## Rock City Barns A Passing Era:

Rock City Barns David B. Jenkins, 1996      *See Rock City* Tim Hollis, 2009-05-01 Around two hundred million years ago geological forces produced an expansive grove of rocky caverns and outcroppings atop Lookout Mountain It was not until the twentieth century however that this awe inspiring citadel evolved into a nationally recognized tourist attraction when Garnet Carter and his wife Frieda developed the natural marvel into the Rock City Gardens we know today an enchanted tribute to fairytales and a breathtaking homage to nature Join Rock City expert Tim Hollis as he guides you through the origins of the site s most fascinating spots including Fairyland Caverns See Seven States and Lover s Leap Also learn the story behind the world famous See Rock City marketing campaign as well as the steep challenges the landmark has faced in an often volatile tourism industry Perhaps the only aspect of Rock City more enchanting than its physical beauty is the fairytale story that surrounds it      *Within the Ribbons & Out of the Loop* Shirley Kahn Friedman, 2019-11-07 Set against the shifting tides of the 20th century American South Shirley Kahn Friedman narrates *Within the Ribbons Out of the Loop* through a spirited range of one page autobiographical vignettes First published as articles the following collection contemplates an array of topics pertaining to Southern tradition and social grace to lifelong marriage and the family unit not to mention the nights gone by and the days yet to come Beginning in her hometown of Pelham Kahn Friedman s vignettes march across the campus greens of the University of Georgia down the concrete streets of New York City if only to return to the Empire State of the South among the kaolin clay of Sandersville Georgia The result is a generational love letter to the power of the written word not only in telling the story of a life well lived but also in honoring the beloved memories that made its every second count
