*Ritch Mann* Cynthia Wills, 2013-06-20 How would you feel if your father was the most famous Mann in the world and he denied you at birth *Ritch Mann* is a story of consequences a must read for all ages *Ritch Mann* Cynthia Reid Wills, 2021-02-03 **The Story of USfooty** John Doc Cheffers, Greg Narleski, 2003 *Cosmic Corsairs* Hank Davis, Christopher Ruocchio, 2020-08-04 NEW FICTION AND CLASSICS OF THE GENRE COLLECTED BY THE EDITORIAL TEAM BEHIND SPACE PIONEERS AND OVERRULED SPACE PIRATES Words that conjure up rousing tales of adventure derring do brave heroes battling the scurvy vermin of the galaxy Those vermin have taken to pillaging cargo ships and even worse space liners relieving the helpless passengers of their valuables and worse with the comely women passengers then spacing the lot unless one or more of the aforementioned brave heroes arrive in the nick of time and turn the tables making the spaceways safe again for the innocent and helpless On the other hand perhaps the pirate captain is a woman and it s the comely male passengers who need rescuing And on the third hand we re talking space pirates here possibly aliens with four or more arms perhaps those ships traversing the interstellar void are not so innocent and the pirates fighting an evil despotic star empire and defending the freedom of the space lanes are the good guys and gals The possibilities are many and the daring exploits set the blood racing in the veins of any reader with even a trace of buccaneering spirit in their hidden self So board a battered but spaceworthy fighting starship with such star spanning and award winning crewmates as Robert Silverberg Elizabeth Bear and Sarah Monette Larry Niven Fritz Leiber and Sarah A Hoyt plus James H Schmitz James Blish Gregory Benford and more and set sail er thrusters for a universe of freebooting adventure At the publisher s request this title is sold without DRM Digital Rights Management Praise for previous anthologies edited by Hank Davis In Space No One Can Hear You Scream T he 13 tales in this collection blend sf with horror to demonstrate the resiliency of both genres offers strong tales by the genre s best storytellers Library Journal F irst rate science fiction demonstrating how short stories can still entertain The Galveston County Daily NewsM A Cosmic Christmas 2 You This creative and sprightly Christmas science fiction anthology spins in some surprising directions A satisfying read for cold winter evenings a great stocking stuffer for SF fans Publishers Weekly As Time Goes By As Time Goes By does an excellent job of exploring not only romance through time travel relationships enabled or imperiled by voyaging through time but the intrinsic romance of time travel itself The range of styles and approaches is as wide as the authors sensibilities and periods might suggest full of entertaining and poignant stories Alvaro Zinos Amaro IntergalacticMedicineShow com About Star Destroyers coedited by Christopher Ruocchio S pectacular space battles and alien contacts themes of military ethics the uses of artificial intelligence and the limits of the capacity of the human mind It is the human interactions and decisions that ultimately drive the stories Will appeal to fans of military and hard science fiction and any readers fascinated by the possibilities of space travel Booklist S tories of giant spaceships at war at peace and in the often gray areas between A worthy addition to a long tradition of ship based fiction and

its authors portray captains arcane astrologers and civilian child passengers with equal depth It is recommended for fans of military SF and space adventure Publishers Weekly You d probably expect some tight action filled space opera stories of giant space battles and there s some of that But there are also espionage stories rescue missions political conflicts alternate histories even a few humorous tales Each author took the premise in a different direction if I had to identify one common feature to all the stories it would be that they re all fun Like it says big ships blowing things up What s not to like Analog

Heinrich Mann's Novels and Essays Karin Verena Gunnemann, 2002 The first full length study in English of Heinrich Mann s literary work and political activism Heinrich Mann once counted among the most important literary figures in Germany is known to most English speaking readers only as the brother of Thomas Mann or in connection with Marlene Dietrich and the film *The Blue Angel* which was based on one of his novels Only a few of his novels and stories and virtually none of his hundreds of provocative essays are available in English But he deserves special attention for the window his work provides onto the intellectual social and political history of Germany especially Germany s struggle with the question of democracy in the early twentieth century In his essays and novels Mann exposed Germany s resistance to democracy well before the First World War and especially during the Revolution of 1918 19 and the Weimar Republic he made the education of the German people to democratic values and a democratic form of government the center of his life and work Professor Gunnemann s book is the first work in English that explores Heinrich Mann s work in detail Special attention is given to the history of the reception of Mann s works in Germany which is also a history of that nation s self understanding Karin Verena Gunnemann is professor of German at Agnes Scott College in Atlanta *Changing Perceptions of Thomas Mann's Doctor Faustus* John F. Fetzer, 1996 Ever since its appearance in 1947 Thomas Mann s novel *Doctor Faustus* has generated heated reactions among critics Whereas initial ideological differences stemming from the Cold War and the division of Germany have abated following the reunification of 1990 diverse opinions and controversies persist about Mann s daring treatment of the Faust theme These include such topics as the political stance of the author and the historical dimensions of the novel the biographical and autobiographical and backgrounds of the work especially in light of the subsequent publication of Mann s diaries and private notebooks the writer s sexual and psychological proclivities the thorny issues of montage collage and intertextuality musical concerns such as the extent to which the novel s protagonist appropriates as his own Arnold Schonberg s twelve tone system of composition or the role of Mann s fellow exile and mentor Theodor W Adorno in indoctrinating his pupil into avant garde musical techniques the degree to which the novel exhibits structural features of the music on which the narrative focuses and the function of certain mythic prototypes for this modern parody in fashioning the fortunes and fate of Adrian Leverkühn A provocative and still unresolved question centers on the precise role played by Goethe s Faust in the conception and execution of *Doctor Faustus* in spite of Mann s assertion that his version of the legend had nothing in common with the work of his famous predecessor Finally the presence of strong visual

elements in the novel leads to an assessment of the critical reception accorded Franz Seitz's film adaptation of Doctor Faustus 1982 a dicey subject in Mann circles since few filmed versions of his novellas or novels have enjoyed an unsullied reputation

The Oxford Handbook of White-Collar Crime Shanna R. Van Slyke, Michael L. Benson, Francis T. Cullen, 2016-03-01 Although white collar crime has caused a substantial amount of damage on both the individual and societal levels it often ranks below street crime as a matter of public concern Thus white collar crime remains an ambiguous and even controversial topic among academics with a relative dearth of scholarly focus on the issue The Oxford Handbook of White Collar Crime offers a comprehensive treatment of the most up to date theories and research regarding white collar crime Contributors tackle a vast range of topics including the impact of white collar crime the contexts in which white collar crime occurs current crime policies and debates and examinations of the criminals themselves The volume concludes with a set of essays that discuss potential responses for controlling white collar crime as well as promising new avenues for future research Uniting conceptual theories empirical research and ethnographic data the Handbook provides the first unified analytic framework on white collar crime Given the astronomical aggregate losses to victims building a more nuanced understanding of the dynamics of white collar crime is a topic of immediate social concern The definitive resource on white collar crime this Handbook will be a valuable resource for developing both intellectual and policy related solutions

**Bolt Of Fate** Tom Tucker, 2009-04-24 Every schoolchild in America knows that Benjamin Franklin flew a kite during a thunderstorm in the summer of 1752 Electricity from the clouds above traveled down the kite's twine and threw a spark from a key that Franklin had attached to the string He thereby proved that lightning and electricity were one What many of us do not realize is that Franklin used this breakthrough in his day's intensely competitive field of electrical science to embarrass his French and English rivals His kite experiment was an international event and the Franklin that it presented to the world a homespun rural philosopher scientist performing an immensely important and dangerous experiment with a child's toy became the Franklin of myth In fact this sly presentation on Franklin

s part so charmed the French that he became an irresistible celebrity when he traveled there during the American Revolution. The crowds and the journalists and the ladies cajoled the French powers into joining us in our fight against the British. What no one has successfully proven until now and what few have suggested is that Franklin never flew the kite at all. Benjamin Franklin was an enthusiastic hoaxer. And with the electric kite he performed his greatest hoax. As Tucker shows it was this trick that may have won the American Revolution.
