Second Report on Intrauterine Contraceptive Devices United States. Food and Drug Administration. Medical Device Advisory Committee on Obstetrics and Gynecology,1978 *Prevention and Treatment of Contraceptive Failure* S. Ratnam,2012-12-06 The International Women s Health Coalition was pleased to be the convenor and host of the first Christopher Tietze International Symposium held in Berlin in September 1985 The papers in this volume represent a wide range of international views and experience with the prevention and treatment of contraceptive failure We believe the issues discussed at the Tietze Symposium to be of interest and concern to women throughout the world and to those who would serve them The Coalition intends to ll ive broad distribution to this volume and encourages those interested in these issues to be in touch with the Coalition in New York City see address below We would like to thank The Ford Foundation Stewart Mott The David and Lucile Packard Foundation the Population Crisis Committee and The Uockefeller Foundation for their support of this Symposium In particular we would like to express our appreciation to Sarah Lewit Tietze and Uta Landy for the devotion ann dedication which made this Symposium possible and a worthy memorial to Christopher Tietze **Rising Infant Mortality in the U.S.S.R. in the 1970's** Christopher Davis,Murray Feshbach,1980 Contraceptive Steroids A. T. Gregoire,2013-03-13 One of the United States Food and Drug Administration s most difficult tasks is the assessment of risk benefit ratios for a broad spectrum of therapeutic and prophylactic drugs Furthermore it is now widely recog nized that no drug chemical or even natural substance is completely devoid of risk Nowhere has this issue been the subject of more controversy than with steroidal contraceptive drugs Regulated as a special class of products because of their prophylactic use in healthy individuals for prevention of pregnancy rather than for treatment of disease steroid contraceptives drugs undergo more extensive animal safety tests than any other pharmaceutical agent This view also contemplates the availability of alternative contraceptive measures posing fewer risks but the use of less effective methods must take into consideration the hazards associated with pregnancy itself In April 1983 the Food and Drug Administration and the National Insti tutes of Health in cooperation with the World Health Organization the Population Council and the Agency for International Development sponsored a three day workshop to evaluate current guidelines for preclinical safety studies of contraceptive drugs in light of our extensive knowledge of the side effects of marketed products The meeting included presenta tions by

experts in the fields of comparative metabolism pharmacokinetics pharmacology carcinogenicity toxicology coagulation lipid metabolism epidemiology and pathology at a meeting of the Fertility and Maternal Health Drugs Advisory Committee of the National Center for Drugs and Biologics Food and Drug Administration Medicated Intrauterine Devices E.S. Hafez,W.A. van Os,2012-12-06 Extensive basic research and clinical trials have in some aspect of reproductive physiology gyne been conducted on inert and medicated intrauterine cology or family planning There is in this volume devices In the last decade substantial progress has an attempt to provide a total coverage of current been made in understanding the modes of action progress in medicated intrauterine devices The and the physiological mechanisms of IUDs pro volume is intended for a broad readership includ gress resulting from modern techniques and in ing physicians medical workers medical personnel strumentation in microanatomy immunology pa and administrators in family planning It is hoped thology endocrinology biochemistry and biophy that this volume will serve as a stimulus to basic sics Such studies however are scattered in such a scientists and clinicians concerned with intrauterine wide spectrum of journals that the clinician and devices to intensify their research toward better family planner can hardly keep up to date with the contraceptive techniques advances An attempt is made in this volume to coordinate physiological and clinical parameters Little is September 1980 known about the possible role of diet diseases and environmental factors E S E Cervagem Sultan M.M. Karim,2012-12-06 Honourable Chairman distinguished speakers ladies and gentlemen May Baker Singapore is proud to play a part in organizing and hosting this symposium I hope that it is not necessary for me to intro duce myself as Singapore doctors have received my letter of invitation and overseas delegates have received my letter of welcome It is my very pleasant duty to introduce our Director of Research Dr J A McFadzean who has come specially to grace this occasion Dr McFadzean Sir may I invite you to say a few words to this gathering of distinguished participants TanJoo Hock VUI Welcome It is my privilege on behalf of May Baker to welcome you here today We have representatives from nine countries Singapore Malaysia Thailand Hong Kong Indonesia Japan Norway Sweden and UK It is appropriate that this Symposium on Cervagem be held in South east Asia where so much excellent development work was done with this product Cervagem has resulted from many years of collaborative research and development between May Baker and the Ono Pharmaceutical Company of Japan It has been a most happy collaboration from the time the active ingredient ONO 802 was synthesized by the Ono Company You will hear today of the stage we have reached with the R D work Second-Trimester Abortion G. Berger,W.E. Brenner,L.G. Keith,2012-12-06 Irvin M Cushner MD MPH It is both remarkable and at the same time a sign of this era of rapid change that one can refer back to the infancy of a field which has existed for barely more than a decade Yet one now reads of the maturing of the family planning and abortion fields both of which were incorporated into our society and integrated into our health care system within the past ten years Indeed in the very year that this book is being prepared we note the tenth anniversaries of several significant events of 1970 1 the enactment of Title X of the Public Health Service Act establishing a

Federal program in family planning 2 the first issuance by a major health related organization the APHA of a policy statement advocating repeal of all abortion laws and 3 the enactment by New York State of an abortion law whose only restriction was that it be performed by a licensed physician and the subsequent action the first by any local health department New York City to assure both its implementation and its quality They were indeed eventful days These three events seemed to presage a then unprecedented acceptance of fertility regulation as a right and as a needed service

Abortion and Woman's Choice Rosalind Pollack Petchesky, 2024-03-12 The best book I have read on the politics of reproduction It raises complex theoretical and strategic questions in a clear and accessible way and represents an important breakthrough in feminist thinking Leslie Doyal author of *What Makes Women Sick* This prize winning study is the definitive work on the politics of abortion and fertility Rosalind Pollack Petchesky provides overwhelming evidence against the anti abortion forces and in the process takes up issues of teenage sexuality the politics of eugenics and women's relationship to medical technology The book's continuing relevance is a tribute to the author and a sad indictment of contemporary politics

Human Sexuality and its Problems John Bancroft, 2008-12-29 Prepared by one of the world's leading authorities *Human Sexuality and its Problems* remains the foremost comprehensive reference in the field Now available in a larger format this classic volume continues to address the neurophysiological psychological and socio cultural aspects of human sexuality and how they interact Fully updated throughout the new edition places a greater emphasis on theory and its role in sex research and draws on the latest global research to review the clinical management of problematic sexuality providing clear practical guidelines for clinical intervention Clearly written this highly accessible volume now includes a new chapter on the role of theory and separate chapters on sexual differentiation and gender identity development transgender and gender non conformity and HIV AIDS and other sexually transmitted diseases *Human Sexuality and its Problems* fills a gap in the literature for academics interested in human sexuality from an interdisciplinary perspective as well as health professionals involved in the management of sexual problems Long awaited new edition of the definitive reference text on human sexuality Addresses the neurophysiological psychological and socio cultural aspects of human sexuality and how they interact Examines the normal sexual experience and covers the various ways in which sex can be problematic including dysfunctional out of control high risk and illegal sexual behaviour Reviews the clinical management of problematic sexuality and provides clear practical guidelines for clinical intervention Presents a broad cross disciplinary perspective of the subject area making the book suitable for all professionals involved in the field Presents a more theoretical approach to the study of human sexuality reflecting recent changes in research Includes a section on brain imaging to demonstrate the latest research findings in sexual arousal and to compare and contrast individuals with normal and low levels of sexual desire Discusses the use of sex as a mood regulator and the importance of current research in this area Discusses the impact on the internet on the modern sexual world Explores the relevance of transgender and gender non conformity Contains a chapter on HIV and AIDS and

other sexually transmitted infections Chapter on therapy fully updated to reflect the movement towards integration of psychological and pharmacological approaches to management Explores the complex relationships between anger sexual arousal and sexual violence Medical and Psychological Impact of Abortion United States. Congress. House. Committee on Government Operations. Human Resources and Intergovernmental Relations Subcommittee, 1989 Family Planning Programme in India Shanta Kohli Chandra, 1987 **Constitutional Amendments Relating to Abortion** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution, 1983 **Foreign Assistance and Related Programs Appropriations for 1982: Agency for International Development ... Subcommittee on Foreign Operations and Related Agencies (1981-1987), 1981 The Climacteric: An Update H. van Herendael, B. van Herendael, F.E. Riphagen, L. Goessens, H. van der Plas, 2012-12-06 THE JAN PALFIJN SYMPOSIA In 1979 the Department of Obstetrics and Gynaecology of the Jan Palfijn Hospital in Merksem Antwerp celebrated its 25th Anniversary To mark the occasion the first symposium was organized the theme chosen being hysteroscopy Thanks to the cooperation of specialists from both within and outside Belgium the event attracted such a large attendance that it was decided to follow up this first venture with others In the light of the experience gained from the first symposium we established the Jan Palfijn Foundation for Gynaecological and Obstetrical Didactics the reasons for this being budgetary and in particular organizational This approach made it possible to attract the cooperation of enthusiastic fellow workers from outside the hospital on a permanent or ad hoc basis and hence to reach a much wider group of experts in all fields both at home and abroad In 1981 the second symposium was held at the Jan Palfijn Hospital the topic being echography in obstetrics and gynaecology Almost all of the Belgian universities were represented and papers were presented by confreres from practically all of the EEC countries When the third symposium was held in 1982 again on hysteroscopy the speakers and audience could literally hardly be squeezed into the Jan Palfijn Hospital's facilities The fourth symposium was accordingly organized in the modern luxurious facilities of the new administration building of the Antwerp Provincial Authority **Fertility Regulation and the Public Health** Sarah L. Tietze, Richard Lincoln, 2012-12-06 A lifetime of work by a dedicated scientist who monitored the growing variety of methods for the control of human fertility and foresaw the need for information on the social psychological economic and political aspects of fertility regulation and the prevention of unwanted pregnancies and births is reflected in the pages of this book It also chronicles a series of related revolutions 1 major changes in attitudes to the voluntary control of human fertility 2 growing freedom of discussion outside the medical community relating to human reproduction and 3 recognition that governments have an appropriate role to play in programs involving these matters As a result official information systems have been established to guide the evaluation of programs and determine if and when changes in policy might be needed Christopher Tietze from whose writings the articles in this volume were selected was a central figure in these developments He was a physician

whose major focus was social statistics In effect he became the scorekeeper of the world s efforts to avoid unwanted childbearing He enlisted an ever growing network of collaborators and prevailed on them to apply new tools to new issues California.
