Rocco and His Brothers Sam Rohdie, 1992 No Marketing Blurb      Rocco and his Brothers (Rocco e i suoi fratelli) Sam Rohdie, 2020-10-15 Sam Rohdie's insightful and compelling analysis of Luchino Visconti's 1960 epic of modern urban life provides reveals the film as one of the greatest masterpieces of Italian cinema Rocco tells the story of a family of peasants uprooted from their village in southern Italy and forced to battle for existence in the industrial metropolis of Milan Though fascinated by the social reality of modern Italy Visconti had by this time thrown off the influence of the neorealist movement He had developed a style all his own enriched by his experience of directing opera for the stage As a result the characters in Rocco are no longer held in check by the naturalistic conventions of neorealism Instead they erupt on the screen with all the emotional power of heightened melodrama The violent sexuality projected by stars Alain Delon Annie Girardot Claudia Cardinale and the rest of Visconti's impressive cast was too much for the Italian censors who cut several scenes Rohdie discusses the film in terms of its passionate splendid realism arguing that these two apparently opposing moods are held in balance rather than contradiction in the film part of the very condition of the film's power and grace      The Cinema of Italy Giorgio Bertellini, 2004 Giorgio Bertellini examines the historical and aesthetic connections of some of Italy's most important films with both Italian and Western film culture      *The Great Movies III* Roger Ebert, 2024-05-31 Roger Ebert has been writing film reviews for the Chicago Sun Times for over four decades now and his biweekly essays on great movies have been appearing there since 1996 As Ebert noted in the introduction to the first collection of those pieces They are not the greatest films of all time because all lists of great movies are a foolish attempt to codify works which must stand alone But it's fair to say If you want to take a tour of the landmarks of the first century of cinema start here Enter *The Great Movies III* Ebert's third collection of essays on the cr me de la cr me of the silver screen each one a model of critical appreciation and a blend of love and analysis that will send readers back to the films with a fresh set of eyes and renewed enthusiasm or maybe even lead to a first time viewing From *The Godfather Part II* to *Groundhog Day* from *The Last Picture Show* to *Last Tango in Paris* the hundred pieces gathered here display a welcome balance between the familiar and the esoteric spanning Hollywood blockbusters and hidden gems independent works and foreign language films alike Each essay draws on Ebert's vast knowledge of the cinema its fascinating history and its breadth of techniques introducing newcomers to some of the most exceptional movies ever made while revealing new insights to connoisseurs as well Named the most powerful pundit in America by *Forbes* magazine and a winner of the Pulitzer Prize Roger Ebert is inarguably the most prominent and influential authority on the cinema today *The Great Movies III* is sure to please his many fans and further enhance his reputation as America's most respected and trusted film critic      *The Foreign Film Renaissance on American Screens, 1946-1973* Tino Balio, 2010-11-05 Largely shut out of American theaters since the 1920s foreign films such as *Open City* *Bicycle Thief* *Rashomon* *The Seventh Seal* *Breathless* *La Dolce Vita* and *L'Avventura* played after World War II in a growing number of art

houses around the country and created a small but influential art film market devoted to the acquisition distribution and exhibition of foreign language and English language films produced abroad Nurtured by successive waves of imports from Italy Great Britain France Sweden Japan and the Soviet Bloc the renaissance was kick started by independent distributors working out of New York by the 1960s however the market had been subsumed by Hollywood From Roberto Rossellini's *Open City* in 1946 to Bernardo Bertolucci's *Last Tango in Paris* in 1973 Tino Balio tracks the critical reception in the press of such filmmakers as François Truffaut Jean Luc Godard Federico Fellini Michelangelo Antonioni Tony Richardson Ingmar Bergman Akira Kurosawa Luis Buñuel Satyajit Ray and Milos Forman Their releases paled in comparison to Hollywood fare at the box office but their impact on American film culture was enormous The reception accorded to art house cinema attacked motion picture censorship promoted the director as auteur and celebrated film as an international art Championing the cause was the new cinephile generation which was mostly made up of college students under thirty The fashion for foreign films depended in part on their frankness about sex When Hollywood abolished the Production Code in the late 1960s American made films began to treat adult themes with maturity and candor In this new environment foreign films lost their cachet and the art film market went into decline

*Rocco and His Brothers* Sam Rohdie, 2020 Sam Rohdie's insightful and compelling analysis of Luchino Visconti's 1960 epic of modern urban life provides reveals the film as one of the greatest masterpieces of Italian cinema Rocco tells the story of a family of peasants uprooted from their village in southern Italy and forced to battle for existence in the industrial metropolis of Milan Though fascinated by the social reality of modern Italy Visconti had by this time thrown off the influence of the neorealist movement He had developed a style all his own enriched by his experience of directing opera for the stage As a result the characters in *Rocco* are no longer held in check by the naturalistic conventions of neorealism Instead they erupt on the screen with all the emotional power of heightened melodrama The violent sexuality projected by stars Alain Delon Annie Girardot Claudia Cardinale and the rest of Visconti's impressive cast was too much for the Italian censors who cut several scenes Rohdie discusses the film in terms of its passionate splendid realism arguing that these two apparently opposing moods are held in balance rather than contradiction in the film part of the very condition of the film's power and grace

*The Leopard (Il Gattopardo)* David Weir, 2024-04-04 Luchino Visconti's *The Leopard Il Gattopardo* 1963 tells the story of an aristocratic Sicilian family adjusting to the realities of political and commercial modernity after the unification Italy during the Risorgimento The film starring Claudia Cardinale Burt Lancaster and Alain Delon met with success upon its initial release winning the Palme d'Or at Cannes and having a successful theatrical run in Europe Despite this however it did not do well with English speaking audiences and eventually even fell out of favour with Italian audiences who took issue with the way

Risorgimento history was represented David Weir's study of the film seeks to understand the film's paradoxical place in Italian film history He argues that Visconti's use of artifice narrative and history all aspects that came to be criticised were in fact essential to his cinematic art and can all be understood as strengths of the film Providing a scene by scene analysis of the film as well as illuminating its relationship to the Lampedusa novel from which it was adapted Weir suggests that Visconti's film goes beyond mere adaptation using the form of the novel for cinematic purposes and making The Leopard a cinematic novel in its own right He goes on to situate the film within Visconti's career questioning whether the uneven reception of the film reflects the paradox of Visconti's social status as a Marxist aristocrat and his position as an auteur director whose films borrowed heavily from the decadent tradition while at the same time professing allegiance to the Italian Communist Party

**A History of Italian Cinema** Peter Bondanella,Federico Pacchioni,2017-10-19 The only comprehensive and up to date book on the subject of Italian cinema available anywhere in any language [More Like Brothers](#) Raymond Lombard, [State of Exception](#) Elena Bellina,Paola Bonifazio,2009-03-26 In a globalized world exposed to ever more dramatic dangers the established legal order enters into crisis and the rhetoric of fear is deployed in order to

legitimate states of exception Italian philosopher Giorgio Agamben has widely elaborated on the historical effects of the juridical concept of the state of exception recalling the definition formulated by German legal theorist Carl Schmitt The state of exception presents itself as an inherently elusive phenomenon a juridical no man s land where the law is suspended in order to be preserved The juridical tensions inherent in the state of exception necessitate a constant interplay of anomie and nomos an ongoing interaction between order and the suspension of order used to justify every conceivable abuse of power Such interplay epitomized by the aftermath of the 2001 terrorist attacks in the USA has become central to today s geopolitical scenario This book examines the implications of the state of exception on both a macro and micropolitical level strongly informed by Italy s long history of exceptional uses of power The book is divided into three parts The first part explores philosophical issues related to the history of the state of exception within the frame of juridical political and economical principles The second part focuses on Italian cultural and literary production during times of socio political crisis devoting special attention to the ways in which history may interact with its fictional representations The third section is devoted to the literary and cinematic representations of the biopolitical effects of the state of exception on Italian urban areas and the spectacularization of terrorism in Italian cinema

Second Time Around D. A. Miller, 2021-01-26 The art houses and cinema clubs of his youth are gone but the films that D A Miller discovered there in the 1960s and 70s are now at his fingertips With DVDs and streaming media technology has turned the old cinematheque s theatrical offerings into private viewings that anyone can repeat pause slow and otherwise manipulate at will In Second Time Around Miller seizes this opportunity across thirteen essays he watches digitally restored films by directors from Mizoguchi to Pasolini and from Hitchcock to Honda looking to find not only what he first saw in them but also what he was then kept from seeing by quick camerawork normal projection speed missing frames or simple censorship At last he has an unobstructed view of the gay leather scene in *Cruising* the expurgated special effects in *The H Man* and the alternative ending to *Vertigo* Now he can pursue the finer details of Chabrol s debt to Hitchcock Visconti s mystificatory Marxism or the unemotive emotion in Godard Yet this recaptured past is strangely disturbing the films and the author have changed in too many ways for their reunion to be like old times The closeness of Miller s attention clarifies the painful contradictions of youth and decline damaged prints and flawless restorations

Women in Italy, 1945-1960: An Interdisciplinary Study P. Morris, 2006-10-30 This volume brings together specialists from a variety of disciplines to develop a deeper understanding of the social political and cultural history of women in Italy in the years 1946 1960 Despite being a time when women and the family were at the center of national debates and when society changed considerably the fifteen years following the Second World War have tended to be overlooked or subsumed into discussions of other periods By focusing on the experience of women and by broadening the frame of reference to include subjects and sources often ignored or only alluded to by traditional analyses the essays in this volume break new ground and provide a corrective to previous interpretive models
