background and physical appearance Hayworth represents both the height of Hollywood glamour as well as the lengths required of many actors and actresses in order to succeed in a particularly cut throat environment If Hollywood promoted the Horatio Alger myth of the rags to riches movie star it is also important to acknowledge the extent to which it forced many stars to essentially erase their personal backgrounds in the interest of achieving this success Even though it is true that Hayworth was the beneficiary of tremendous fortune throughout her life her popularity within Cultural Studies curricula reflects the importance of not only her films but also her star image as well Of course Rita s personal background is nearly as notorious as her career since her glamorous performances on the movie set are frequently juxtaposed with the adversity she faced behind the scenes She was deeply unhappy for much of her life due to a long string of failed marriages and a battle with alcoholism and by examining the films in conjunction with her off screen turmoil people quickly get a sense of the almost schizophrenic character of Rita Hayworth Only by looking at Hayworth s life in its different stages and placing emphasis on both her triumphs and hardships can people completely understand her life and career American Legends The Life of Rita Hayworth examines the life and career of one of Hollywood s most iconic women Along with pictures of important people places and events you will learn about Rita Hayworth like never before in no time at all **The 20th Century Go-N** Frank N. Magill,2014-03-05 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography Rita Hayworth John Kobal,1977 **Film Stardom and the Ancient Past** Michael Williams,2018-01-13 This book offers the first comprehensive exploration of how the ancient past has shaped screen stardom in Hollywood since the silent era It engages with debates on historical reception gender and sexuality nostalgia authenticity and the uses of the past Michael Williams gives fresh insights into divinized stardom a highly influential and yet understudied phenomenon that predates Hollywood and continues into the digital age Case studies include Greta Garbo and Mata Hari 1931 Buster Crabbe and the 1930s Olympian body the marketing of Rita Hayworth as Venus in the 1940s sculpture and star performance in Oliver Stone s Alexander 2004 landscape and sexuality in Troy 2004 digital afterimages of stars such as Marilyn Monroe and the classical body in the contemporary ancient epic genre The author s richly layered archaeological approach uses detailed textual analysis and archival research to survey the use of themyth and iconography of ancient Greece and Rome in some of stardom s most popular and fascinating incarnations This interdisciplinary study will be significant for anyone interested in star studies film and cultural history and classical reception **Gilda** Melvyn Stokes,2019-07-25 Melvyn Stokes s study of the 1946 classic Gilda describes the film s production and

reception history as well as addressing Rita Hayworth's complex star persona and ethnicity identity Gilda's status as a noir film and what the film had to say about relations between men and women in a world transformed by war *Unchained Memories* Lenore Terr, 2008-08-06 Can a long forgotten memory of a horrible event suddenly resurface years later How can we know whether a memory is true or false Seven spellbinding cases shed light on why it is rare for a reclaimed memory to be wholly false Here are unforgettable true stories of what happens when people remember what they've tried to forget plus one case of genuine false memory In the best detective story fashion using her insights as a psychiatrist and the latest research on the mind and the brain Lenore Terr helps us separate truth from fiction
