting biotic and abiotic landscape A critical step toward meeting this goal is a clear understanding of the capacity of individuals to defend themselves against threats Changes in water q
