Daniel Defoe

Robinson Crusoe A Journal Of The Plagu:

A Journal of the Plague Year Daniel Defoe,1904 **A Journal of the Plague Year** Daniel Defoe,2020-04 Imagine a plague so horrific only forty percent of the population lived to tell the tale Written as a first person account of the world s most dangerous pandemic the mysterious narrator bears witness to a society that has seemingly given up hope during terrifying times From mounting death tolls to horrific bodily ailments contracting the Black Plague was considered a fate worse than death Combining his own experiences within each of the two stories the enigmatic narrator known only by the initials H F gives a dark and detailed account of one of the most horrific pandemics in human history H F recounts two stories of uniquely different Londoners doing everything in their power to avoid contracting the plague One story tells of a poor man who takes shelter on his boat away from his infected wife and child This man uses his boat to bring provisions to various communities by the water doing all he can to support sick families The other story is describes a group of three men each of different professions who escape the village in an effort to survive together off the land Bearing uncanny similarities to the Coronavirus spreading across the globe today A Journal of the Plague Year is perhaps a comforting reminder that times could always be worse This version contains an informative new note about the author and a professionally typeset manuscript With a stunning and eye catching cover this Mint Edition book is a beautiful edition to any classics bookshelf

Robinson Crusoe Daniel Defoe, Journal of the Plague Year Daniel Defoe,1895 *A Journal of the Plague Year* Daniel Defoe,2015-07-06 A Journal of the Plague Year by Daniel Defoe This novel is an account of one man s experiences of the year 1665 in which the Great Plague or the bubonic plague struck the city of London The book is told somewhat chronologically though without sections or chapter headings Presented as an eyewitness account of the events at the time it was written in the years just prior to the book s first publication in March 1722 Defoe was only five years old in 1665 and the book itself was published under the initials H F and is probably based on the journals of Defoe s uncle Henry Foe It was about the beginning of September 1664 that I among the rest of my neighbours heard in ordinary discourse that the plague was returned again in Holland for it had been very violent there and particularly at Amsterdam and Rotterdam in the year 1663 whither they say it was brought some said from Italy others from the Levant among some goods which were brought home by their Turkey fleet others said it was brought from Candia others from Cyprus It mattered not from whence it came but all agreed it was come into Holland again We had no such thing as printed newspapers in those days to spread rumours and reports of things and to improve them by the invention of men as I have lived to see practised since But such things as these were gathered from the letters of merchants and others who corresponded abroad and from them was handed about by word of mouth only so that things did not spread instantly over the whole nation as they do now But it seems that the Government had a true account of it and several councils were held about ways to prevent its coming over but all was kept very private Hence it was that this rumour died off again and people began to forget it as a thing we were very little

concerned in and that we hoped was not true till the latter end of November or the beginning of December 1664 when two men said to be Frenchmen died of the plague in Long Acre or rather at the upper end of Drury Lane The family they were in endeavoured to conceal it as much as possible but as it had gotten some vent in the discourse of the neighbourhood the Secretaries of State got knowledge of it and concerning themselves to inquire about it in order to be certain of the truth two physicians and a surgeon were ordered to go to the house and make inspection This they did and finding evident tokens of the sickness upon both the bodies that were dead they gave their opinions publicly that they died of the plague The Daniel Defoe Collection Daniel Defoe,2020-03-21 Four Books In One In one beautifully laid out edition four of Daniel Defoe s most beloved and influential classic novels Included in this volume The Life and Strange Surprising Adventures of Robinson Crusoe The Farther Adventures of Robinson Crusoe A Journal of the Plague Year Moll Flanders **A Journal of the Plague Year** Daniel Defoe,2006 A Journal of the Plague Year is a brilliant historical novel by Daniel Defoe written with journalistic precision It is one man s chronicles of the year 1665 in which the Great Plague struck the city of London **A Journal of the Plague Year (Deluxe Library Binding)** Daniel Defoe,2020-11-24 A Journal of the Plague Year is an account of one man s experiences when the bubonic plague struck London in 1665 It is presented as an eyewitness account of the events at the time identifying specific houses in which events took place *A Journal of the Plague Year* Daniel Defoe,2022-05-29 In A Journal of the Plague Year Daniel Defoe masterfully constructs a fictionalized account of the 1665 bubonic plague that ravaged London Written in the style of a personal diary the narrative weaves together vivid descriptions of the city s desolation with nuanced reflections on human resilience and societal breakdown Defoe employs a blend of realism and dramatic tension giving readers an immersive experience of fear superstition and the struggle for survival against a backdrop of moral and social decay This work is often viewed as a precursor to the modern novel situating itself within the broader context of 17th century literature as it navigates themes of illness isolation and the human condition Daniel Defoe a journalist and social commentator of his time drew inspiration from his own experiences and the historical accounts surrounding the plague Having lived in London during the Great Plague Defoe channels his first hand observations into a compelling narrative that balances fact and fiction His keen insights into public life and the socio political climate of Restoration England inform the depth and authenticity of the work making it a crucial text for understanding the era s consciousness This book is highly recommended for readers interested in historical fiction epidemiology and the human experience during crises Defoe s contemplative style invites readers not only to witness the tragedies of the past but also to reflect on contemporary issues of disease and societal response making A Journal of the Plague Year both a timeless classic and a poignant reminder of humanity s vulnerability **A Journal of the Plague Year** Daniel Defoe,2016-09-14 Why buy our paperbacks Printed in USA on High Quality Paper Standard Font size of 10 for all books Fulfilled by Amazon Expedited shipping 30 Days Money Back Guarantee BEWARE OF LOW QUALITY SELLERS Don t buy cheap paperbacks just to save a few dollars Most of them

use low quality papers binding Their pages fall off easily Some of them even use very small font size of 6 or less to increase their profit margin It makes their books completely unreadable Be rest assured about the quality of our books We guarantee you will have a great experience with us About A Journal of the Plague year A Journal of the Plague Year is a novel by Daniel Defoe first published in March 1722 This novel is an account of one man s experiences of the year 1665 in which the Great Plague or the bubonic plague struck the city of London The book is told somewhat chronologically though without sections or chapter headings Presented as an eyewitness account of the events at the time it was written in the years just prior to the book s first publication in March 1722 Defoe was only five years old in 1665 and the book itself was published under the initials H F and is probably based on the journals of Defoe s uncle Henry Foe In the book Defoe goes to great pains to achieve an effect of verisimilitude identifying specific neighborhoods streets and even houses in which events took place Additionally it provides tables of casualty figures and discusses the credibility of various accounts and anecdotes received by the narrator The novel is often compared to the actual contemporary accounts of the plague in the diary of Samuel Pepys Defoe s account which appears to include much research is far more systematic and detailed than Pepys s first person account Defoe s account may also be compared to the description of the plague in Alessandro Manzoni s The Betrothed orig Italian I Promessi Sposi Despite some similarities for example both works were written many years after the end of the plague the two writers used different techniques Defoe wrote a work full of detail using another s viewpoint and with a detached tone while Manzoni not only reconstructed the general atmosphere of the pestilence stricken Milan but as well analysed individual responses to the plague with a poetic sensitivity of his own

A Journal of the Plague Year (Annotated) Daniel Daniel

Defoe,2016-01-07 A Journal of the Plague Year is a novel by Daniel Defoe first published in March 1722 This novel is an account of one man s experiences of the year 1665 in which the Great Plague or the bubonic plague struck the city of London The book is told somewhat chronologically though without sections or chapter headings Presented as an eyewitness account of the events at the time it was written in the years just prior to the book s first publication in March 1722 Defoe was only five years old in 1665 and the book itself was published under the initials H F and is probably based on the journals of Defoe s uncle Henry Foe

A Journal of the Plague Year Daniel Defoe Daniel Defoe,2016-12-01

A Journal of the Plague Year is a novel by Daniel Defoe first published in March 1722 This novel is an account of one man s experiences of the year 1665 in which the Great Plague or the bubonic plague struck the city of London The book is told somewhat chronologically though without sections or chapter headings Presented as an eyewitness account of the events at the time it was written in the years just prior to the book s first publication in March 1722 Defoe was only five years old in 1665 and the book itself was published under the initials H F and is probably based on the journals of Defoe s uncle Henry Foe In the book Defoe goes to great pains to achieve an effect of verisimilitude identifying specific neighborhoods streets and even houses in which events took place Additionally it provides

tables of casualty figures and discusses the credibility of various accounts and anecdotes received by the narrator The novel is often compared to the actual contemporary accounts of the plague in the diary of Samuel Pepys Defoe's account which appears to include much research is far more systematic and detailed than Pepys's first person account A Journal of the Plague Year DANIEL. DEFOE,2018-04-24

The 18th century was a wealth of knowledge exploration and rapidly growing technology and expanding record keeping made possible by advances in the printing press In its determination to preserve the century of revolution Gale initiated a revolution of its own digitization of epic proportions to preserve these invaluable works in the largest archive of its kind Now for the first time these high quality digital copies of original 18th century manuscripts are available in print making them highly accessible to libraries undergraduate students and independent scholars Medical theory and practice of the 1700s developed rapidly as is evidenced by the extensive collection which includes descriptions of diseases their conditions and treatments Books on science and technology agriculture military technology natural philosophy even cookbooks are all contained here The below data was compiled from various identification fields in the bibliographic record of this title This data is provided as an additional tool in helping to insure edition identification British Library T070342 Signed at the end H F i e Daniel Defoe With a half title London printed for E Nutt J Roberts A Dodd and J Graves 1722 4 287 1 p 8 **A Journal of the Plague Year** Daniel Defoe,2018-08-14

A Journal of the Plague Year Large Print By Daniel Defoe Journalist and novelist son of a butcher in St Giles where he was born His father being a Dissenter he was educated at a Dissenting college at Newington with the view of becoming a Presbyterian minister He joined the army of Monmouth and on its defeat was fortunate enough to escape punishment In 1688 he joined William III Before settling down to his career as a political writer Defoe had been engaged in various enterprises as a hosier a merchant adventurer to Spain and Portugal and a brickmaker all of which proved so unsuccessful that he had to fly from his creditors Having become known to the government as an effective writer and employed by them he was appointed Accountant in the Glass Duty Office 1659 1699 We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience **Journal of the Plague Year** Daniel Defoe,2010-06 Daniel Defoe ca 1659 1731 was an English writer journalist and spy who gained enduring fame for his novel Robinson Crusoe Defoe is notable for being one of the earliest practitioners of the novel and helped popularize the

genre in Britain *A Journal of the Plague Year in London* Daniel Defoe, 2014-09-17 From the intro It was about the beginning of September 1664 that I among the rest of my neighbours heard in ordinary discourse that the plague was returned again in Holland for it had been very violent there and particularly at Amsterdam and Rotterdam in the year 1663 whither they say it was brought some said from Italy others from the Levant among some goods which were brought home by their Turkey fleet others said it was brought from Candia others from Cyprus It mattered not from whence it came but all agreed it was come into Holland again We had no such thing as printed newspapers in those days to spread rumours and reports of things and to improve them by the invention of men as I have lived to see practised since But such things as these were gathered from the letters of merchants and others who corresponded abroad and from them was handed about by word of mouth only so that things did not spread instantly over the whole nation as they do now But it seems that the Government had a true account of it and several councils were held about ways to prevent its coming over but all was kept very private Hence it was that this rumour died off again and people began to forget it as a thing we were very little concerned in and that we hoped was not true till the latter end of November or the beginning of December 1664 when two men said to be Frenchmen died of the plague in Long Acre or rather at the upper end of Drury Lane The family they were in endeavoured to conceal it as much as possible but as it had gotten some vent in the discourse of the neighbourhood the Secretaries of State got knowledge of it and concerning themselves to inquire about it in order to be certain of the truth two physicians and a surgeon were ordered to go to the house and make inspection This they did and finding evident tokens of the sickness upon both the bodies that were dead they gave their opinions publicly that they died of the plague Whereupon it was given in to the parish clerk and he also returned them to the Hall and it was printed in the weekly bill of mortality in the usual manner thus Plague 2 Parishes infected 1 **A Journal of the Plague Year** Daniel Defoe, 2014-12-11

A Journal of the Plague Year By Daniel Defoe *A Journal of the Plague Year* is a novel by Daniel Defoe first published in March 1722 COMPLETE NEW EDITION The novel is a fictionalised account of one man's experiences of the year 1665 in which the Great Plague struck the city of London The book is told roughly chronologically though without sections or chapter headings Although it purports to have been written only a few years after the event it actually was written in the years just prior to the book's first publication in March 1722 Defoe was only five years old in 1665 and the book itself was published under the initials H F The novel probably was based on the journals of Defoe's uncle Henry Foe In the book Defoe goes to great pains to achieve an effect of verisimilitude identifying specific neighborhoods streets and even houses in which events took place Additionally it provides tables of casualty figures and discusses the credibility of various accounts and anecdotes received by the narrator The novel often is compared to the actual contemporary accounts of the plague in the diary of Samuel Pepys Defoe's account although fictionalized is far more systematic and detailed than Pepys's first person account Moreover it may be compared to the description of the plague in Alessandro Manzoni's *The Betrothed* orig Italian *I Promessi Sposi* Despite of some similarities for

example both novels were written many years after the end of the plague the two writers used different techniques Defoe wrote a work full of detail but used a detached tone while Manzoni was not only able to reconstruct the general atmosphere of the pestilence stricken Milan but also analysed individual responses to the plague with a poetic sensitivity of his own

A Journal of the Plague Year Daniel Defoe,2020-06-19 *A Journal of the plague* is an extraordinary historical account of the devastation and human suffering inflicted on the City of London by the Great Plague of 1665 Defoe's fictional narrator sees and describes a city totally transformed the streets and alleyways deserted the daily life of a city under siege the mass panics of a frightened citizenry the ghastly disease The Defoe's description of plague-racked London makes this one of the most convincing accounts of the Great Plague ever written The Black Death continues to exert an intense fascination on historians political scientists journalists and the public Daniel Defoe is most famous for his novel *Robinson Crusoe* which is second only to the Bible in its number of translations It was about the beginning of September 1664 that I among the rest of my neighbours heard in ordinary discourse that the plague was returned again in Holland for it had been very violent there and particularly at Amsterdam and Rotterdam in the year 1663 whither they say it was brought some said from Italy others from the Levant among some goods which were brought home by their Turkey fleet others said it was brought from Candia others from Cyprus It mattered not from whence it came but all agreed it was come into Holland again We had no such thing as printed newspapers in those days to spread rumours and reports of things and to improve them by the invention of men as I have lived to see practised since But such things as these were gathered from the letters of merchants and others who corresponded abroad and from them was handed about by word of mouth only so that things did not spread instantly over the whole nation as they do now But it seems that the Government had a true account of it and several councils were held about ways to prevent its coming over but all was kept very private Hence it was that this rumour died off again and people began to forget it as a thing we were very little concerned in and that we hoped was not true till the latter end of November or the beginning of December 1664 when two men said to be Frenchmen died of the plague in Long Acre or rather at the upper end of Drury Lane
