Graham Greene

Rocher De Brighton:

Rocher de Brighton (Brighton rock). Graham Greene, 1968 Rocher de Brighton Graham Greene, 1974 **Rocher de Brighton** Graham Greene, 2002 Le Rocher de Brighton est une spécialité de la célèbre plage anglaise un sucre d'orge que l'on peut casser en n'importe quel endroit et qui permet de lire toujours le nom de Brighton sur la cassure Si l'on se demande pourquoi Graham Greene a donné comme titre son roman le nom de cette sucrerie on trouvera peut-être la réponse dans les paroles d'un de ses personnages Regardez moi Je n'ai jamais changé C'est comme ces bâtons de rocher mordez les tout du long vous lirez toujours Brighton C'est la nature humaine En apparence Rocher de Brighton est un roman policier et des meilleurs Mais sous le récit rigoureusement agencé des événements court un sens secret Car entre le Gamin jeune bandit de dix-sept ans la cruauté sadique et au charme envoûtant Rose la jeune fille qui se donne lui malgré tout ce qu'il incarne et Ida qui symbolise et défend le droit tout prix va se jouer un drame de vengeance de cruauté et de mort marqué par la justice divine et la damnation éternelle Romans Graham Greene, 1960 *Rocher de Brighton* Graham Greene, 1972 *Dangerous Edges of Graham Greene* Dermot Gilvary, Darren J. N. Middleton, 2011-11-17 Informative broad ranging this title sheds new light on the life and literary art of one of the last century's most celebrated authors The first volume to be authorized by the Graham Greene Birthplace Trust *Dangerous Edges of Graham Greene* brings together writers journalists and scholars to investigate as well as to assess Greene's prolific oeuvre and intense personal interests Here the reader may explore everything from Greene's Vienna at the time of the filming of *The Third Man* to his sometimes fraught relationship with Evelyn Waugh from Greene's unconventional fictional treatment of women to his believing skepticism While Greene often informed friends that a ruling passion gives to a shelf of novels the unity of a system critics of his literary art have found it extraordinarily difficult to define the content of this ruling passion Perhaps this is because Greene's own character seems so paradoxical ironic even Moreover in believing that sin contains within itself the seeds of saintliness he consistently loiters on what Robert Browning calls the dangerous edge of things In exploring this dangerous edge this book covers the full breadth of Greene's life and literary career **Graham Greene's Narrative in Spain** Mónica Olivares Leyva, 2015-10-13 This volume provides a detailed description of the literary contact between Graham Greene and Franco's Spain Part I describes the most significant political events that affected the Spanish book industry under this regime with the first chapter offering an account of the methods of control created to exercise authoritative influence over the cultural scene Part II explores critical studies of Greene's artistic output in Franco's Spain and the second chapter investigates literary critics' evaluations of the author as published in the national press magazines and journals as well as in the prologues introductions and prefaces to his books Parts III and IV study the role played by the book industry in the reception of the writer in Spain as well as the obstacles it faced at the censorship office Accordingly chapters three to six provide the names of the publishers and booksellers who attempted to disseminate his work throughout the country Using the censorship files these chapters measure with great

precision publishers interest in Greene s works and establish the power Franco s censorship wielded over the reception of his literature in Spain The final section of the book brings together a number of significant conclusions developed throughout this study As such Graham Greene s Narrative in Spain provides the reader with a comprehensive overview of the roles played by national literary criticism and the book industry in the reception of the author s works in Franco s Spain as well as of the influence exerted by the regime throughout the whole publishing process **Graham Greene** Robert O.

Evans,2021-05-11 This collection of fourteen essays by American and English scholars many of them hitherto unpublished and all of them selected with a view to avoiding the duplication of essays already familiar and available offers new testimony of the range and accomplishments of Graham Greene s talent The essays vary from considerations of general topics to critical analyses of single novels from a discussion of Greene as a writer of Christian tragedy to a witty irreverent assessment of The Power and the Glory The authors here are chiefly concerned with the novels though frequent allusions reveal something of the nature and importance of the entertainments and the travel books A number of the essayists focus upon Greene s commitment to the Roman Catholic faith and the definition it has given to his work As a writer he is shown to be preoccupied with a dual vision of human frailty and of God s saving grace a vision found by some to assert sin to the point of virtual heresy though it never loses sight of that mercy which may catch up a soul between the stirrup and the ground As one essay points out traces of this vision are to be found in Greene s earlier works as well as in his entertainments Greene s own particular bent as a Catholic writer is brought out by a comparison with Fracois Maruiac another essay is concerned with the tension that exists between the life of art and the life of sanctity Round out this presentation of Greene s accomplishments are discussions of his work in the dram the short story and as a motion picture critic Finally this collection is notable for its inclusion of the most comprehensive bibliography of Greene s work and the criticism of them yet published Graham Greene emerges from this composite judgment as a writer of consummate artistry who sees behind the fa ade the emptiness of a secular world **Postmodern Fiction and the Break-Up of Britain** Hywel Dix,2011-11-03 This study explores how

British identity has been explored and renegotiated by contemporary writers It starts by examining the new emphasis on space and place that has emerged in recent cultural analysis and shows how this spatial emphasis informs different literary texts Having first analysed a series of novels that draw an implicit parallel between the end of the British Empire and the break up of the unitary British state the study explores how contemporary writing in Northern Ireland Scotland and Wales contributes to a sense of nationhood in those places and so contributes to the break up of Britain symbolically Dix argues that the break up of Britain is not limited to political devolution in Northern Ireland Scotland and Wales It is also an imaginary process that can be found occurring on a number of other conceptual coordinates Feminism class regional identities and ethnic communities are all terrains on which different writers carry out a fictional questioning of received notions of Britishness and so contribute in different ways to the break up of Britain **Graham Greene** A. F. Cassis,1981 Covers fifty

years of criticism of Graham Greene a leading man of letters on the English literary scene **The New Cambridge**

Bibliography of English Literature: Volume 4, 1900-1950 George Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries *The Expansion of Metaphysics* Miklos Veto,2018-06-01 The culmination of a lifetime s preoccupation with crucial human concerns too often curiously marginalized by the history of philosophy The Expansion of Metaphysics sheds new light on freedom and the will by making the phenomenon of novelty philosophically intelligible The a priori synthesis of Kant is joined to Judeo Christian themes the kenosis of Christ in the incarnation and the tzimtzum of God in the creation in order to develop a doctrine of superabundance freedom and love and singularity with the Work of Art and the Child as paradigms Space and time are reanalyzed as structural forms of human existence as Vet guides the reader into the depths and heights of reality climaxing in a metaphysics of good and evil **Handbook of French**

Popular Culture Pierre L. Horn,1991-05-21 Throughout the world there has been much scholarly and general interest in French popular culture but very little has been written on the subject in English The authors of this book address that lack in a series of highly readable and well documented essays describing French life styles attitudes and entertainments as well as the writers and performers currently favored by the French public Several chapters explore French tastes in popular literature and other reading matter including comics cartoons mystery and spy fiction newspapers and magazines and science fiction Film popular music radio and television are also discussed in detail and influences from other cultures particularly American imports are assessed The remaining essays examine French sports the use of leisure time the French style of eating and drinking and relations between men and women and their attitudes toward romantic love Each chapter provides up to date historical and bibliographic information that will enable the reader to pursue subjects of particular interest Written by an international group of specialists this handbook offers the benefits of broad coverage a variety of viewpoints and solid scholarship **A Pound of Paper** John Baxter,2025-09-23 In the rural Australia of the fifties where

John Baxter grew up reading books was disregarded with suspicion owning and collecting them with utter incomprehension Despite this by the age of eleven Baxter had collected his first book The Poems of Rupert Brooke He d read the volume often but now he had to own it This was the beginning of what would become a major collection and a lifelong obsession His book hunting would take him all over the world but his first real find was in London in 1978 when he spotted a rare copy of a Graham Greene children s book while browsing on a stall in Swiss Cottage It was going for 5 pence This would also

fortuitously be the day when he first encountered one of the legends of the book selling world Martin Stone At various times pothead international fugitive from justice and professional rock musician he would become John s mentor and friend In this brilliantly readable and funny book John Baxter brings us into contact with such literary greats as Graham Greene Kingsley Amis J G Ballard and Ray Bradbury But he also shows us how he penetrated the secret fraternity of runners or book scouts sleuths who use bluff and guile to hunt down their quarry and joined them in scouring junk shops markets auction rooms and private homes for rarities In the comic tradition of Clive James s Unreliable Memoirs A Pound of Paper describes how a boy from the bush came to be living in a Paris penthouse with a library worth millions It also explores the exploding market in first editions What treasures are lying unnoticed in your garage

Guide to British Prose Fiction Explication Lynn Beene,1997 **Graham Greene** ,1957 **Bradshaw's illustrated hand-book for travellers in Belgium, on the Rhine, and through portions of Rhenish Prussia** George Bradshaw,1853 **Scrutiny** ,1949 **Scrutiny** Lionel Charles Knights, Frank Raymond Leavis,1949 The Spectator ,1904 A weekly review of politics literature theology and art
